*Re: Complaint concerning the use of public resources
Public Monies Investigation No. PM2023-018*

Dear Representative Livingston,

The purpose of this letter is to address a complaint pursuant to A.R.S. § 16-192 that you submitted to our Office via letter on June 14, 2023 (the "Complaint"), enclosed as **Exhibit A**. Upon receiving the Complaint, we opened an investigation under the above-referenced number and have carefully investigated this matter. We have reviewed the documents included with and referenced in the Complaint along with documents received from Governor Hobbs's office, enclosed as **Exhibit B**, and the Katie Hobbs Inaugural Fund, a 501(c)(4) organization (the "KHIF"), enclosed as **Exhibit C**. We also met with representatives of the Governor's Office and the KHIF, and interviewed a former employee of Elect Katie Hobbs, Governor Hobbs's 2022 campaign committee (the "Hobbs Campaign"). Based on all information collected and reviewed during this investigation, including documentation showing the transfer of certain funds to the State Promotional Fund, we were unable to identify any violations of A.R.S. § 16-192 for the reasons set forth below.

I. Factual Background.

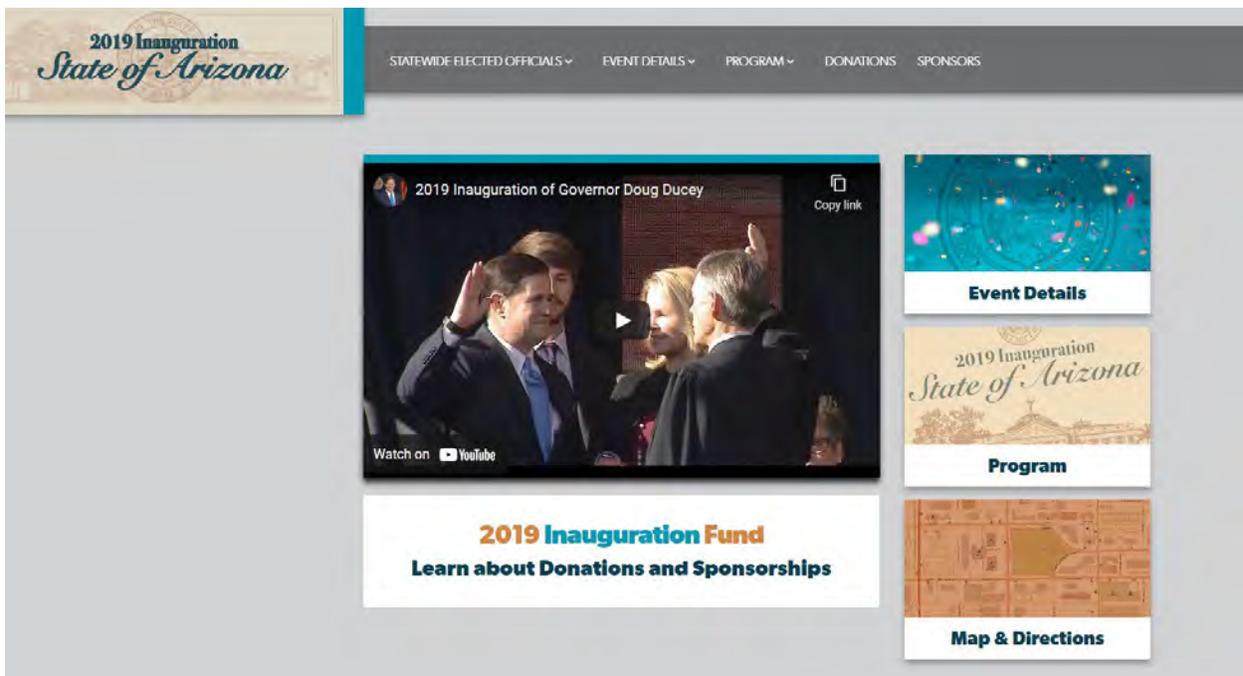

Arizona held a general election on November 8, 2022, during which Arizona voters chose Katie Hobbs as Arizona's next Governor. The results of the November 2022 election were certified on December 5, 2022 by Governor Doug Ducey, Secretary of State Katie Hobbs, Attorney General Mark Brnovich, and Chief Justice Robert Brutinel of the Arizona Supreme Court. After the election results were certified, Kari Lake, the Republican gubernatorial nominee for the November 2022 election, filed a lawsuit purporting to challenge the certified results. That lawsuit is now on appeal for the second time.

Katie Hobbs was sworn in as Arizona's 24th Governor on January 2, 2023. A public

inauguration ceremony took place on January 5, 2023 on the Arizona Capitol Mall (the “Ceremony”). A private inaugural ball, hosted by the KHIF, took place on January 7, 2023 at Talking Stick Resort (the “Ball”).

On or around November 30, 2022, an employee of the Hobbs Campaign contacted members of Governor Ducey’s staff about setting up a website for the 2023 Inauguration. Ex. B at 164. A meeting between staffers from the Hobbs Campaign and employees from Governor Ducey’s office took place on December 2, 2022. *Id.* at 40, 198, 200. Following that meeting, members of Governor Ducey’s staff began taking steps to create a website for the 2023 Inauguration. *Id.* A member of Governor Ducey’s staff first reached out to the Arizona Department of Administration (“ADOA”) regarding the domain name, asking ADOA to reserve azinauguration.gov. *Id.* at 188. ADOA responded that State policy is to use “third-level domains of az.gov” and suggested “inauguration.az.gov” (the “2023 Website”). *Id.* at 186. The Hobbs Campaign agreed, and Governor Ducey’s staff went about securing the domain. *Id.* at 41. Governor Ducey’s webmaster then started to build the Website. *Id.* at 40. On December 5, 2022, the Hobbs Campaign emailed the Governor’s webmaster and stated, “We have decided to use EventBrite for our inauguration ticket sales and would love to get that embedded onto the site.” *Id.* at 200. The webmaster responded that she was familiar with EventBrite and asked the Hobbs campaign to send the “embed code,” which was sent later that day. *Id.*

It appears that Governor Ducey’s webmaster used Governor Ducey’s 2019 Inauguration website (the “2019 Website”) as a template for the Website. The landing page for the 2019 Website (<https://2019azinauguration.az.gov>) contained links to information about event details, the inauguration program, directions, and the “2019 Inauguration Fund.”

The link titled “2019 Inauguration Fund” directed website visitors to a page titled “Donations,” which solicited two types of donations. First, it directed individual donors to the

State Inauguration Fund. Second, it directed corporate donors to contact Kelly Molique or Corinne Lovas and provided email addresses for both.

The image is a screenshot of a website page titled "Donations" for the "2019 Inauguration Fund". The page has a light gray background with a teal header bar at the top. On the right side, there is a vertical navigation menu with buttons for "Statewide Elected Officials", "Event Details", "Program", "Donations" (which is highlighted in teal), and "Sponsors". Below the "Donations" button is a small "Donations" link. At the bottom right of the menu area, there is a "Tweet to @AZInaugural2019 Tweets by AZInaugural2019" button.

Ms. Molique and Ms. Lovas appear to be affiliated with Lovas Co., LLC, a vendor that performed work for Ducey for Governor and Arizonans for Strong Leadership, a political action committee associated with Governor Ducey. It is unclear from our review of the archived version of the 2019 Website where Ms. Molique or Ms. Lovas directed corporate donors to give money.

Governor Ducey’s webmaster sent a draft version of the inauguration website to the Hobbs Campaign on December 11, 2022. *Id.* at 52-53. Over the next three days, the Hobbs Campaign and Governor Ducey’s webmaster exchanged emails regarding edits to the 2023 Website. *Id.* The Website went live on December 14, 2022. *Id.* at 50-52. That same day, the Hobbs Campaign asked Governor Ducey’s webmaster to “Cut all the sponsorship levels on the Inaugural Fund page and just keep ‘If you are interested in sponsoring or donating to the 2023 inauguration, please contact Rose Huerta at Rose@KatieHobbs.org.’” *Id.* at 50.

Much like the 2019 Website, the landing page for the live version of the Website contained links to pages with information about event details, the inauguration program, directions, and the “2023 Katie Hobbs Inauguration Fund.”

The link titled “2023 Katie Hobbs Inauguration Fund” directed 2023 Website visitors to a page (the “Donation Page”) that, in turn, directed those interested in donating to contact Rose Huerta at Rose@KatieHobbs.org, consistent with the direction provided to Governor Ducey’s webmaster by the Hobbs Campaign. *Id.* at 50.

Inaugural Fund

If you are interested in sponsoring or donating to the 2023 inauguration, please contact Rose Huerta at Rose@KatieHobbs.org.

As part of our investigation, we interviewed Rose Huerta. Ms. Huerta was the Finance Director for the Hobbs Campaign. She was employed by the Hobbs Campaign until approximately February 2023. Ms. Huerta was not at any time an employee of the State of Arizona. According to Ms. Huerta, she was responsible for corresponding with prospective donors about the 2023 Inauguration. Ms. Huerta indicated that she fielded emails from potential donors and provided instructions to each prospective donor based on where the donor wished to give money.

We asked Ms. Huerta if she tracked the number of donors or prospective donors who contacted her based on the 2023 Website, and she stated that she did not because she did not have any way to know how any prospective donor obtained her email address. Based on Ms. Huerta's understanding, the 2023 Website was not the only method by which her email address was disseminated to prospective donors. For example, Governor-Elect Hobbs sent emails directly connecting donors with Ms. Huerta. *See, e.g.*, Ex. C at 100.

Ms. Huerta stated that she was responsible for providing donors with information about options for donating to support the inauguration. Donors had two options: donating to a state-owned account (the "Promotional Fund") or to the KHIF. Monies donated to the Promotional Fund were used to pay for expenses related to the Ceremony. Ms. Huerta indicated that she sent donors a document titled "2023 Inauguration Sponsorships," *id.* at 109, which outlined various levels of sponsorship. Each sponsorship level came with certain benefits such as tickets to the Ball, reserved seating and parking at the Ceremony, recognition in the Inaugural Program, and copies of the Inaugural Program signed by Governor Hobbs. *Id.* Ms. Huerta said that it was her understanding that the sponsorship levels applied to both donations to the Promotional Fund and to the KHIF. Ms. Huerta indicated that Hobbs Campaign staff processed tickets to the Ceremony and the Ball using EventBrite for donors who gave at one of the sponsorship levels.

When a donor indicated they were interested in giving to the Promotional Fund, Ms. Huerta stated that she would send required forms, such as the donor intent form, and then would connect the donor with staff in the Governor's accounting office who would process the payment¹. For

¹ Donations to the Promotional Fund were processed by the Governor's accounting office. Some were processed during the final days of the Ducey administration, and others were processed during the initial weeks of the Hobbs administration. Although donations to the Promotional Fund straddled the two administrations, we note that the change in administration does not appear to

those donors who were interested in giving to the KHIF, Ms. Huerta provided a sheet with instructions for making a donation via mail, electronically via the ActBlue fundraising platform, or via wire transfer. *Id.* at 111. Ms. Huerta indicated that other than providing directions for making payments, she was not involved in collecting or processing any donations to the KHIF. Further, she stated, to her knowledge, the 2023 Website was not configured to accept donations to the KHIF. The 2023 Website did not in fact process any donations on behalf of the KHIF. Additionally, the 2023 Website did not link directly to any website controlled by or associated with the KHIF. Ms. Huerta stated that, to her knowledge, no State employee assisted with soliciting or processing donations for the KHIF. She reiterated that she would connect donors who expressed interest in giving to the Promotional Fund with the Governor’s accounting office, and that she would assist with obtaining donor intent forms. The Hobbs Campaign voluntarily produced emails between Ms. Huerta, prospective donors, and the Governor’s accounting staff regarding donations to the Promotional Fund. We also received from the Governor’s office emails regarding donations to the Promotional Fund. Our review of these emails revealed only one instance of the Governor’s office staff interacting with a donation meant for the KHIF. On or about February 7, 2023, the Governor’s office received a check for \$50,000 from United Healthcare that was meant for the KHIF. *Ex. B* at 1046. Although the Governor’s accounting staff initially believed that the check was intended for the Promotional Fund, the check was not deposited into the Promotional Fund because it was not accompanied by the required donor intent form. *Id.* at 1048. Accordingly, upon learning of the error, the Governor’s accounting staff forwarded the check to the KHIF. We found no other evidence of any State employee interacting with the KHIF in any capacity.

Consistent with the instructions from the Hobbs Campaign, the 2023 Website contained two EventBrite links—one that allowed users to obtain a free ticket to the Ceremony and one that allowed users to buy tickets to the Ball. *Id.* at 301. Proceeds from the sale of tickets to the Ball went into an account owned by the Arizona Democratic Party (“ADP”). According to EventBrite records obtained during our investigation, *see Ex. C* at 235-287, 53 people used the 2023 Website to buy a ticket to the Ball resulting in a net deposit of \$7,950 into the ADP-owned account.² *Id.* at 235-237. We also obtained records showing that, after we started our investigation, ADP transferred that entire sum (\$7,950) from the aforementioned account into the State Promotional Fund. *Id.* at 288.

Finally, during our investigation, representatives of the KHIF stated that the KHIF had retained the Elias Law Group to perform compliance-related legal work for the KHIF. We received a redacted copy of an engagement letter between the KHIF and the Elias Law Group showing that the Elias Law Group represented the KHIF with respect to “nonprofit tax matters.” *Id.* at 84-86. We also received a sworn declaration from a member of the KHIF’s Board of Directors stating that no monies belonging to the KHIF were used to pay any invoices for legal work performed on behalf of Governor-Elect/Governor Hobbs in the *Lake v. Hobbs* litigation. *Id.* at 289.

have resulted in any staffing changes in the Governor’s accounting office during the relevant time period.

² The tickets processed through the 2023 Website are those with the tracking link “echckt.” *Ex. C* at 235-37. Each ticket was sold for \$150. *Id.*

II. Legal Standard

A. Legislative history of § 16-192 and related statutes.

A.R.S. § 16-192 is the newest addition to a group of statutes that govern the use of public resources for purposes of influencing elections. *See* A.R.S. § 9-500.14 (addressing the use of city or town resources to influence elections); § 11-410 (addressing the use of county resources to influence elections); § 15-511 (addressing the use of school district or charter school resources to influence elections); § 15-1408 (addressing the use of community college district resources to influence elections); § 15-1633 (addressing the use of university resources to influence elections); § 16-192 (addressing the use of state or special district resources to influence an election) (collectively the “Public Resource Election Statutes”).

Most of the Public Resource Election Statutes, specifically § 9-500.14, § 11-410, § 15-511, and § 15-1408, were enacted in 1996 with the passage of Senate Bill 1247. *See* S.B. 1247, 42nd Leg., 2d Reg. Sess. (Ariz. 1996). The initial versions of these statutes were substantially similar. *See id.* Each provided that the relevant public entity “shall not use its personnel, equipment, materials, buildings or other resources for the purpose of influencing the outcomes of elections.” *Id.* Section 15-1633 was added in 2005 via Senate Bill 1207. S.B. 1207, 47th Leg., 1st Reg. Sess. (Ariz. 2005). The language of § 15-1633 differed slightly from its sister statutes, providing that a “person acting on behalf of a university or a person who aids another person acting on behalf of a university shall not use university personnel, equipment, materials, buildings or other resources for the purpose of influencing the outcomes of elections.” *Id.*

Section 16-192 was originally adopted in 1998. S.B. 1110, 43rd Leg., 2d Reg. Sess. (Ariz. 1998). The original version of the statute covered only “special district resources” and provided that a “special taxing district shall not use its personnel, equipment, materials, buildings, or other resources for the purpose of influencing the outcome of an election.” *Id.* That version of § 16-192 was repealed and replaced in 2013 as part of House Bill 2156, which also amended all the other Public Resource Election Statutes. *See* H.B. 2156, 51st Leg., 1st Reg. Sess. (Ariz. 2013).

HB 2156 made several changes to the Public Resource Election Statutes. First, it expanded the list of public resources covered, providing that the relevant public entities “shall not *spend or use its resources, including the use of or expenditure of monies, accounts, credit, facilities, vehicles, postage, telecommunications, computer hardware and software, webpages*, personnel, equipment, buildings or *any other thing of value . . .* for the purpose of influencing the outcomes of elections.” *Id.* (added language italicized). As to both § 9-500.14 and § 11-410, HB 2156 added enforcement authority, providing that “the attorney general or the county attorney of the county in which the alleged violation occurred may initiate a suit” in superior court “for the purpose of complying with this section,” and that the court may impose certain civil penalties against a person “who knowingly violates or aids another person in violating” the statute. H.B. 2156, 51st Leg., 1st Reg. Sess. (Ariz. 2013); § 9-500.14(E), (F); § 11-410 (E), (F). HB 2156 also amended all of the Public Resource Election Statutes, to specifically define “influencing the outcomes of elections” to mean:

supporting or opposing a candidate for nomination or election to public office or the recall of a public officer or supporting or opposing a ballot measure, question or proposition, including any bond, budget or override election and supporting or opposing the circulation of a petition for the recall of a public officer or a petition for a ballot measure, question or proposition in any manner that is not impartial or neutral.

H.B. 2156, 51st Leg., 1st Reg. Sess. (Ariz. 2013). Rather than amending § 16-192, HB 2156 repealed the statute and replaced it with new text. *Id.* The new text shared some similarities with the rest of the Public Resource Election Statutes, but it was also notably different in some ways. Section 16-192 provides that:

this state and special taxing districts and any public agency, department, board, commission, council or authority shall not *spend or use public resources to influence an election*, including the use or expenditure of monies, accounts, credit, materials, equipment, buildings, facilities, vehicles, postage, telecommunications, computer hardware and software, web pages and personnel and any other thing of value of the public entity.

A.R.S. § 16-192(A) (emphasis added). Whereas the other Public Resource Election Statutes restrict certain public entities from spending or using resources “for the purpose of influencing the outcomes of elections,” section 16-192 provides that the State and other public entities cannot “spend or use public resources to *influence an election*.” Compare § 16-192(A) (emphasis added) with § 9-500.14(A); § 11-410 (A); § 15-511(A); § 15-1408 (A); § 15-633(A). HB 2156 also added a specific definition of “[i]nfluence an election”:

supporting or opposing a candidate for nomination or election to public office or the recall of a public officer or supporting or opposing a ballot measure, question or proposition, including any bond, budget, or override election and supporting or opposing the circulation of a petition for the recall of a public officer or a petition for a ballot measure, question or proposition in any manner that is not impartial or neutral.

H.B. 2156, 51st Leg., 1st Reg. Sess. (Ariz. 2013). The definition of “influence an election” is similar to the definition of “influence the outcomes of elections” that was added to the other Public Resource Election Statutes by HB 2156. *See id.*

HB 2156 also added penalty and enforcement provisions to § 16-192 that were similar to those added to § 9-500.14 and § 11-410. H.B. 2156, 51st Leg., 1st Reg. Sess. (Ariz. 2013). Under § 16-192, a person or public entity that knowingly violates the statute or knowingly aids another in violating the statute “is liable for a civil penalty of not more than five thousand dollars for each violation.” § 16-192 (E). “The court may also order the person or public entity in violation to pay an additional penalty that equals the value of the public resources unlawfully used.” *Id.* (F).

B. Prior interpretation of the Public Resource Election Statutes.

In 2015, this Office considered the scope of the Public Resource Election Statutes in a published Attorney General Opinion. Ariz. Op. Atty. Gen. No. I15-002, 2015 WL 4719005 (July 30, 2015) (the “Opinion”). Although the Opinion answered a question about A.R.S. § 11-410, our Office made clear that “[b]ecause the operative language in that section is repeated elsewhere,” the Opinion’s analysis “applies equally to the same language as found in” the other Public Resource Election Statutes. I15-002 at *3 n.2.

The Opinion is instructive for our analysis in this matter. There, our Office was presented with two questions: (1) “[w]hen do the restrictions on the use of public resources ‘for purposes of influencing the outcomes of elections’ arise with regard to a ballot measure?” and (2) “[w]hat conduct or communications does the prohibition in A.R.S. § 11-410 preclude?” I15-002 at *1.

Our Office first looked at how “influencing the outcome of elections” had previously been interpreted. I15-002 at *1 (citing Ariz. Op. Atty. Gen. No. I00-020). In a 2000 Attorney General Opinion, our Office concluded that “whether something has the purpose of influencing an election should be generally an objective test,” and provided guidance as to certain conduct that would not be prohibited by the Public Resource Election Statutes, such as speaking out individually regarding ballot measures, preparing and distributing election information required by statute, etc. *Id.* (citing I00-020).

Then, in 2002, the Court of Appeals issued an opinion interpreting § 9-500.14. The court concluded that “an actor would not be found to violate the prohibition unless the communication at issue ‘unambiguously urges a person to vote in a particular manner.’” I15-002 at *2 (citing *Kromko v. City of Tucson*, 202 Ariz. 499, 503 ¶ 10 (App. 2002)). The court also held that § 9-500.14 did not expressly require that government communications about an election be impartial. *Kromko*, 202 Ariz. at 502.

The 2015 Opinion then discussed how the legislature adopted HB 2156 in 2013 and added a “statutory definition of ‘influencing the outcomes of elections’” that was “lacking at the time of the *Kromko* decision.” I15-002 at *2. The Opinion next examined when “temporally ... these prohibitions arise” with respect to ballot measures and concluded that § 11-410’s “prohibitions arise upon the filing of an application for a serial number for a ballot initiative or referendum.” *Id.* at *3. Our Office reasoned that aligning “the statutory prohibition with [an] objectively identifiable date is consistent with Arizona’s election laws generally, which typically tie election-related prohibitions and duties to objectively identifiable dates and times,” and that a “contrary rule would cause unnecessary ambiguity and potentially chill the otherwise permissible conduct or speech of elected officials and public employees.” *Id.*

Next, the Opinion examined the conduct or communications precluded by § 11-410. Our Office reasoned that the adoption of HB 2156 “effectively rejected the *Kromko* ‘unambiguously urge’ test as the only measure of influencing the outcome of elections” but noted that the legislature “did not clearly articulate its preferred alternative to that test.” *Id.* at *4. Because we cannot “read a statute in a way that would render a portion superfluous or ineffective,” our Office concluded that any test “must incorporate all elements of the definition” of “influencing the outcomes of elections” adopted by the legislature in 2013. *Id.*

Our Office then articulated a two-part test for determining whether particular conduct or communications are prohibited by the Public Resource Election Statutes: (1) “was there a use of public resources?” and (2) “if so, were the public resources used for the purpose of influencing the outcomes of elections?” *Id.* First, we noted that a “violation of the statutory prohibitions must ... involve the use or expenditure of a public resource that has value.” *Id.* “The use of either an elected official’s title or other incidental uses of the attributes of office also is not a use of public resources for purpose of the statutory prohibition.” *Id.* at *5.

If a public resource was indeed used, our Office concluded that the analysis of whether a public resource was used for the purpose of influencing an election is an objective one that “necessarily involve[s] a fact-specific, case-by-case evaluation.” *Id.* at *6. The “Legislature intended the prohibition on the use of public resources” to apply to uses of public resources that “unambiguously urge the electorate to vote in a particular matter,” or “support or oppose” a ballot measure or candidate by “presenting [] information in any manner that is not impartial or neutral.” *Id.*

Our Office also adopted an objective two-prong test to determine whether a use of public resources is for the purpose of influencing an election. The test looks to (1) “whether the use of public resources has the purpose of supporting or opposing” a ballot measure or candidate, and (2) “whether the use of public resources involves dissemination of information in a manner that is not impartial or neutral.” *Id.* at *7. “If the use of public resources unambiguously urges voters to vote for or against” a candidate or ballot measure, then it will violate § 16-192. *Id.* If “a reasonable person could not find that the use of public resources supports or opposes” a candidate or ballot measure, then it will not violate § 16-192. *Id.* “If a reasonable person could conclude that the use of public resources supports or opposes” a candidate or ballot measure “but reasonable minds could differ,” then “the test will require closer examination of whether the use of public resources disseminates information in a manner that is not impartial or neutral.” *Id.* “If an analysis of the manner of the use of public resources reveals that it engages in advocacy, misleads, or uses rhetorical strategy, the use of public resources will violate [§ 16-192] because (1) a reasonable person could find that the use [of public resources] supports or opposes” a candidate or ballot measure, and “(2) it is not impartial or neutral.” *Id.*

Our Office then noted that any assessment under the Public Resource Election Statutes “must account for the delicate balance between the prohibition on the improper use of public resources to influence elections and the need for public officials and employees to carry out their public functions.” *Id.* “If a reasonable person could find that the use of public resources supports or opposes” a candidate or ballot measure, “we assess whether it is done in a neutral or impartial manner by examining whether it is: (1) free of advocacy; (2) free of misleading tendencies, including amplification, omission, or fallacy; and (3) free of partisan coloring.” *Id.*

The Opinion went on to list some examples in an effort to provide further clarification. “Routine uses of public resources made in the normal course of government functions would be presumed not to run afoul of the statutory prohibitions unless additional evidence demonstrates the use of resources was for the purpose of influencing an election.” *Id.* at *8. “[R]outine communications are presumed to be permissible; but that presumption may be rebutted by evidence that the communication meaningfully deviated from the routine in a manner that objectively indicated it had the purpose of influencing an election in violation of statutory prohibitions.” *Id.*

This lengthy examination of the history of § 16-192 and the other Public Resource Election Statutes is helpful to frame our analysis of the questions raised by the Complaint.

III. Analysis.

As set forth above, the first step in the objective test set forth in the Opinion is to determine whether there was a use of public resources. I15-002, at *4. The Complaint identifies several possible public resources at issue: (1) the 2023 Website, (2) the time and effort of State employees to build and maintain the 2023 Website, (3) monies donated to the Promotional Fund and spend on the Ceremony, and (4) the time and effort of State employees to set up and tear down the Ceremony. The Complaint does not appear to assert that monies donated to the Promotional Fund or the time and effort of ADOA employees in setting up the Ceremony were used to influence an election. The Complaint does allege that Governor Hobbs’s use of the 2023 Website violated § 16-192.

For purposes of our analysis, we presume that the creation of a public website to disseminate information about the inauguration of state officials, without more, is a routine use of public resources made in the normal course of government functions. I15-002 at * 8. A violation of § 16-192 could occur where an inauguration website created using public resources, as a whole or in part, “deviate[s] from the routine in a manner than objectively indicate[s] that it had the purpose of influencing an election.” *Id.* at * 8. The majority of the content on the 2023 Website neither appears to deviate from a routine use of public resources nor could be reasonably interpreted as an attempt to influence an election. However, we identified two components of the 2023 Website that require further analysis: (1) the EventBrite link, and (2) the Donation Page. We therefore analyze whether those components of the 2023 Website, and the time and effort of State employees to build and maintain them “deviated from the routine in a manner that objectively indicated that it had the purpose of influencing an election in violation of” § 16-192. *Id.* at * 8.

A. EventBrite link

i. Did the EventBrite links deviate from the routine use of public resources?

In order to determine whether the use of EventBrite links “deviated from the routine” use of public resources, we looked to previous inauguration websites for context. We were able to review materials related to one other inauguration, the 2019 inauguration. We asked Governor Hobbs’s Office to search for archived records related to other inauguration sites, but they were unable to locate any. Based on our review of the 2019 Website, it appears that two EventBrite links were used to provide tickets for the 2019 Inauguration ceremony—one link for “Invited Guests,” and one link for “Members of the Public.” The 2023 Website also included two EventBrite links. One link provided free tickets to the Ceremony. The second sold tickets to the Ball. The use of EventBrite to distribute free tickets to inaugural ceremonies appears to have been a routine use of public resources made in the normal course of government functions. The use of the 2023 Website to sell tickets for a private event, however, does appear to deviate from the routine use of public resources. We therefore analyze whether the use of EventBrite to sell tickets to a private event “objectively indicated it had the purpose of influencing an election in violation of statutory provisions.” *Id.* at * 8.

ii. Did the EventBrite link objectively indicate that it had the purpose of influencing an election?

The ticket link for the Ball stated “The Inaugural Ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below[.]” *See* 2023 Website, Inaugural Ball available at <https://web.archive.org/web/20230102002702/https://inauguration.az.gov/content/inaugural-ball>. We learned through our investigation that proceeds from ticket sales were deposited into an account controlled by ADP. However, the 2023 Website did not contain any information about what would happen to the proceeds from ticket sales. EventBrite records show that 53 tickets were purchased through the Website. As noted above, the ADP transferred the proceeds from those ticket sales to the Promotional Fund after the initiation of our investigation. Thus, there is no possibility that those funds could be used to influence a future election.

We also evaluated whether the words associated with the ticket link could have been interpreted to support Katie Hobbs’s election. They could not. The clear purpose of the website was to communicate information related to Governor Hobbs’s inauguration, not to support her candidacy in an election that had already concluded. Indeed, the words associated with the ticket link did not even mention the election, nor did they refer to it indirectly. They merely told a reader when the Ball would occur, how much tickets cost, and how to order tickets. In doing so, they did not influence the results of an already-concluded election.

In sum, although the inclusion of an EventBrite link selling tickets to a private inaugural ball does appear to deviate from the routine use of public resources in the normal course of ordinary government functions, we conclude that the EventBrite link for the Ball did not “objectively indicate that it had the purpose of influencing an election.” We also conclude that there is no

possibility that proceeds from those ticket sales could be used to influence a future election because the proceeds from all ticket sales processed by the 2023 Website have been transferred to the Promotional Fund.

B. Donation Page

We next analyze the inclusion of the Donation Page on the Website. The Complaint specifically identifies the following sentence from that page: “If you are interested in sponsoring or donating to the 2023 Inauguration, please contact Rose Huerta at Rose@KatieHobbs.org.” Ex. A at 1.

i. Did the Donation Page deviate from the routine use of public resources?

In particular with the 2019 inauguration in mind, the inclusion of the Donation Page here did not “meaningfully deviate[] from the routine.” I15-002 at * 8. As noted above, the 2019 Website included a “Donations” page soliciting both individual and corporate sponsorships for the 2019 inauguration. The 2019 Website also included contact information for two individuals associated with a consulting company that performed work for Governor Ducey’s 2018 re-election campaign and his PAC. Accordingly, the inclusion of a donation page and contact information for a private person associated with a governor or governor-elect’s campaign on their inauguration website, without more, does not appear to deviate from the normal course of government function.

We do note one difference between the 2019 Website’s donation page and the Donation Page. Unlike the private individuals listed on the 2019 Website, the domain name for Ms. Huerta’s email address belongs to Elect Katie Hobbs, which was Governor Hobbs’s 2022 candidate committee, making clear that Ms. Huerta is associated with the Hobbs Campaign. If Katie Hobbs were a candidate for Governor at the time that Rose Huerta’s email address was posted on the 2023 Website, that could perhaps be interpreted as supporting a candidate for election, but Katie Hobbs was not a candidate during the relevant time here.

ii. Did the Donation Page objectively indicate that it had the purpose of influencing an election?

As discussed above, we presume that the Public Resource Election Statutes, like other Arizona election laws, tie prohibitions to objectively identifiable dates and times. At the time Ms. Huerta’s email address was posted on the Donation Page (on or around December 14, 2022), Katie Hobbs was not a candidate for any office. She was the outgoing Secretary of State and the Governor-Elect. The Donation Page does not reference any election, so even assuming Governor Hobbs intends to seek re-election in 2026, no reasonable person could interpret the Donation Page (or any other part of the 2023 Website) as supporting or opposing the nomination or election of Katie Hobbs for Governor in 2026. The Donation Page (and the 2023 Website more broadly) also do not refer to a ballot measure, question or proposition, or a petition for the recall of a public officer or for a ballot measure, question, or proposition. Accordingly, we conclude that the Donation Page did not “objectively indicate[] it had the purpose of influencing an election.”

Given our conclusion that § 16-192’s prohibitions are tied to objectively identifiable dates and times, we also cannot conclude that the Website could have been used to “influence” the November 2022 election. Voting in the November 2022 election concluded at 7 pm on November 8, 2022. The Website did not go live until December 14, 2022. No information on the Website could have influenced the vote of any Arizona voter in the November 2022 election. Although Ms. Lake continues to pursue post-election litigation, the November 2022 gubernatorial election concluded at the very latest on December 5, 2022, when the results were certified. No reasonable person could have seen the Website on or after December 14, 2022 and concluded that it was urging them to support Katie Hobbs in the already-concluded November 2022 election. Indeed, it would have been impossible for any Arizona voter to view the Website on or after December 14, 2022 and then cast a vote in the November 2022 election.

The Complaint suggests that the KHIF may have paid legal fees on behalf of Katie Hobbs in her capacity as a litigant in the *Lake v. Hobbs* litigation. As noted above, the KHIF voluntarily produced evidence of an attorney-client relationship with the Elias Law Group related to “nonprofit tax matters” and provided a declaration from a member of its board of directors stating that the Fund did not pay any fees related to the *Lake v. Hobbs* litigation. Nothing on the 2023 Website referenced the *Lake v. Hobbs* case or encouraged visitors to give money to fund Governor-Elect Hobbs’s defense in the case. No reasonable person could have seen the 2023 Website and concluded that it was encouraging them to donate money to pay Katie Hobbs’s legal fees. Accordingly, to the extent that the Complaint suggests that the 2023 Website may have been used to influence the already-concluded November 2022 election on this basis, we conclude that it was not.

In sum, under the first prong of the objective two-part test set forth in the Opinion, we conclude that there was not a use of public resources as to the Donation Page because the creation of the 2023 Website was a routine use of public resources in the course of a normal government function—providing the public with information about the gubernatorial inauguration—and nothing about the Donation Page deviated from the routine in a manner that objectively indicated an intent to influence an election.

D. Potential future expenditures

The Complaint suggests that “[e]ven assuming your investigation reveals that no funds have *yet* been used to influence elections, it may be necessary to seek injunctive relief to determine who controls the remaining funds and to prohibit the Governor and/or any third parties from using those funds to influence elections in violation of A.R.S. § 16-192.” Ex. A at 3. As noted above, the 2023 Website processed some ticket sales for the Ball, and the proceeds of those sales were deposited into an account controlled by ADP. ADP has since transferred all money from those sales to the Promotional Fund. Ex. C at 288. There is therefore no possibility that any funds transferred to ADP via the Website will be used to influence a future election. Accordingly, no violation of § 16-192 has occurred or will occur as to these funds.

It is unclear how many people viewed the Donation Page of the 2023 Website, contacted Ms. Huerta, and then gave money to the KHIF. Neither Ms. Huerta nor the KHIF tracked that information or asked prospective donors how they heard about the KHIF. Unlike the ticket sales

for the Ball, though, no donation to the KHIF was processed using the 2023 Website. Aside from the check intended for the KHIF that was mistakenly sent to the Governor's Office, we found no evidence that any State employee interacted with any donation made to the KHIF. There is no allegation and no evidence that the KHIF has received any monies or other resources that belong to the State.

Because there is no evidence here that the KHIF has wrongfully received public resources, § 16-192 therefore does not authorize this Office to take any action against the Fund.

E. Future inaugurations

We note that the factual scenario set forth in the Complaint and this letter is unlikely to reoccur. The bill you introduced during this year's legislative session, Senate Bill 1299, which was signed into law, ensures that for future inaugurations, the Office of the Governor must post the names of entities that provide funding for *any* inaugural events along with (1) the name, address, and occupation of the chairperson and treasurer of the entity, (2) the name address and occupation of any individual or corporation who donates to the entity, and (3) an itemized list of the goods and services purchased by the entity for the inaugural ceremony. *See* A.R.S. § 41-1111. That bill will hopefully avoid future disputes over inauguration donations.

IV. Conclusion

After carefully investigating and analyzing this matter, we did not identify any instance in which the 2023 Website used public resources for the purpose of influencing an election. We have now concluded our investigation and consider this matter closed.

Re: *Complaint and Request for Investigation of Governor Hobbs' Use of State Resources to Influence Elections Pursuant to A.R.S. § 16-192*

Dear Attorney General Mayes:

I have reviewed your letter of May 3, 2023, declining my request for a legal opinion regarding whether A.R.S. § 16-192 (which prohibits the use of public resources to influence elections) allows a Governor-Elect to use a state-sponsored website to fundraise for entities that make expenditures to influence elections. In your letter, you stated that the material I submitted with my opinion request "shows that there are factual disputes regarding how certain funds are being used and/or how the recipient plans to use them" and that your office "declines to resolve disputed questions of fact" in a legal opinion.

To my knowledge, you have not undertaken an investigation of Governor Hobbs' conduct, even though your Office is empowered to investigate potential violations of Title 16. See A.R.S. § 16-192(D); A.R.S. § 16-1021.

Accordingly, I am submitting this formal Complaint and request that you exercise your statutory authority to fully investigate the facts and determine whether Governor Hobbs' political fundraising violated A.R.S. § 16-192.

As explained in my initial letter of March 6, 2023, Governor-Elect Hobbs used a state website, inauguration.az.gov, to purportedly raise money for an Inaugural Ceremony at the Capitol on January 5, 2023, and an Inaugural Ball at Talking Stick Resort on January 7, 2023. Prominently featured on the state website is a link stating "2023 Katie Hobbs Inauguration Fund" and "Learn more about contributions and sponsorships." That link leads to another webpage, which directed all individuals "interested in sponsoring or donating to the 2023 inauguration" to Hobbs' campaign staffer, Rose Huerta.

As relevant here, Governor-Elect Hobbs used the state website to fundraise for at least two entities: the Arizona Democratic Party (“ADP”) and the Katie Hobbs Inaugural Fund (“Inaugural Fund”), a 501(c)(4) entity.

I have enclosed the following materials in support of this Complaint:

- A. Inaugural Fund’s Accounting of Income and Expenses from 11/18/22 to 2/10/23
- B. Seven letters exchanged between me and Governor Hobbs’ Office and the Inaugural Fund (dated 2/13/23 (two letters), 2/16/23, 2/22/23, 3/1/23, 3/14/23, and 3/20/23)
- C. Emails between Ms. Huerta and employees of the Governor’s Office (dated 11/21/22, 2/6/23, 2/7/23, and 2/8/23)
- D. Arizona Court of Appeals’ Opinion in *Lake v. Hobbs, et al.*, No. 1 CA-CV 22-0779 & No. 1 CA-SA 22-0237 (2/16/23)

While it is unnecessary to repeat the contents of my March 6th letter, I incorporate the allegations therein and encourage your investigators to review my March 6th letter for additional context and background. I also summarized the findings of my legislative investigation to the Arizona House of Representatives’ Government Committee on March 29, 2023. See <https://www.azleg.gov/videoplayer/?eventID=2023031134> (starting at 1:20:10).

The enclosed documents show that the Inaugural Fund paid over \$17,000 to Elias Law Group, a law firm that represented Katie Hobbs in her capacity as the Contestee in the election contest filed by Kari Lake. See Exhibits A & D. It would be prudent for your investigators to request copies of Elias Law Group’s invoices spanning from November 2022 to present day. Those records should assist your Office in determining whether the Inaugural Fund paid those legal fees to fund a legitimate inaugural purpose, or instead to influence the Governor’s election after procuring those funds through the state website in violation of A.R.S. § 16-192.

Additionally, because Ms. Huerta was delegated the responsibility of “managing a lot of the fundraising,” see Exhibit C, she acted as a third-party vendor to the Governor-Elect and the Governor’s Office. Consequently, Ms. Huerta’s emails that have a substantial nexus to government activities—*i.e.*, managing, facilitating, and collecting donations, which the Inaugural Fund obtained through the state’s inauguration website—are subject to Arizona’s Public Records law. See *Fann v. Kemp*, Arizona Court of Appeals No. 1 CA-SA 21-0141, 2021 WL 3674157 (Aug. 19, 2021) (records that have “a substantial nexus to government activities” are “no less public records simply because they are in possession of a third party”).

As of February 16, 2023, the Inaugural Fund had a balance of over \$868,000. *See* Exhibit A. Yet the Inaugural Fund has stated it has no intention of providing “further information about future donors or future expenditures.” *See* Exhibit B. And to this day, the public has been left in the dark about the funds that the Governor-Elect raised for the ADP through the \$150/ticket sales for the Inaugural Ball advertised on the state website. *See* <https://inauguration.az.gov/content/inaugural-ball>; Exhibit B (March 1, 2023, letter from Governor Hobbs disclaiming possession of “any records regarding the account where proceeds from ticket sales for the Inaugural Ball were deposited”).

These lingering questions concerning the legality of the Governor’s unprecedented use of state resources must be promptly investigated. Even assuming your investigation reveals that no funds have *yet* been used to influence elections, it may be necessary to seek injunctive relief to determine who controls the remaining funds and to prohibit the Governor and/or any third parties from using those funds to influence elections in violation of A.R.S. § 16-192.

Finally, please note that S.B. 1299, which was signed into law and should take effect later this year, is no impediment to your investigation. Because S.B. 1299 requires all inaugural donations to be deposited directly into the state protocol account, it prohibits future Governors and Governors-Elect from unlawfully using state resources to engage in political fundraising under the guise of inauguration fundraising. However, S.B. 1299 does *not* have retroactive application and does not remedy past violations of A.R.S. § 16-192.

No one is above the law, including Governor Hobbs. Please confirm that you will promptly initiate an investigation of this Complaint, and do not hesitate to contact me if you have any questions.

I tracked changes in [the content doc](#) but the finance and comms team had two final edits so we can still give media a way to contact us and we need to cut the sponsorship amounts

- Keep the media information submenu item and page but cut the NGP embed form and swap in "For press inquiries about the Inauguration, please contact press@katiehobbs.org"
- Cut all the sponsorship levels on the Inaugural Fund page and just keep "If you are interested in sponsoring or donating to the 2023 inauguration, please contact Rose Huerta at Rose@KatieHobbs.org."

The requested updates are complete. Because we are so close to the go-live date, I moved all of the content from our dev environment to the live environment.

The URL for that is:

I will work with our vendor to move this site to a paid account and with ADOA to update the DNS to make inauguration.az.gov point to the URL above.

See you on the call in just a second.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve

your ticket, use the order form below:"

- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

Hey Heather! This looks really great. Responses to your notes below and a few edits!

- Instead of combining the Inaugural Ball and Inaugural Fund menu items - can we put "Inaugural Ball" as a subheader under "Event Details" and give "Inaugural Fund" its own top-level menu space?
- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions
- For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvan.com/xo5k58eOAKWvZa1kFaGkaw2> and I've added its embed code [here](#)
- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)
- Can we add a "Media Information" submenu item under Event Details? Content for that page is [here](#)

Please let me know if you have any questions about this or if it's easier to jump on a call to walk through!

Thanks so much,
Hannah

Hi Hannah,

I was just about to send you the link. I am still doing some fine tuning with the images but the structure is done and the content you provided has been added. You can view

the development site at the link below:

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Let me know what feedback & suggestions that you have and I will do my best to implement it.

Regarding the phone call, I am free anytime on Tuesday.

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than [azinauguration.gov](https://www.azinauguration.gov), they would like to know if [inauguration.az.gov](https://www.inauguration.az.gov) would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

Hey Heather! This looks really great. Responses to your notes below and a few edits!

- Instead of combining the Inaugural Ball and Inaugural Fund menu items - can we put "Inaugural Ball" as a subheader under "Event Details" and give "Inaugural Fund" its own top-level menu space?
- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions
- For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvan.com/xo5k58eOAKWvZa1kFaGkaw2> and I've added its embed code [here](#)
- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)
- Can we add a "Media Information" submenu item under Event Details? Content for that page is [here](#)

Please let me know if you have any questions about this or if it's easier to jump on a call to walk through!

Thanks so much,
Hannah

Hi Hannah,

I was just about to send you the link. I am still doing some fine tuning with the images but the structure is done and the content you provided has been added. You can view the development site at the link below:

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Let me know what feedback & suggestions that you have and I will do my best to implement it.

Regarding the phone call, I am free anytime on Tuesday.

Hi Hannah,

No worries.

I'm juggling a large project for homeland security alongside the inauguration site. If it's okay with you, it would be helpful to me if we could have that call on Monday.

If I work through the weekend, I should be able to include the Inauguration content you have provided thus far. So, if I don't send the site link by COB tomorrow, please look for it over the weekend.

Also, I wanted to see if you might have time for another call this week with myself and Murphy Hebert to talk about designing the layout for Governor-Elect Hobbs' Office of the Governor website? Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than [azinauguration.gov](https://www.azinauguration.gov), they would like to know if [inauguration.az.gov](https://www.inauguration.az.gov) would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

Did this go through CDWG? If so, we need their invoice. Pantheon probably sent this to CDWG so Chris should be sending an invoice to itinfo@az.gov.

You may want to ask Chris Anderson with CDWG to verify they received this invoice from Pantheon.

No worries! Liquid PC is the same as CDWG. They uses LiquidPC for their billing processing. If they received the same information then CDWG will get an invoice to the Gov Office relatively soon.

We've requested Pantheon to not include us on the emails to Liquid PC to limit confusion but I think it's an automated message.

That's a good point, Geoff. We have a PO in place for this invoice so we can go ahead and pay Pantheon directly this time and get back to the regular process going forward. CDW has the Statewide contract for these kinds of services but I'd say that we can argue that the dollar amount is small enough and the urgency of the situation compelled us to go this route as a one-time event. This should give us procurement justification to go off state contract. I'll put this email with the payment as documentation.

Thx

That depends on how it was processed. If the quote came directly from Pantheon and was processed directly through them then paying Pantheon works. If the quote was processed through CDWG (normal process) then we need to use the invoice for CDWG. I don't know how this was processed so I'm not too sure how we proceed. Look at vendor on PO & quote and that will give further information.

We've requested Pantheon to not include us on the emails to Liquid PC to limit confusion but I think it's an automated message.

You may want to ask Chris Anderson with CDWG to verify they received this invoice from Pantheon.

Liquid PC means CDWG was used so an invoice from them will come soon.

Heather, Do you have Chris Anderson's email address? If so, you can forward that invoice to him to ask if he could help expedite the process so an invoice is sent sooner.

Hi all! Great to be connected – my name's Hannah and I'm the Governor-Elect's Digital Director.

I'd love to touch base about building our inauguration site as soon as possible if folks are able to jump on a call tomorrow or Friday. Essentially we want to put all of the public inauguration information about time, theme, ways to engage and share, etc. in one place so I'd like to chat through where that would live and who could help us build it.

Please let me know if you're available to touch base sometime this week, thanks so much!

Attached is the signed order form for the Inauguration site.

Unfortunately, our Pantheon rep said that they cannot charge for part of the year for the site. So, the full year rate applies. John said that this will come out of the transition budget.

If there is anything else you need from me to get this in the system and to accounting, let me know.

Also...the site is already active. So, I am **not** waiting on payment to proceed with the site launch.

Hi Geoff,

I've been working with incoming staff (Murphy and Hannah) on web projects. The inauguration site launched today. We also had a meeting about the main site which is in progress. I haven't spoke to Allie directly but she was copied on the emails regarding the main website meeting.

Other than that, I don't know anything about spreadsheets and the other items you mentioned.

On Thu, Dec 15, 2022 at 5:41 PM Geoffrey Shoemaker <[mr.gshoe](#)> wrote:
Hi All,

I hope all is going well for all of you. I believe you may have already heard but I've been asked to be a technical consultant for the transition team. They asked me to assist with some things as they move in. I look forward to working with you again even for a short period of time. I hope to help with the IT needs as best as I can and get information relayed as best as possible. Since I have a full time job I will probably do most of my work in the evening but I'm here if I can help answer questions or give direction using my years of institutional knowledge. I'm guessing my comments below will not be accepted with open arms but this is not a personal attack and I'm just trying to help.

Communication: THIS HAS TO GET BETTER! I don't think I would have been asked to consult if this were happening in a better capacity. I stressed this to you when I was leaving that you have to communicate and be available to the new staff. Communication is always a key component with the IT office and especially with a new administration. I know there are a lot of moving parts but it's imperative for you to communicate with the staff (current & new) on a consistent basis as that smooths things over until the work is complete. The new executive staff does not know you, so make sure you communicate with them immediately. If you do not have contact information for the new Chief of Staff "Allie Bones" or anyone else with the transition team then I'd follow up with Ariel Gonzalez or John McCleve asap to get contact information. I would send an email to the team and to Allie to introduce yourself and let them know you are here for them for whatever they need. I recommend that you make this happen yesterday!

HR/Accounting: I spoke with Ariel, Jean and John. There are concerns about the way work is being done. I know HR and I had that new user/departure spreadsheet and I see you changed it up to make sense for you which is great. Please understand the main purpose of the spreadsheet is to keep active communication between you and HR and with so many users coming and going quickly, this is crucial communication! I've been told she is entering data into that sheet and has no idea if anyone has seen it or knows it's been updated so she is sending email"s" and not getting responses. The spreadsheet works well without a bunch of back and forth communication, so please have the notifications set to receive an email anytime the data is manipulated and then check to see what's new. As an FYI, the color coding was to easily see new/updated information at a glance. With the changes, you will now need to look a little closer at the information to see what's been done. To hopefully

help HR, I updated the legend with the changes. When you see something new please add "Viewed" in the "IT Status" so HR knows you saw the changes and are working on it. I also added information for the "Technology" field so please look at that as well. HR only needs to know if the user got the equipment and when a person turns it in when they leave. They do not need to know the type of tech, but only that it was deployed and/or received. As I mentioned, communication is key in this scenario and makes everyone's life easier. Please do your part to assist in that effort.

Setups: Are user setups the same? If so, I can assist with that remotely. If you'd like, You can add a device to the network and send me the name then I will help get the computers setup remotely. I won't be able to complete that during the day so rush setups will be on you but other new users I can log in during evening hours to assist in that effort. Please let me know how I can best help in this scenario.

Equipment: It's an understanding that you don't have enough equipment for new users. I was told not many are using the PCs in the transition room and people are wanting laptops, is this correct? If this is true, let's get new equipment ordered ASAP. I can assist in that area if this is a pain point, so please let me know what you need and I'll do what I can with CDWGs help to get the ball rolling.

Billing: Do you need any assistance with getting billing items for backup purposes? I know there are a lot of monthly billing responsibilities so please let me know how I can help.

Heather, Do you have a good contact for the website? John mentioned he gave Allie Bones your contact information so I want to make sure they reached out and you have what you need to move forward with the new website for Governor Elect Hobbs. Let me know how I can assist!

Shane, My VPN is not working. Can you please reset my password or get me set up with an account again so I can log in. If my old PC is not on, can you please turn it on for me again?

I will be in communication with you either by email or text so please respond to me so I can help with this transition. Let me know the gaps and the issues in your way and I will do what I can to help you move forward.

Thank you! If you got to this point, sorry for the long email! I do really look forward to working with you again. I'll be in touch!

Hi Shane - There is currently no cost for additional domains as DOTGOV.gov has waived the annual \$400 registration fee. That said, State policy is to only issue third-level domains of [az.gov](#) (e.g. [inauguration.az.gov](#)) and not to create any new second level domain names (e.g. [azinaguration.gov](#)). We are endeavoring to comply with a Federal directive to avoid the creation of new second-level .GOV domains and streamline the management of State owned domain names. For all the new sites we've been deploying, we have been using the third-level name-space <site-name>.[AZ.GOV](#). This approach is reflected in our current Domain Naming Standard (https://aset.az.gov/sites/default/files/S1310%20-%20Domain%20Naming%20Standard_1.pdf).

We can offer the [inaguration.az.gov](#) third-level domain name at no cost, quick turnaround, and covered by our wildcard SSL certificate. Would this be an acceptable option for the new administration?

That said, there may be a reason why a new domain name is preferred or a subdomain can't be used. If that is the case, please provide me with the requested information below and we will get the request submitted and name created. Please understand that new .gov domain names come with an administrative burden on our end to manage. So we are hesitant to make exceptions to the state standard by creating new domain names.

This approach is reflected in our current Domain Naming Standard (https://aset.az.gov/sites/default/files/S1310%20-%20Domain%20Naming%20Standard_1.pdf).

We can offer the [inaguration.az.gov](#) third-level domain name at no cost, quick turnaround, and covered by our wildcard SSL certificate. Would this be an acceptable option for the new administration?

That said, there may be a reason why a new domain name is preferred or a subdomain can't be used. If that is the case, please provide me with the requested information below and we will get the request submitted and name created. Please understand that new .gov domain names come with an administrative burden on our end to manage. So we are hesitant to make exceptions to the state standard by creating new domain names.

Date: Friday, December 2, 2022 2:24:35 PM

Camille,

We have a question about launching a new website in the Office of the Governor pantheon account. We're still learning the process after Geoff's departure.

Arizona just had statewide elections and we need to create an inauguration website for the Governor's office. The site will likely receive a lot of traffic. However, it will only be live for a few months (less than a full quarter).

I know the technical side of creating and building the site out using the platform. What is unclear is the process to add this site to our account? Is there an immediate cost or will it get added to our next PO?

If you could let us know the process, that would be great.

Thanks for your help!

We are endeavoring to comply with a Federal directive to avoid the creation of new second-level .GOV domains and streamline the management of State owned domain names. For all the new sites we've been deploying, we have been using the third-level name-space <site-name>.[AZ.GOV](#). This approach is reflected in our current Domain Naming Standard (https://aset.az.gov/sites/default/files/S1310%20-%20Domain%20Naming%20Standard_1.pdf).

We can offer the [inaguration.az.gov](#) third-level domain name at no cost, quick turnaround, and covered by our wildcard SSL certificate. Would this be an acceptable option for the new administration?

That said, there may be a reason why a new domain name is preferred or a subdomain can't be used. If that is the case, please provide me with the requested information below and we will get the request submitted and name created. Please understand that new .gov domain names come with an administrative burden on our end to manage. So we are hesitant to make exceptions to the state standard by creating new domain names.

IN THE SUPERIOR COURT OF THE STATE OF ARIZONA
IN AND FOR THE COUNTY OF NAVAJO

JUDGE: DALE NIELSON

DIVISION: III

ISSUED BY: K. LERMA

DATE: JUNE 19, 2023

WILLIAM TERRANCE PLATT and MARIA B. PLATT,

Plaintiff,

vs.

JASON MOORE, IN HIS OFFICIAL CAPACITY AS DEPUTY NAVAJO COUNTY ATTORNEY;
BRAD CARLYON, IN HIS OFFICIAL CAPACITY AS NAVAJO COUNTY ATTORNEY,

Defendants.

Case No. S0900CV20160038

UNDER ADVISEMENT RULING

The Court has before it for ruling Plaintiff's Motion for Summary Judgment and Defendant State of Arizona as Intervenor and Defendant's Moore and Carlyon's Cross Motions for Summary Judgment. The Court heard oral argument on May 23, 2023. After consideration of the motions, exhibits and arguments of counsel the Court submits the following ruling. Counsel for the parties agreed that there are no disputed facts.

UNCONTESTED FACTS:

In April 2016, Terry and Ria Platt loaned their car to their adult son for an extended road trip from Washington to Florida and back. On his return trip to Washington, their son was pulled over on westbound 1-40 near Holbrook by a Department of Public Safety trooper for an alleged window tint violation. The trooper issued a "fix-it ticket" and then further detained the son to use a drug-sniffing dog. Following a dog alert, the trooper searched the car and found \$31,780 in U.S. currency and personal use marijuana and drug paraphernalia. The following day the trooper identified Terry and Ria Platt as the car's owners. He relayed that information to Defendant Jason Moore, a Deputy County Attorney for Navajo County and the "asset forfeiture attorney" at the Navajo County Attorney's Office. The Navajo County Attorney Office is Defendant Brad Carlyon.

Moore told the trooper to seize the car for forfeiture on behalf of the Navajo County Drug Task Force. Moore later filed a Notice of Pending Forfeiture on May 23, 2016, in Navajo County Superior Court. The Notice stated that the Navajo County Attorney's Office and the Task Force intended to forfeit the car. As was permitted by A.R.S. § 13-4309(1), Moore made uncontested forfeiture available.

Plaintiffs responded by mailing a document that was received June 28, 2016, by Moore and, although not entitled a petition for remission, was treated as such. Plaintiffs' submittal, however, was not statutorily compliant pursuant to §§ 13-4311(E) and (F) in that it was not executed under penalty of perjury. Pursuant to state law, Moore noted the deficiencies that were fatal to the sufficiency of Plaintiffs' submittal. Following the procedures set forth in A.R.S. § 13-4309(3), on July 5, 2016, Moore filed an Application for Forfeiture in superior court seeking a judicial order for forfeiture of the Plaintiffs' vehicle. Moore's Application alleged that Plaintiffs had not filed a statutorily compliant petition for remission. (DSOF 41-55). In connection with seeking the judicial order for forfeiture, Moore's Application to the Superior Court stated that "correspondence was received by [the NCAO] from [Plaintiffs]," but represented "that [the] correspondence did not meet the legal requirements for a Claim or Petition for Remission and was legally null and void ... pursuant to [Ariz. Rev. Stat.] § 13- 4 4311(E) & (F), as well as 13-4309(2). Moore provided Plaintiffs notice of the application by mailing it to them on July 6, 2016. On August 10, 2016, Plaintiffs filed a claim in superior court to contest the proposed forfeiture in a judicial forfeiture proceeding. When Moore moved to strike Plaintiffs' August 10, 2016 claim, Plaintiffs obtained counsel and filed an opposition to the motion to strike in the Superior Court. Moore later filed a "Declaration of Partial Remission and Withdrawal of Motion to Strike and Application and Order of Forfeiture as to William and Maria Platt," with the Superior Court Judge. The vehicle was formally released to the Plaintiffs on October 19, 2016, and on November 8, 2016, the Navajo County Superior Court entered a notice stating that it was "ordered dismissing any current, or future, claim in forfeiture as to the 2012 Volkswagen Jetta." The case was over; and no forfeiture had ever been ordered.

Law and Analysis:

This case has been pending for many years after litigation in the Federal Courts. All claims have been dismissed except that the Ninth Circuit found that there was a possible claim pursuant to the Arizona Constitution art. II, § 4 (Arizona's due process clause) alleging that Navajo County Attorney Brad Carlyon and Deputy County Attorney Jason Moore were forfeiture case "adjudicators" who were "biased as to the subject forfeiture by a pecuniary interest as to in rem forfeitures. Art. II, § 4 states that "no person shall be deprived of life, liberty, or property without due process of law." Plaintiff's are seeking a ruling that their constitutional rights were violated and are asking for nominal damages of one dollar against Moore and Carlyon.

Deputy County Attorney Moore followed the notice requirements of A.R.S.13-1407. After receiving the notice the Plaintiff's failed to comply with A.R.S. 13-4311(E) by filing an unverified claim. For purposes of this ruling the court finds that Plaintiff's claim was timely filed.

In the Matter of \$70,269.91 (Bensons), 172 Ariz. 15 (App. 1991) is dispositive on this issue.:

To contest a forfeiture action, one must be a party to the action and have standing. See State v. Five Thousand Five Hundred Dollars in U.S. Currency, Ariz. , 817 P.2d 960 (App. 1991). In a civil forfeiture action, one acquires standing by alleging an interest in the property. See United States v. Fifteen 8 Thousand Five Hundred Dollars, 558 F.2d 1359, 1360 (9th Cir. 1977). Under Arizona statutes, an owner or interest holder in property subject to forfeiture alleges an interest by filing a claim against the property. A.R.S. § 13-4311.D. The claim must include the elements set forth in A.R.S. § 13-4311.E. Once the owner or interest holder files a proper claim, he becomes a "claimant" and is entitled to a hearing to adjudicate the validity of his interest. A.R.S. § 13-4311.D and J. Id. at 19-20. Ownership claims in forfeiture actions must satisfy two primary substantive concerns.

First, the claimant must claim and verify a specific property interest. See *Baker v. United States*, 722 F.2d 517, 519 (9th Cir. 1983). The claim must be verified on oath or solemn affirmation because "the danger of false claims in these cases is substantial." *Id.*; *United States v. US. Currency In the Amount of \$ 103,387.27*, 863 F.2d at 559. Second, the claimant must properly and timely file the claim to notify the government and the court "that the claimant is entitled, by virtue of his sworn claim to the property, to join the action and be heard." *United States v. US. Currency in the Amount of \$ 2,857.00*, 754 F.2d 208, 213 (7th Cir. 19 1985).

Plaintiff's argument is that the Deputy County Attorney became an independent arbiter when he adjudicated the legal sufficiency of the Platts' objection to their attempted forfeiture, while simultaneously prosecuting the forfeiture and stood to institutionally benefit financially from the forfeiture. The Court, however, is persuaded that despite Plaintiffs' failure to submit a conforming petition for remission or mitigation pursuant to A.R.S. §§13-4309 and 13-4311(E), they obtained counsel, filed an opposition to the state's counsel position in the Superior Court, and that, based on the state's withdrawal of their claim to the vehicle, obtained the relief they sought. In short, they not only had notice of the forfeiture, but were afforded the opportunity to present their side to a judicial body before any forfeiture order was entered. Not only did Plaintiffs receive judicial due process, they got their car back.

The Court finds that the Defendants acted as prosecutors. The statutes authorize only a Judge to determine and adjudicate forfeiture of property. The forfeiture statutes are replete with provisions whereby a Judge must adjudicate the proceedings. See A.R.S. §§ 13-4309(2), 13-4309(3)(c), 13-4309(3)(d), 13-4309(4), 13-4309(6)(a), and 13-4314(A). State attorneys have no authority to make these decisions and, therefore, cannot be found to have made any decisions for financial gain.

The Court is also persuaded Moore and Carlyon have absolute immunity because they were acting in their official capacities. "Prosecutors are generally immune from civil liability for actions taken in their official capacities." *State v. Superior Court (Ford)*, 186 Ariz. 294, 297 (App. 1996) (emphasis added). This immunity is absolute when the prosecutor acts within the scope of his or her authority and in a quasi-judicial capacity. *Id.*, citing *Gobel v. Maricopa County*, 867 F.2d 1201, 1203 (9th Cir.1989). The prosecutor's "scope of authority includes those activities with some connection to the general matters committed to the prosecutor's control or supervision. *Id.* "Quasi-judicial activities are those that are intimately associated with the judicial process. *Id.* In Arizona, "[a]bsolute prosecutorial immunity is not limited to criminal prosecutions, but extends to civil enforcement proceedings, as well." *Id.* citing *Butz v. Economou*, 438 U.S. 478, 516-17 12 13 (1978); *Challenge, Inc. v. State*, 138 Ariz. 200, nt. 1 (App.1983); (finding prosecutors absolutely immune from claims relating to their acts and alleged misrepresentations in civil enforcement proceedings and the prior filing of a baseless suit). Arizona law provides absolute prosecutorial immunity to those working in their official capacities as prosecutors or state's attorneys in civil actions that bear an association with criminal matters, and to the public entities they work for.

The Court, therefore, finds that:

1. Arizona's statutes serve an important government purpose and contain adequate protections to ensure property is not taken without due process.
2. County Defendants pursuant to statute filed and provided Plaintiffs with a Notice of Pending Forfeiture making uncontested proceedings available or judicial proceedings available in the first instance, at Plaintiffs' election, thus providing notice and an opportunity to be heard. The filing of the Notice of Pending Forfeiture brought all matters under the jurisdiction of the superior court and assigned judge. The Notice of Pending Forfeiture expressly provided notice of the subject matter and statutes governing the matter and the specific requirements for Plaintiffs to enter and contest the matter.

3. Plaintiffs' elected to submit a Petition. The Petition was substantively defective on its face as to verification. This act and omission by Plaintiffs resulted in a lack of perfecting entry into uncontested proceedings, lack of party status, lack of standing to contest the forfeiture proceedings, and obviation of further Uncontested forfeiture proceedings. No adjudication by County Defendants was necessary or occurred.
4. County Defendants followed a statutory mandate to file an application for order of forfeiture for a judicial adjudication thereof and provided notice and opportunity to be heard to Plaintiffs by providing them with the application and proposed order. County Defendants did not and by statute could not adjudicate forfeiture. Plaintiffs in fact obtained judicial review by filing an opposition and claim. All matters became subject to adjudication by the judge. Plaintiffs' vehicle was subsequently released, no forfeiture of property occurred, and Plaintiffs were not denied due process.
5. Plaintiffs have not established by the applicable standard of proof that the forfeiture statutes inherently or on their face operate a due process violation through an inherent bias or profit motivation by virtue of recovered funds being allocated to law enforcement agencies and state attorney offices.
6. Plaintiffs have not established by the applicable standard of proof that the actual acts and enforcement of statutes by County Defendants operated a due process violation through a personal or cognizable bias or profit motivation by virtue of forfeiting property, recovering funds, and allocating funds to law enforcement and state attorney offices, including de minimis amounts received by the NCAO.
7. Plaintiffs did not file a notice of claim prior to this action, have not established County Defendants hold no immunity for their acts, and have not established that they are entitled to their requested relief of damages. County Defendants have established their defenses and that Plaintiffs are not entitled to damages.
8. Plaintiffs' motion for summary judgment is denied; State and County Defendants' cross-motions for summary judgment are granted.

Any guidance you can provide is helpful.

Hi all! Great to be connected – my name's Hannah and I'm the Governor-Elect's Digital Director.

I'd love to touch base about building our inauguration site as soon as possible if folks are able to jump on a call tomorrow or Friday. Essentially we want to put all of the public inauguration information about time, theme, ways to engage and share, etc. in one place so I'd like to chat through where that would live and who could help us build it.

Please let me know if you're available to touch base sometime this week, thanks so much!

We will pay from the transition budget, you should be good to proceed.

Hi John,

I have an email into our Pantheon rep to find out if there is an immediate cost to host the inauguration site or if they will add it to the next PO. The site will be hosted for less than a full quarter. I will know more on cost when she replies.

The cost of the .gov domain is \$400 for the year.

We aren't sure how to proceed. Specially, who authorizes these expenditures and if it's okay to move forward.

Any guidance you can provide is helpful.

For inauguration, then we build new contents to replace the existing azgovernor.gov website. For inauguration, we need to register a new domain, azinauguration.gov, and because this is a new website. Heather is going to find out from our existing website vendor, Pantheon, if there is any additional cost involved since this is for only two month or they may waive the service cost since we have been a long time customer. Just want to let keep you in the loop and will share the any costs that's involved.

Hi Hannah,

I'm working at getting the site created and ready for content. I expect to have it ready for content by weeks end or by Monday am at the very latest.

Hi Heather!

Hope you had great weekend. We have decided to use EventBrite for our inauguration ticket sales and would love to get that embedded onto the site. Have you worked with embedding that onto a web page before? Let me know if I can send over any of the help/how to docs they sent over, or if it would. just be easiest to paste the embed code into the word doc I shared.

Thanks,

Thanks so much,

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than azinauguration.gov, they would like to know if inauguration.az.gov would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

Hi Hannah,

No worries.

I'm juggling a large project for homeland security alongside the inauguration site. If it's okay with you, it would be helpful to me if we could have that call on Monday.

If I work through the weekend, I should be able to include the Inauguration content you have provided thus far. So, if I don't send the site link by COB tomorrow, please look for it over the weekend.

Also, I wanted to see if you might have time for another call this week with myself and Murphy Hebert to talk about designing the layout for Governor-Elect Hobbs' Office of the Governor website? Hi Hannah,

I was just about to send you the link. I am still doing some fine tuning with the images but the structure is done and the content you provided has been added. You can view the development site at the link below:

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Let me know what feedback & suggestions that you have and I will do my best to implement it.

Regarding the phone call, I am free anytime on Tuesday.

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than azinauguration.gov, they would like to know if inauguration.az.gov would work.

Let me know and our team will get that created.

Hey Heather! This looks really great. Responses to your notes below and a few edits!

- Instead of combining the Inaugural Ball and Inaugural Fund menu items - can we put "Inaugural Ball" as a subheader under "Event Details" and give "Inaugural Fund" its own top-level menu space?
- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions
- For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvvan.com/xo5k58eOAKWvZa1kFaGkaw2> and I've added its embed code [here](#)
- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)
- Can we add a "Media Information" submenu item under Event Details? Content for that page is [here](#)

Please let me know if you have any questions about this or if it's easier to jump on a call to walk through!

Thanks so much,
Hannah

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Got it. I reviewed your comments and I think everything is doable.

The only question will be the aspect ratio of the logo. I will try both and see.

For the front page images, the size should be at least 1024 pixels wide.

I will let you know when the updates are completed. I should be able to get everything done no later than Wednesday morning.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc ([here](#)) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than azinauguration.gov, they would like to know if inauguration.az.gov would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#)) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than azinauguration.gov, they would like to know if inauguration.az.gov would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Hannah,

The requested updates are complete. Because we are so close to the go-live date, I moved all of the content from our dev environment to the live environment.

The URL for that is:

<https://live-az-inauguration.pantheonsite.io>

I will work with our vendor to move this site to a paid account and with ADOA to update the DNS to make [inauguration.az.gov](https://live-az-inauguration.pantheonsite.io) point to the URL above.

See you on the call in just a second.

Hope you had great weekend. We have decided to use EventBrite for our inauguration ticket sales and would love to get that embedded onto the site. Have you worked with embedding that onto a web page before? Let me know if I can send over any of the help/how to docs they sent over, or if it would. just be easiest to paste the embed code into the word doc I shared.

Thanks,
Hannah

Great chatting with you earlier today. Inauguration.az.gov definitely works and I've started a [Google doc](#) and [drive folder](#) with content, structure, and assets. These are both works in progress and we will continue adding over the weekend!

Thanks so much,

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than azinauguration.gov, they would like to know if inauguration.az.gov would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#)) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the

- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Hope you had great weekend. We have decided to use EventBrite for our inauguration ticket sales and would love to get that embedded onto the site. Have you worked with embedding that onto a web page before? Let me know if I can send over any of the help/how to docs they sent over, or if it would. just be easiest to paste the embed code into the word doc I shared.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"

- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#)) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about

- getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions

- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than azinauguration.gov, they would like to know if inauguration.az.gov would work.

Let me know and our team will get that created.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

- Instead of combining the Inaugural Ball and Inaugural Fund menu items - can we put "Inaugural Ball" as a subheader under "Event Details" and give "Inaugural Fund" its own top-level menu space?
- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we

- can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
 - I've started compiling banner images [here](#)
 - Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
 - I've started compiling home page images [here](#) - please let me know if you have specific dimensions
 - For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvan.com/xo5k58eOAKWvZa1kFaGkaw2> and I've added its embed code [here](#)
 - Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
 - I added Inaugural Committee page info [here](#)
 - Can we add a "Media Information" submenu item under Event Details? Content for that page is [here](#)

Please let me know if you have any questions about this or if it's easier to jump on a call to walk through!

Hi Hannah,

I was just about to send you the link. I am still doing some fine tuning with the images but the structure is done and the content you provided has been added. You can view the development site at the link below:

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Let me know what feedback & suggestions that you have and I will do my best to implement it.

- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

- Instead of combining the Inaugural Ball and Inaugural Fund menu items - can we put "Inaugural Ball" as a subheader under "Event Details" and give "Inaugural Fund" its own top-level menu space?
- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions
- For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvan.com/xo5k58eOAKWvZa1kFaGkaw2> and I've added its embed code [here](#)
- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for

I will work with our vendor to move this site to a paid account and with ADOA to update the DNS to make [inauguration.az.gov](https://www.inauguration.az.gov) point to the URL above.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions
- For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvan.com/xo5k58eOAKWvZa1kFaGkaw2> and I've added its embed code [here](#)
- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)
- Can we add a "Media Information" submenu item under Event Details? Content for that page is [here](#)

Please let me know if you have any questions about this or if it's easier to jump on a call to walk through!

I was just about to send you the link. I am still doing some fine tuning with the images but the structure is done and the content you provided has been added. You can view the development site at the link below:

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.

- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Let me know what feedback & suggestions that you have and I will do my best to implement it.

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than [azinauguration.gov](https://www.azinauguration.gov), they would like to know if [inauguration.az.gov](https://www.inauguration.az.gov) would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

No worries.

I'm juggling a large project for homeland security alongside the inauguration site. If it's okay with you, it would be helpful to me if we could have that call on Monday.

If I work through the weekend, I should be able to include the Inauguration content you have provided thus far. So, if I don't send the site link by COB tomorrow, please look for it over the weekend.

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than [azinauguration.gov](https://www.azinauguration.gov), they would like to know if [inauguration.az.gov](https://www.inauguration.az.gov) would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

Hey Heather! This looks really great. Responses to your notes below and a few edits!

- Instead of combining the Inaugural Ball and Inaugural Fund menu items - can we put "Inaugural Ball" as a subheader under "Event Details" and give "Inaugural Fund" its own top-level menu space?
- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions
- For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvan.com/xo5k58eOAKWvZalkFaGkaw2> and I've added its embed code [here](#)
- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)
- Can we add a "Media Information" submenu item under Event Details? Content for that page is [here](#)

Please let me know if you have any questions about this or if it's easier to jump on a call to walk through!

Hi Hannah,

I was just about to send you the link. I am still doing some fine tuning with the images but the structure is done and the content you provided has been added. You can view the development site at the link below:

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.

- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Let me know what feedback & suggestions that you have and I will do my best to implement it.

Regarding the phone call, I am free anytime on Tuesday.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)

On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?

- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than azinauguration.gov, they would like to know if inauguration.az.gov would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than [azinauguration.gov](https://www.azinauguration.gov), they would like to know if [inauguration.az.gov](https://www.inauguration.az.gov) would work.

Let me know and our team will get that created.

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?
- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

Hey Heather! This looks really great. Responses to your notes below and a few edits!

- Instead of combining the Inaugural Ball and Inaugural Fund menu items - can we put "Inaugural Ball" as a subheader under "Event Details" and give "Inaugural Fund" its own top-level menu space?
- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions
- For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvan.com/xo5k58eOAKWvZalkFaGkaw2> and I've added its embed code [here](#)
- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)
- Can we add a "Media Information" submenu item under Event Details? Content for that page is [here](#)

Please let me know if you have any questions about this or if it's easier to jump on a call to walk through!

Hi Hannah,

I was just about to send you the link. I am still doing some fine tuning with the images but the structure is done and the content you provided has been added. You can view the development site at the link below:

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be

livestreamed - I saw an email come through about IT assistance with that setup.

- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Let me know what feedback & suggestions that you have and I will do my best to implement it.

Regarding the phone call, I am free anytime on Tuesday.

Ack ok I'm so sorry but here is final edits to the site from the team (feel free to give me a call at [REDACTED] if any of this is confusing and you have questions). I tracked changes in [the content doc](#) but the finance and comms team had two final edits so we can still give media a way to contact us and we need to cut the sponsorship amounts

- Keep the media information submenu item and page but cut the NGP embed form and swap in "For press inquiries about the Inauguration, please contact press@katiehobbs.org"
- Cut all the sponsorship levels on the Inaugural Fund page and just keep "If you are interested in sponsoring or donating to the 2023 inauguration, please contact Rose Huerta at Rose@KatieHobbs.org."

Thanks so much, Heather! This looks really fabulous and just a few more updates from the rest of the team below

- On the event program: since we still have a lot of details and planning to finalize, can we just remove the program and say "Event Program to be released at a later date. Sign up for Inauguration Updates below to get notified!"
- Turns out we are not collecting bios for non-statewide officials participating in the program so can we delete the Event Program sub menu items and pages: Master of Ceremonies, Army Band, Presenting of Colors, Musicians, Speakers
- We added more sponsor names that we don't have logos for to the Google Doc [here](#) - can we add text with their names to the sponsors page
- We will have new parking maps soon and should find out from ADOA today about the timeline for those revised versions. So can we just delete everything on that page for the moment?
- Can we move the Eventbrite embed currently under tickets to the Inaugural Ball section and add this language above "The Inaugural ball is being held on Saturday, January 7th, 2023 and tickets are available for \$150 each. To reserve your ticket, use the order form below:"
- Then on the Tickets page once the Eventbrite embed is removed, please add the following text: "Tickets for the Inauguration Swearing In Ceremony will be available at a later date. Sign up for Inauguration Updates below to get notified when tickets are released." (I've added the swearing in Eventbrite embed code [here](#) but let's hold on adding it for right now)
- On statewide elected officials: can we make Katie on the top on her own row

centered, and then Adrian and Kris on one line and Kimberly and Tom on the bottom line?

- On the "Event Details" page, it should be "2023 Inaugural Ceremony" not "2022 Inaugural Ceremony"

I think we would love to aim to get this live some time tomorrow if that timeline works on your end?

- Instead of combining the Inaugural Ball and Inaugural Fund menu items - can we put "Inaugural Ball" as a subheader under "Event Details" and give "Inaugural Fund" its own top-level menu space?
- Sponsors shouldn't have a submenu, should just be sponsors
- Donations, sponsorships, and Inaugural Fund are all the same thing so we can drop the donations page altogether and make the Inaugural Fund button link to the sponsorships page which I've revised [here](#)
- Swap the "Inaugural Fund" home page button in between "Sponsors" and "Inaugural Ball" for "Statewide Elected Officials" (there's the "2023 Katie Hobbs Inauguration Fund" button above so don't need it 2x)
- I've started compiling banner images [here](#)
- Yes we will be live streaming the inauguration and I will reach out about getting the YouTube URL set up with a placeholder image
- I've started compiling home page images [here](#) - please let me know if you have specific dimensions
- For the form in the footer of the page, we use NGP and this the URL I'd like to use <https://secure.ngpvan.com/xo5k58eOAKWvZalkFaGkaw2> and I've added its embed code [here](#)
- Can we swap the logo in the top corner with this white version and put it in the same line as the purple header bar so it doesn't stick out below? If this vertical version doesn't work let me know and I can send over a thinner horizontal version.
- I added Inaugural Committee page info [here](#)
- Can we add a "Media Information" submenu item under Event Details? Content for that page is [here](#)

Please let me know if you have any questions about this or if it's easier to jump on a call to walk through!

Hi Hannah,

I was just about to send you the link. I am still doing some fine tuning with the images but the structure is done and the content you provided has been added. You can view the development site at the link below:

<https://dev-az-inauguration.pantheonsite.io>

A couple of notes:

- I had to combine the Inaugural Ball and Inaugural Fund menu items. There were too many top-level menu items which were causing the menu to shift unpredictably depending upon screen resolution.
- Two of the menu sections have banners. The rest do not but I'm working on adding them. If you would like specific images, please send them over. The need to be at least 1940 x 460 pixels and hi-res.
- The placeholder YouTube video will be replaced with the livestream of the inauguration. So, I will need that link when it's ready. I assume it will be livestreamed - I saw an email come through about IT assistance with that setup.
- For the home page, please let me know if you have specific images you would like to use for the boxes.

A question:

- For the form in the footer of the page, how will you be collecting the emails for Inauguration updates? Ducey's comms staff uses MailChimp.

Let me know what feedback & suggestions that you have and I will do my best to implement it.

Regarding the phone call, I am free anytime on Tuesday.

Hi Hannah,

We got some direction regarding the inauguration website. The cost will come from the transition budget and we were given the greenlight to proceed.

Regarding the domain name, we consulted with ADOA who manages the .gov domain registrations for the state. We were advised that there is a federal directive to reduce the number of top-level .gov names.

Rather than [azinauguration.gov](https://www.azinauguration.gov), they would like to know if [inauguration.az.gov](https://www.inauguration.az.gov) would work.

Let me know and our team will get that created.

Regarding next steps, please feel free to begin sending over the content, site structure and creative assets for the site. In the meantime, I will spin up a new website and get the basic template structure in place so it is ready for content.

If you have any questions, let me know.

Let me see how Pantheon did this on their end. It looks like the quote is direct from Pantheon rather than CDWG so perhaps the automated billing has the wrong billing name and we would simply pay Pantheon instead. This is a little confusing but I will see how this is set up asap.

Heather, please send me the Pantheon contact information (Camille, I believe) so I can reach out to her to get this resolved.

Thank you
Geoff

Hey John,

Tell me your thoughts on this response.

Hi Cliff,

I spoke with John about the additional resources beyond the initial quote/expectation that were needed to get the websites ready for the inauguration. Please go ahead and bill for the extra resource days necessary at the daily rate as listed in the contract. Any possible consolidation of days as you mentioned is appreciated. Just to confirm, you mentioned between 10-13.5 additional days beyond the initial consultation fee. This would work out to about 4 people needed for 6 full days, I just want to make sure that was correct?

Regarding additional support for this week and next week, I spoke to Murphy and they are hoping to have your help with the few remaining changes until they can get a new person on staff. You mentioned in your last email that once we got past the New Year we could move to the standard rate and do the work on an hourly basis if the turn-around expectation wasn't the same day. Could you let us know what the turn-around would be to move to this more economical option?

Thank,
Travis

Some folks from the legal department informed me we need to post some public announcements of meetings tomorrow. Would it be possible to add a Public Announcement section to the News tab? Add it between Press Releases and EOs? It needs to be a place we can post the announcements but I think it could look like the rest of the pages.

Is this possible?

Please reach out if you have any questions. John, can you please let me know when a check is cut and mailed out? The sooner, the better, considering the circumstances.

No worries, here is the filled-out one.

Please let me know about the coverage for the site you'd like. I got emails from them last night where we made an urgent update around 11 pm last night I got a call from Hannah about logo that need to be updated on the Inauguration site

Understanding there is a need, we are working on them ASAP, knowing support is needed, but I need to know how to proceed so we can officially plan accordingly as a business.

Hi Murphy and Hannah,

I hope all is well. I just wanted to check in real quick and see what your expectations were going forward for Cliff's team that has been working on the websites. He said they are done with the pre-inauguration work but that there may be some additional updates in the shared spreadsheet. He is wanting to know if he should plan on and continue to make updates or if those are notes that will be handled down the road. We will also need to update the contract materials accordingly based on any additional work

thanks,

Hi John,

I have an email into our Pantheon rep to find out if there is an immediate cost to host the inauguration site or if they will add it to the next PO. The site will be hosted for less than a full quarter. I will know more on cost when she replies.

The cost of the .gov domain is \$400 for the year.

We aren't sure how to proceed. Specially, who authorizes these expenditures and if it's okay to move forward.

Any guidance you can provide is helpful.

Heather and I had a phone conference with Katie Hobbs Digital Director, Hannah Fisherman and Alaina Pemberton. They are requesting a new website for us to build

For inauguration, then we build new content to replace the existing azgovernor.gov website. For inauguration, we need to register a new domain, azinauguration.gov, and because this is a new website. Heather is going to find out from our existing website vendor, Pantheon, if there is any additional cost involved since this is for only two months or they may waive the service cost since we have been a long time customer. No worries, here is the filled-out one.
Please let me know about the coverage for the site you'd like. I got emails from them last night where we made an urgent update around 11 pm last night I got a call from Hannah about logos that need to be updated on the Inauguration site.

Understanding there is a need, we are working on them ASAP, knowing support is needed, but I need to know how to proceed so we can officially plan accordingly as a business.

Hi Cliff,

I spoke with John about the additional resources beyond the initial quote/expectation that were needed to get the websites ready for the inauguration. Please go ahead and bill for the extra resource days necessary at the daily rate as listed in the contract. Any possible consolidation of days as you mentioned is appreciated. Just to confirm, you mentioned between 10-13.5 additional days beyond the initial consultation fee. This would work out to about 4 people needed for 6 full days, I just want to make sure that was correct?

Regarding additional support for this week and next week, I spoke to Murphy and they are hoping to have your help with the few remaining changes until they can get a new person on staff. You mentioned in your last email that once we got past the New Year we could move to the standard rate and do the work on an hourly basis if the turn-around expectation wasn't the same day. Could you let us know what the turn-around would be to move to this more economical option?

thanks,
Travis

Is this possible?

Any thoughts?

On Monday, January 2, 2023, Clifford Almeida <cliff@hireawiz.com> wrote:

Hi Travis and John,

I will run things by you and let you decide what you feel is the best way to move forward.

I'm unsure how many more changes are needed and how urgent they are. If the comms team is willing to wait one business day, it gives us the bandwidth to handle other client projects and not work crazy hours; then I'd suggest we move to hourly, and I could do that at \$250/hr. With a commitment to a minimum of 2 billable hours a day, The drawback of hourly billing is that if we get lots of edits in a day, i.e., 6-8+ hours tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of changes, it's either more hands on deck or doesn't get the time-sensitive stuff done for a few days vs. same/next day.

HOBBS000551

We could also plan on a dedicated resource for this week and maybe half-time next week if it isn't used. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office needs.

[Here is a video of some of the edit](#) I recommend they focus on sooner than later too

So this all comes down to what type of changes they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meetings. Both changes we assume they want to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

Hi Travis and John,

I wanted to run a couple of things by you

1. I finished up a call with Ellen regarding creating a new section on the site for the State of the State. This was a follow up to an email we got a couple of hours ago about needing this setup. She said she ideally wants this done by tomorrow so she can run it by the admin or this weekend. We want to try to avoid working this weekend, so can you please approve an additional development resource so we have two for tomorrow to make this happen?
2. Ellen requested we have dedicated support Monday because of the State Of The State, so I'll please take note of that and confirm if that is approved.
3. I'll notify the people we are working with that if they have urgent edits to indicate that so we address them accordingly, if not, we will have them done by Monday. If we just have to work an hour or two, I'll do our minimum rate, but if I need to pull in someone for more work than that, we will do a full day rate. Please also confirm that is ok.

Thanks,
Cliff

Hi Cliff,

Sorry for the delayed response. Could we have one dedicated person for this week at the \$2k per day and then shift to hourly with the longer response time next week?

Let me know your thoughts.

Thanks,

Travis

Hi Travis and John,

I will run things by you and let you decide what you feel is the best way to move forward.

I'm unsure how many more changes are needed and how urgent they are. If the comms team is willing to wait one business day, it gives us the bandwidth to handle other client projects and not work crazy hours; then I'd suggest we move to hourly, and I could do that at \$250/hr. With a commitment to a minimum of 2 billable hours a day, the drawback of hourly billing is that if we get lots of edits in a day, i.e., 6-8+ hours tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of change, it's either more hands on deck or doesn't get the time-intensive stuff done for a few days vs. same/next day.

We could also plan on a dedicated resource for this week and maybe half time next week if it isn't used. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office need.

[Here is a video of some of the edits](#) I recommend they focus on sooner than later too.

So this all comes down to what type of changes they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meetings. Both changes we assume they want to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

Hi Cliff,

I spoke with John about the additional resources beyond the initial quote/expectation that were needed to get the websites ready for the inauguration. Please go ahead and bill for the extra resource days necessary at the daily rate as listed in the contract. Any possible consolidation of days as you mentioned is appreciated. Just to confirm, you mentioned between 10-13.5 additional days beyond the initial consultation fee. This would work out to about 4 people needed for 6 full days, I just want to make sure that was correct?

Regarding additional support for this week and next week, I spoke to Murphy and they are hoping to have your help with the few remaining changes until they can get a new person on staff. You mentioned in your last email that once we got past the New Year we could move to the standard rate and do the work on an hourly basis if the turn-around expectation wasn't the same day. Could you let us know what the turn-around would be to move to this more economical option?

thanks,

Travis

Some folks from the legal department informed me we need to post some public announcements of meetings tomorrow. Would it be possible to add a Public Announcement section to the News tab? Add it between Press Releases and EOs? It needs to be a place we can post the announcements but I think it could look like the rest of the pages.

Is this possible?

She said she ideally wants this done by tomorrow so she can run it by the admin or this weekend. We want to try to avoid working this weekend, so can you please approve an additional development resource so we have two for tomorrow to make this happen?
2. Ellen requested we have dedicated support Monday because of the State Of The State, so I'll please take note of that and confirm if that is approved.
3. I'll notify the people we are working with that if they have urgent edits to indicate that so we address them accordingly, if not, we will have them done by Monday. If we just have to work an hour or two, I'll do our minimum rate, but if I need to pull in someone for more work than that, we will do a full day rate. Please also confirm that is ok.

For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of changes, it's either more hands on deck or doesn't get the time-sensitive stuff done for a few days vs. same/next day.

We could also plan on a dedicated resource for this week and maybe half-time next week if it isn't used. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office needs.

[Here is a video of some of the edits](#) I recommend they focus on sooner than later too.

So this all comes down to what type of changes they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meetings. Both changes we assume they want the to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

Good afternoon,

I hope your week went well. Just a heads up, we haven't finished all the work in the queue and are still waiting on other edits from the communication team so that we will be working through the weekend.

I wanted to share the recap email I sent them a few mins ago so you are all in the loop in case someone asks you.

John/Travis — could you ask the comms team if they plan to keep us on for dev work past Monday so I can plan resources accordingly? If I know on Monday, that would be helpful if it isn't urgent work (same-day turnaround we could work on an hourly rate vs. daily to make it more economical. But if they need a timely turnaround, then we'd need to stick to the daily rate, which I don't believe is necessary from what I gather.

I hope you all have a nice weekend.

EMAIL TO THE COMMUNICATION GROUP

I hope you all are doing well. Please review a few important notes below:

- **Website Change Requests** We've made a lot more updates and have a few pending ones we will work on tomorrow. I've added comments and highlighted a few points in red for edits that require more info or your input to complete them. If you send us updates tonight, tomorrow or Sunday, we will work to get them done by Monday as best as possible. The most important of those are the content for the home page, fact check on the bio page, the point about the Governor Ducey page on education being replaced or deleted, and AMC "Message from the Gov" which are still pending.
- **MailChimp Integration:** We will be working on this tomorrow. Geoff is getting us the security Q&A for the new account shortly so we can log in and bypass the MFA security. We will use the form you approved. Please share an auto-reply message to subscribers if you'd like us to try to set that up.
- **Site Launch:** As mentioned by Hannah, we are scheduling the launch at 10 AM on Monday, January 2nd. We aren't sure how long the servers will take to finish the migration, but as soon as it is done, we will notify you all. Please email help@hireawiz.com if the time changes. Once it starts, it can't be stopped. We will back up the old version of this site.
- **Inauguration Stream:** As soon as you know the live link for the stream, email us so we can update the Inauguration site and new home page w/ the link.
- **Monday post-launch updates** Geoff mentioned the training went well, so we assume basic content updates are something you all will handle internally, but if you need help, please email help@hireawiz.com, and we will help promptly as possible.

Thanks, everyone, for your help and support. We are almost there. If you have any questions or need anything, please email us. If there is an emergency, please call my cell at [REDACTED]

You will get another update tomorrow.

Hi Murphy and Hannah,

I hope all is well. I just wanted to check in real quick and see what your expectations were going forward for Cliff's team that has been working on the websites. He said they are done with the pre-inauguration work but that there may be some additional updates in the shared spreadsheet. He is wanting to know if he should plan on and continue to make updates or if those are notes that will be handled down the road. We will also need to update the contract materials accordingly based on any additional work.

thanks,
Travis

Hi Travis and John,

I will run things by you and let you decide what you feel is the best way to move forward.

I'm unsure how many more changes are needed and how urgent they are. If the comms team is willing to wait one business day, it gives us the bandwidth to handle other client projects and not work crazy hours; then I'd suggest we move to hourly, and I could do that at \$250/hr. With a commitment to a minimum of 2 billable hours a day, The drawback of hourly billing is that if we get lots of edits in a day, i.e., 6-8+ hours tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of changes, it's either more hands on deck or doesn't get the time-sensitive stuff done for a few days vs. same/next day.

Hi Travis and John,

We've had a couple of urgent requests come in after 6 pm Monday, Tuesday, and Wednesday that we did between 6-11 pm on those evenings.

How would you like us to bill those out? Some edits were quick; others took longer. I was thinking to be fair, maybe run with the 2-hour minimum for those nights.

Any thoughts?

Important notes:

We are still awaiting content for the home page. We took the liberty of showing you what the home page would look like if you had just removed those sections. Check it out here <https://d.pr/1YYr20E>

RE The education site, the options are limited. We could disable the site, and it and all the pages would error out into a 404. We could put it into maintenance mode, and it would be a white screen with the ability to put a message like "This website is currently being updated. Sorry for any inconvenience. Please visit X site for more information."

We want to avoid making any changes on the development site tomorrow morning ahead of the launch, so please review all the updates on the new testing server <https://govpreview.com>, and let us know if you need any last-minute changes made. We hope to get them by late this afternoon if there are any.

MailChimp While logged in, click on the light blue Upgrade button at bottom left. You can use the slider to see the prices. For reference, the Ducey administration uses the "Standard" plan and the plan grows as the subscribers grow. If you have subscribers to import then you can start somewhere around that number or choose the best option. It's a monthly charge so each month the billing is monitored and the plan is adjusted accordingly. No matter how much you go over on any given month the account will still function and we will simply adjust as needed.

Let me know which plan you choose and the starting number and we'll work with Accounting to upgrade. That will also allow us to add individual users to the account so they can login with their own credentials as needed. Please let me know if you have any questions.

1 00pm sounds good to jump on a call to give you a rundown of the posting process.

Would you like them to remove that as well for now? That would probably be the fastest solution but if not, what "email marketing" site would you like them to point that sign-up to? The Ducey comms team preferred Mailchimp but there are others as well. Does the Hobbs administration have a site that is already being used?

If you'd like to provide directions vs. updated page content, I'd recommend using <https://www.vidyard.com/free-screen-record/> or <https://www.loom.com/> to record short videos and we can watch them and make the changes as necessary. Please try to get us this today if possible. We want to get as much of this done by today and if possible wrap it up by Friday so we don't have to work over the

Good afternoon,

I hope your week went well. Just a heads up, we haven't finished all the work in the queue and are still waiting on other edits from the communication team so that we will be working through the weekend.

I wanted to share the recap email I sent them a few mins ago so you are all in the loop in case someone asks you.

John/Travis — could you ask the comms team if they plan to keep us on for dev work past Monday so I can plan resources accordingly? If I know on Monday, that would be helpful if it isn't urgent work (same-day turnaround we could work on an hourly rate vs. daily to make it more economical. But if they need a timely turnaround, then we'd need to stick to the daily rate, which I don't believe is necessary from what I gather.

I hope you all have a nice weekend.

EMAIL TO THE COMMUNICATION GROUP

I hope you all are doing well. Please review a few important notes below:

- **Website Change Requests:** We've made a lot more updates and have a few pending ones we will work on tomorrow. I've added comments and highlighted a few points in red for edits that require more info or your input to complete them. If you send us updates tonight, tomorrow or Sunday, we will work to get them done by Monday as best as possible. The most important of those are the content for the home page, fact check on the bio page, the point about the Governor Ducey page on education being replaced or deleted, and AMC "Message from the Gov" which are still

pending.

- **MailChimp Integration:** We will be working on this tomorrow. Geoff is getting us the security Q&A for the new account shortly so we can log in and bypass the MFA security. We will use the form you approved. Please share an auto-reply message to subscribers if you'd like us to try to set that up.
- **Site Launch:** As mentioned by Hannah, we are scheduling the launch at 10 AM on Monday, January 2nd. We aren't sure how long the servers will take to finish the migration, but as soon as it is done, we will notify you all. Please email help@hireawiz.com if the time changes. Once it starts, it can't be stopped. We will back up the old version of this site.
- **Inauguration Stream:** As soon as you know the live link for the stream, email us so we can update the Inauguration site and new home page w/ the link.
- **Monday post-launch updates:** Geoff mentioned the training went well, so we assume basic content updates are something you all will handle internally, but if you need help, please email help@hireawiz.com, and we will help promptly as possible.

Thanks, everyone, for your help and support. We are almost there. If you have any questions or need anything, please email us. If there is an emergency, please call my cell at 623.521.1418.

You will get another update tomorrow.

Cliff

Let me see how Pantheon did this on their end. It looks like the quote is direct from Pantheon rather than CDWG so perhaps the automated billing has the wrong billing name and we would simply pay Pantheon instead. This is a little confusing but I will see how this is set up asap.

Heather, please send me the Pantheon contact information (Camille, I believe) so I can reach out to her to get this resolved.

Yes, that is the correct process. Pantheon is not a "contracted vendor" so they use CDWG for the quoting & billing process to meet procurement requirements. If a vendor does not have an actual contract number with the state then we ask that vendor to go through CDWG if possible. Some vendors won't work with the third-party billing but many times they will.

Camille, our Pantheon rep said she processed the quote like normal through CDWG but apparently something happened and CDWG was not responsive adding to the confusion.

Can one of you please send that original Pantheon quote to Chris Anderson at CDWG and ask him to verify/follow-up with Pantheon and provide a CDWG quote? I know the work was already completed on Pantheon's end so you may want to copy Camille on the email so they are aware of the issue. That way Camille and Chris can work together.

You can copy me in on the email as well so I can clarify anything as needed.

Thank you,
Geoff

On Thu, Dec 22, 2022 at 9:56 AM Lloyd Erskine <lberskine@az.gov> wrote:

Hi Geoff,

I created the PO sheet and forwarded it to Heather. She attached it and sent it to John and Jean so I'm not sure where it went after that. Either way we didn't receive a quote from CDWG in the itinfo concerning this. The only Pantheon quote I see in the itinfo from pantheon was the \$22,451.79 for pantheon renewal so this probably never went to CDWG.

So if I'm reading this correctly the original quote from Pantheon that was sent to Heather needs to be sent to Chris a CDWG to create a quote and then when he sends that quote back to itinfo then create a PO on that quote, have it signed by John and Jean, then send that back to Chris to convert it to an order.

Is that correct?

Thanks,
Lloyd

On Wed, Dec 21, 2022 at 11:12 PM Geoffrey Shoemaker [REDACTED] wrote:

Hi guys,

We have a bit of an issue with this PO. Pantheon goes through CDWG for the quoting and billing process. This PO should be made out to CDWG and not Pantheon so can we get this fixed. Do you know if this PO was sent to CDWG or directly to Pantheon? That will determine how it needs to be redone.

In a nutshell, Pantheon sends their quote to CDWG and then they process that through their system and send over a CDWG quote. That quote is then used on our end and not the Pantheon quote. The PO is made out to CDWG. CDWG would receive the approved PO to process accordingly and then send over an invoice to be paid after all is complete.

Unfortunately the current quote can't be used like this as this quote is actually meant for CDWG and not us. The billing contract is between those vendors so we can't pay Pantheon directly.

Please check the itinfo mailbox for a quote from CDWG for this new pantheon account. If that CDWG quote is there, then adjust the PO with the correct vendor and quote and resend it to John and Jean for approval like before.

If the approved PO was sent to CDWG then they would have processed like normal and all that needs to be done is sending the PO for the approval signatures with the correct information. Once you get the CDWG invoice then all will be good to go.

But...if the approved PO was sent directly to Pantheon then CDWG was bypassed which causes a bit of an issue regarding billing. Please send that new approved PO to CDWG so they can process like normal and then send over a CDWG invoice for payment.

Make sense? Please let me know if you need clarification to this matter.

Thank you!
Geoff

Yes, that is the correct process. Pantheon is not a "contracted vendor" so they use CDWG for the quoting & billing process to meet procurement requirements. If a vendor does not have an actual contract number with the state then we ask that vendor to go through CDWG if possible. Some vendors won't work with the third-party billing but many times they will.

Camille, our Pantheon rep said she processed the quote like normal through CDWG but apparently something happened and CDWG was not responsive adding to the confusion.

Can one of you please send that original Pantheon quote to Chris Anderson at CDWG and ask him to verify/follow-up with Pantheon and provide a CDWG quote? I know the work was already completed on Pantheon's end so you may want to copy Camille on the email so they are aware of the issue. That way Camille and Chris can work together.

You can copy me in on the email as well so I can clarify anything as needed.

Thank you,
Geoff

Hi Geoff,

I created the PO sheet and forwarded it to Heather. She attached it and sent it to John and Jean so I'm not sure where it went after that. Either way we didn't receive a quote from CDWG in the itinfo concerning this. The only Pantheon quote I see in the itinfo from pantheon was the \$22,451.79 for pantheon renewal so this probably never went to CDWG.

So if I'm reading this correctly the original quote from Pantheon that was sent to Heather needs to be sent to Chris a CDWG to create a quote and then when he sends that quote back to itinfo then create a PO on that quote, have it signed by John and Jean, then send that back to Chris to convert it to an order.

Is that correct?

Thanks,
Lloyd

Hi guys,

We have a bit of an issue with this PO. Pantheon goes through CDWG for the quoting and billing

process. This PO should be made out to CDWG and not Pantheon so can we get this fixed. Do you know if this PO was sent to CDWG or directly to Pantheon? That will determine how it needs to be redone.

In a nutshell, Pantheon sends their quote to CDWG and then they process that through their system and send over a CDWG quote. That quote is then used on our end and not the Pantheon quote. The PO is made out to CDWG. CDWG would receive the approved PO to process accordingly and then send over an invoice to be paid after all is complete.

Unfortunately the current quote can't be used like this as this quote is actually meant for CDWG and not us. The billing contract is between those vendors so we can't pay Pantheon directly.

Please check the itinfo mailbox for a quote from CDWG for this new pantheon account. If that CDWG quote is there, then adjust the PO with the correct vendor and quote and resend it to John and Jean for approval like before.

If the approved PO was sent to CDWG then they would have processed like normal and all that needs to be done is sending the PO for the approval signatures with the correct information. Once you get the CDWG invoice then all will be good to go.

But...if the approved PO was sent directly to Pantheon then CDWG was bypassed which causes a bit of an issue regarding billing. Please send that new approved PO to CDWG so they can process like normal and then send over a CDWG invoice for payment.

Make sense? Please let me know if you need clarification to this matter.

Thank you!

Hi Geoff,

I created the PO sheet and forwarded it to Heather. She attached it and sent it to John and Jean so I'm not sure where it went after that. Either way we didn't receive a quote from CDWG in the itinfo concerning this. The only Pantheon quote I see in the itinfo from pantheon was the \$22,451.79 for pantheon renewal so this probably never went to CDWG.

So if I'm reading this correctly the original quote from Pantheon that was sent to Heather needs to be sent to Chris a CDWG to create a quote and then when he sends that quote back to itinfo then create a PO on that quote, have it signed by John and Jean, then send that back to Chris to convert it to an order.

Is that correct?

Thanks,
Lloyd

In a nutshell, Pantheon sends their quote to CDWG and then they process that through their system and send over a CDWG quote. That quote is then used on our end and not the Pantheon quote. The PO is made out to CDWG. CDWG would receive the approved PO to process accordingly and then send over an invoice to be paid after all is complete.

Unfortunately the current quote can't be used like this as this quote is actually meant for CDWG and not us. The billing contract is between those vendors so we can't pay Pantheon directly.

Please check the itinfo mailbox for a quote from CDWG for this new pantheon account. If that CDWG quote is there, then adjust the PO with the correct vendor and quote and resend it to John and Jean for approval like before.

If the approved PO was sent to CDWG then they would have processed like normal and all that needs to be done is sending the PO for the approval signatures with the correct information. Once you get the CDWG invoice then all will be good to go.

But...if the approved PO was sent directly to Pantheon then CDWG was bypassed which causes a bit of an issue regarding billing. Please send that new approved PO to CDWG so they can process like normal and then send over a CDWG invoice for payment.

To: Travis Price <tprice@az.gov>, John McCleve <jmccleve@az.gov>

Hi Travis and John,

I will run things by you and let you decide what you feel is the best way to move forward.

I'm unsure how many more changes are needed and how urgent they are. If the comms team is willing to wait one business day, it gives us the bandwidth to handle other client projects and not work crazy hours; then I'd suggest we move to hourly, and I could do that at \$250/hr. With a commitment to a minimum of 2 billable hours a day, the drawback of hourly billing is that if we get a lot of edits in a day, i.e., 6-8+ hours tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of changes, it's either more hands on deck or doesn't get the time-sensitive stuff done for a few days vs. one day.

We could also plan on a dedicated resource for this week and maybe half-time next week if it isn't used. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office needs.

[Here is a video of some of the edits](#) I recommend they focus on sooner than later too.

So this all comes down to what type of change they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meeting. Both changes we assume they want to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

John,
You will see the inauguration website PO come through for signature again. The vendor selection wasn't updated to show a CDW. I asked Lloyd to do that and route again.
thx

Hi Cliff,

Sorry for the delayed response. Could we have one dedicated person for this week at the \$2k per day and then shift to hourly with the longer response time next week?

Let me know your thoughts.

Thanks,
Travi

I'm unsure how many more changes are needed and how urgent they are. If the comms team is willing to wait one business day, it gives us the bandwidth to handle other client projects and not work crazy hours; then I'd suggest we move to hourly, and I could do that at \$250/hr. With a commitment to a minimum of 2 billable hour a day, The drawback of hourly billing is that if we get a lot of edit in a day, i.e., 6-8+ hour tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of changes, it's either more hands on deck or doesn't get the time-sensitive stuff done for a few days.

We could also plan on a dedicated resource for this week and maybe half-time next week if it isn't used. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office needs.

[Here is a video of some of the edits](#) I recommend they focus on sooner than later too.

HOBBS000648

So this all comes down to what type of changes they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meetings. Both changes we assume they want to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

Hi Travis and John,

We've had a couple of urgent requests come in after 6 pm Monday, Tuesday, and Wednesday that we did between 6-11 pm on those evenings.

How would you like us to bill those out? Some edits were quick; others took longer. I was thinking to be fair, maybe run with the 2-hour minimum for those nights.

Any thoughts?

Hi Travis and John,

I wanted to run a couple of things by you.

1. I finished up a call with Ellen regarding creating a new section on the site for the State of the State. This was a follow-up to an email we got a couple of hours ago about needing this setup. She said she ideally wants this done by tomorrow so she can run it by the admin or this weekend. We want to try to avoid working this weekend, so can you please approve an additional development resource so we have two for tomorrow to make this happen?
2. Ellen requested we have dedicated support Monday because of the State Of The State, so I'll please take note of that and confirm if that is approved.
3. I'll notify the people we are working with that if they have urgent edits to indicate that so we address them accordingly, if not, we will have them done by Monday. If we just have to work an hour or two, I'll do our minimum rate, but if I need to pull in someone for more work than that, we will do a full day rate. Please also confirm that is ok.

Thanks,
Cliff

Hi Travis and John,

We've had a couple of urgent requests come in after 6 pm Monday, Tuesday, and Wednesday that we did between 6-11 pm on those evenings.

How would you like us to bill those out? Some edits were quick; others took longer. I was thinking to be fair, maybe run with the 2-hour minimum for those nights.

Any thoughts?

Cliff

That works. We have been helping them with time-sensitive edits today with that assumption since they indicated it was time sensitive.

Have a good evening,

Hi Cliff,

Sorry for the delayed response. Could we have one dedicated person for this week at the \$2k per day and then shift to hourly with the longer response time next week?

Let me know your thoughts.

Thanks,

Travis

Hi Travis and John,

I will run things by you and let you decide what you feel is the best way to move forward.

I'm unsure how many more changes are needed and how urgent they are. If the comms team is willing to wait one business day, it gives us the bandwidth to handle other client projects and not work crazy hours; then I'd suggest we move to hourly, and I could do that at \$250/hr. With a commitment to a minimum of 2 billable hours a day, the drawback of hourly billing is that if we get lots of edits in a day, i.e., 6-8+ hours tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of change, it's either more hands on deck or doesn't get the time-intensive stuff done for a few days vs. same/next day.

We could also plan on a dedicated resource for this week and maybe half time next week if it isn't utilized. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office need.

[Here is a video of some of the edits](#) I recommend they focus on sooner than later too.

HOBBS000673

So this all comes down to what type of change they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meeting. Both changes we assume they want to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

Cliff

I don't think that we have much of a choice for tomorrow.

On another note, Shane should be routing the PO for Mi-Case soon, I'll try to get that moving quickly. I talked to Geoff about it and I think he is going to be able to help evaluate how that works, so that may help out soon.

With a commitment to a minimum of 2 billable hours a day, the drawback of hourly billing is that if we get lots of edits in a day, i.e., 6-8+ hours tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of change, it's either more hands on deck or doesn't get the time-intensive stuff done for a few days vs. same/next day.

We could also plan on a dedicated resource for this week and maybe half time next week if it isn't needed. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office need.

[Here is a video of some of the edits](#) I recommend they focus on sooner than later too.

So this all comes down to what type of changes they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meetings. Both changes we assume they want to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

Hi Travis and John,

I wanted to run a couple of things by you.

HOBBS000696

1. I finished up a call with Ellen regarding creating a new section on the site for the State of the State. This was a follow-up to an email we got a couple of hours ago about needing this setup. She said she ideally wants this done by tomorrow so she can run it by the admin or this weekend. We want to try to avoid working this weekend, so can you please approve an additional development resource so we have two for tomorrow to make this happen?
2. Ellen requested we have dedicated support Monday because of the State Of The State, so I'll please take note of that and confirm if that is approved.
3. I'll notify the people we are working with that if they have urgent edits to indicate that so we address them accordingly, if not, we will have them done by Monday. If we just have to work an hour or two, I'll do our minimum rate, but if I need to pull in someone for more work than that, we will do a full day ratePlease also confirm that is ok.

Thanks,
Cliff

I'm unsure how many more changes are needed and how urgent they are. If the comms team is willing to wait one business day, it gives us the bandwidth to handle other client projects and not work crazy hours; then I'd suggest we move to hourly, and I could do that at \$250/hr. With a commitment to a minimum of 2 billable hours a day, the drawback of hourly billing is that if we get lots of edits in a day, i.e., 6-8+ hours tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of change, it's either more hands on deck or doesn't get the time-intensive stuff done for a few days vs. same/next day.

We could also plan on a dedicated resource for this week and maybe half-time next week if it isn't used. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office needs.

[Here is a video of some of the edits](#) I recommend they focus on sooner than later too.

So this all comes down to what type of changes they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meetings. Both changes we assume they want to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

She said she ideally wants this done by tomorrow so she can run it by the admin or this weekend. We want to try to avoid working this weekend, so can you please approve an additional development resource so we have two for tomorrow to make this happen?
2. Ellen requested we have dedicated support Monday because of the State Of The State, so I'll please take note of that and confirm if that is approved.
3. I'll notify the people we are working with that if they have urgent edits to indicate that so we address them accordingly, if not, we will have them done by Monday. Hi Cliff,

It sounds like there are still some minor updates and maintenance, but it seems like we may be past the items that required a quick turnaround. I think at this point we don't necessarily need to have dedicated support for each day. We would like to go to hourly as needed with the understanding that since we don't have a daily minimum commitment it may take a little longer for resource to be available if something comes up. Will that work?

Thanks,

Hi Travi ,
I'd agree on time sensitive edits.
Let's move to an as needed support basis for the rest of the month.

The turn around time may range from same day to 1 2+ bu ine day ba ed on the reque t and our re ource availability A lway we try to be a prompt a possible.

I went into emergency eye surgery a few days ago. So I'll have very limited time at work for the next few weeks. Our help desk email help@hireawiz.com where all support reque t have gone o far will be the be t email to u e for any support related reque t

We will invoice the last two weeks work on Monday and bill out on a task by task basis as needed till the end of the month. Hopefully they have someone in place by then. If additional support is needed for whatever reason, we will do our best to address them as needed.

Have a great weekend.

I wanted to run a couple of things by you.

1. I finished up a call with Ellen regarding creating a new section on the site for the State of the State. This was a follow-up to an email we got a couple of hours ago about needing this setup. She said she ideally wants this done by tomorrow so she can run it by the admin or this weekend. We want to try to avoid working this weekend, so can you please approve an additional development resource so we have two for tomorrow to make this happen?
2. Ellen requested we have dedicated support Monday because of the State Of The State, so I'll please take note of that and confirm if that is approved.
3. I'll notify the people we are working with that if they have urgent edits to indicate that so we address them accordingly, if not, we will have them done by Monday. If we just have to work an hour or two, I'll do our minimum rate, but if I need to pull in someone for more work than that, we will do a full day rate. Please also confirm that is ok.

Thanks,
Cliff

Hi Travis and John,

We've had a couple of urgent requests come in after 6 pm Monday, Tuesday, and Wednesday that we did between 6-11 pm on those evenings.

How would you like us to bill those out? Some edits were quick; others took longer. I was thinking to be fair, maybe run with the 2-hour minimum for those nights.

Any thoughts?

Cliff

Hi Cliff,

Sorry for the delayed response. Could we have one dedicated person for this week at the \$2k per day and then shift to hourly with the longer response time next week?

Let me know your thoughts.

Thanks,

Hi Travis and John,

I will run things by you and let you decide what you feel is the best way to move forward.

I'm unsure how many more changes are needed and how urgent they are. If the comms team is willing to wait one business day, it gives us the bandwidth to handle other client projects and not work crazy hours; then I'd suggest we move to hourly, and I could do that at \$250/hr. With a commitment to a minimum of 2 billable hours a day, The drawback of hourly billing is that if we get lots of edits in a day, i.e., 6-8+ hours tomorrow, then that work may take 1-2 business days to do depending on resource availability. We could do a 4-hour commitment as well if you'd like. The minimum is two.

If you decide on the daily rate per dev, that is \$2K, and you get guaranteed support, and we can scale up like we have been when a ton of work comes in. For example, today, we spent 40 hours across four resources. It is not ideal for us to pull so many resources without us projecting it due to other client work, but when this is a problem like we had in the launch or an influx of changes, it's either more hands on deck or doesn't get the time-sensitive stuff done for a few days vs. same/next day.

We could also plan on a dedicated resource for this week and maybe half-time next week if it isn't used. Either option will require a weekly commitment for us to dedicate a resource to help support the Governor's Office needs.

[Here is a video of some of the edits](#) I recommend they focus on sooner than later too.

So this all comes down to what type of changes they anticipate moving forward in the next week or two and how flexible they can be on the turnaround. In the last 2 hours, we've already received new logos for the inauguration site and a request for a new module for public meetings. Both changes we assume they want the to be completed ASAP. Based on Murphy's request, we know the meeting module is needed for tomorrow.

I hope this helps. Let me know if you have any questions.

Cliff

I'd agree on time sensitive edits.
Let's move to an agreed support budget for the rest of the month.

The turn around time may range from same day to 1-2+ business days based on the request and our resource availability. As always we try to be as prompt as possible.

I went into emergency eye surgery a few days ago. So I'll have very limited time at work for the next few weeks. Our help desk email help@hireawiz.com where all support requests have gone so far will be the best email to use for any support related requests.

We will invoice the last two weeks work on Monday and bill out on a task by task basis as needed till the end of the month. Hopefully they have someone in place by then. If additional support is needed for whatever reason, we will do our best to address them as needed.

Have a great weekend.

Hi Cliff,

It sounds like there are still some minor updates and maintenance, but it seems like we may be past the items that required a quick turnaround. I think at this point we don't necessarily need to have dedicated support for each day. We would like to go to hourly as needed with the understanding that since we don't have a daily minimum commitment it may take a little longer for resources to be available if something comes up. Will that work?

I wanted to share the recap email I sent them a few mins ago so you are all in the loop in case someone asks you.

John/Travis could you ask the comm team if they plan to keep us on for dev work past Monday so I can plan resource accordingly? If I know on Monday, that would be helpful if it isn't urgent work (same day turnaround we could work on an hourly rate vs daily to make it more economical. But if they need a timely turnaround, then we'd need to stick to the daily rate, which I don't believe is necessary from what I gather.

I hope you all have a nice weekend.

EMAIL TO THE COMMUNICATION GROUP

I hope you all are doing well. Please review a few important notes below:

HOBBS000755

- **Website Change Requests:** We've made a lot more updates and have a few pending ones we will work on tomorrow. I've added comments and highlighted a few points in red for edits that require more info or your input to complete them. If you send us updates tonight, tomorrow or Sunday, we will work to get them done by Monday as best as possible. The most important of those are the content for the home page, fact check on the bio page, the point about the Governor Ducey page on education being replaced or deleted, and AMC "Message from the Gov" which are still pending.
- **MailChimp Integration:** We will be working on this tomorrow. Geoff is getting us the security Q&A for the new account shortly so we can log in and bypass the MFA security. We will use the form you approved. Please share an auto-reply message to subscribers if you'd like us to try to set that up.
- **Site Launch:** As mentioned by Hannah, we are scheduling the launch at 10 AM on Monday, January 2nd. We aren't sure how long the servers will take to finish the migration, but as soon as it is done, we will notify you all. Please email help@hireawiz.com if the time changes. Once it starts, it can't be stopped. We will back up the old version of this site.
- **Inauguration Stream:** As soon as you know the live link for the stream, email us so we can update the Inauguration site and new home page w/ the link.
- **Monday post-launch updates:** Geoff mentioned the training went well, so we assume basic content updates are something you all will handle internally, but if you need help, please email help@hireawiz.com, and we will help promptly as possible.

Thank you, everyone, for your help and support. We are almost there. If you have any question or need anything, please email us. If there is an emergency, please call my cell at 623 521 1418.

You will get another update tomorrow.

To the best of my knowledge, Heather Farrier was the webmaster responsible for coding and updating the website and Murphy Hebert oversaw the content development and operation of the website. Both employee's have since left the Governor's Office.

Regarding the ticketing process for the inauguration, the accounting/finance office was not involved in this process and has no activities or records related to any part of that process. Please let me know if you have any questions or need additional information.

Re: Supplemental Request for Information Relevant to S.B. 1299 and Related Legislation

Dear Governor Hobbs,

Thank you for your disclosures in response to my February 13, 2023, letter regarding the finances of the State Inaugural Fund. Those records have not alleviated my concerns regarding your administration's solicitation of inaugural funds. Instead, they have prompted new concerns and this supplemental request for more information.

Your inaugural events were advertised to the public on a state-sponsored website, inauguration.az.gov. This website promotes your official title and displays the official state seal. One tab appearing at the top on the website lists a general heading—"Inaugural Fund"—but the website does not provide any information about the State Inaugural Fund or the Katie Hobbs Inaugural Fund. The website simply directs all interested sponsors & donors to one person, stating: "If you are interested in sponsoring or donating to the 2023 inauguration, please contact Rose Huerta at Rose@KatieHobbs.org."

The state website also advertised tickets "available for \$150 each" to attend the "Inaugural Ball" that was held on Saturday, January 7, 2023 at Talking Stick Resort. But the records you disclosed do not show that any ticket-sale proceeds were deposited in the State Inaugural Fund.

The emails produced in your initial disclosure have revealed the following:

1. Ms. Huerta communicated with state employees to facilitate transactions for donors and was responsible for "managing a lot of the fundraising" associated with the inaugural events.
2. As of February 6, 2023, the State Inaugural Fund was "\$903.73 short," leaving insufficient funds to pay an outstanding invoice from Pro Production.
3. On February 7, 2023, a state employee received a check from United Healthcare in the amount of \$50,000 and "reached out to Rose" requesting "the Donor Intent Form so we can deposit the check."

HOBBS000766

4. On February 8, 2023, the state employee wrote that she “was informed that the check from United Healthcare was not supposed to be sent to [the state] fund”, and this meant that the State Inaugural Fund was “short \$1,189.62,” leaving insufficient funds to pay the Pro Production invoice.

In light of this new information, I am requesting the following:

1. The current balance of the State Inaugural Fund.
2. Information and relevant financial records regarding the account where proceeds from ticket sales for the Inaugural Ball were deposited.
3. Copies of all outstanding invoices for inaugural events that are awaiting payment.
4. All emails, documents, and other records or correspondence regarding any deposits to or withdrawals from the State Inaugural Fund that have occurred since February 8, 2023.
5. Copies of all emails sent and received by Rose@KatieHobbs.org, between November 1, 2022, and February 20, 2023, which contain the following keywords: finances, financial, sponsor, sponsorship, donate, donation, contribute, contribution, inauguration, inaugural, “inaugural ball”, ceremony, ceremonial, “donor intent”, “intent form”, tax-deductible, charitable, “fund tracking”, invoice.

As Speaker Toma and President Petersen have already explained in a previous letter, state law prohibits you from using public resources, including “web pages, “personnel,” and “any other thing of value” to influence an election. *See* A.R.S. § 16-192. I find it alarming that you have already committed to spend \$500,000 for political purposes, yet you refuse to commit to the people of Arizona any intention to give leftover inaugural funds back to the State where those funds belong.

It is unfortunate that the Legislature must consider codifying basic principles of integrity and accountability to regulate inaugural funds because of your unprecedented actions. Please produce the information requested above no later than **Wednesday, March 1, 2023, at 12:00 p.m.**¹

Sincerely,

David Livingston

Re: Request for Information Relevant to Proposed Legislation

Dear Governor Hobbs,

As you know, the 56th Legislature is well into its First Regular Session. The Arizona House of Representatives ("House") has already heard hundreds of bills in various Committee hearings and will soon consider bills transmitted to the House from the Arizona State Senate.

To that end, I have serious concerns relating to the procurement of funds that appear to have been solicited and donated for the purpose of sponsoring Inauguration events hosted at the Capitol in early January. It is my understanding that you or your campaign manager publicly disclosed some of the donors and the amounts of their donations several weeks ago, but this disclosure is incomplete. And you have not confirmed whether you intend to transfer the leftover inaugural funds to the State's protocol fund governed by A.R.S. § 41-1105, as former governors have done. If my understanding is incorrect, please let me know.

You may be aware that Senate Bill ("S.B.") 1299 is scheduled for a committee hearing on Wednesday, February 15, 2023. S.B. 1299 would promote transparency by requiring the Governor's office to publish on its website, within 15 days after an inauguration ceremony, information detailing each organization that organized, supported, or funded the ceremony.

To determine whether S.B. 1299 or any other legislation regulating the solicitation, disclosure, or use of inauguration funds may be appropriate, I am requesting you or your designated agent to provide me with the following information:

1. A complete and accurate accounting of all deposits to and withdrawals from the "State Inaugural Fund" from November 1, 2022, to February 13, 2023, including the date, amount, and purpose of each transaction.
2. All documents, emails, and other records created, sent, or received, from November 1, 2022, to February 13, 2023, associated with the advertisement or solicitation of funds procured for the "State Inaugural Fund."

HOBBS000768

3. The 2022 Annual Report of the Governor's Protocol Fund, required by A.R.S. § 41-1105(E).¹

You are welcome to submit any other documents or information relevant to this inquiry. Given that the deadlines for proposed legislation are rapidly approaching, I am requesting production of this information no later than **12:00 p.m. on Thursday, February 16, 2023.**

Alternatively, if you or your agent would prefer to present this information in person rather than submitting it in writing, I invite you or your agent to provide a brief presentation or testimony on this topic at the House Appropriations Committee Hearing on Monday, February 20, 2023.

Please let me know your preference and feel free to contact me if you have any questions about this request.² Thank you for your attention to this matter.

Sincerely,

David Livingston
Representative, Arizona House of Representatives
Chairman, Appropriations Committee

STATE OF ARIZONA

Declaration of the State Comptroller

The State of Arizona is a qualifying organization for the purpose of charitable contributions.

Section 170(c)(1) of the Internal Revenue Code, when defining charitable contributions includes contributions to

"[a] State, a possession of the United States, or any political subdivision of any of the foregoing...if such gift is made for exclusively public purposes."

A.R.S. § 43-1042.A. permits taxpayers to

"take the amount of itemized deductions allowable for the taxable year pursuant to [the relevant sections of the Internal Revenue Code]."

This document may be provided to any individual or organization interested in making a contribution to the State of Arizona, its agencies or components to support a public purpose. Although it is not the function of the State to give legal or tax advice, a donation made to the State of Arizona to support a public purpose may qualify as a deduction in determining the donor's Federal and Arizona taxable income. Donors should consult with their legal and/or tax advisors for guidance concerning the deductibility of their contributions.

We greatly appreciate the support and cooperation of individuals and organizations committed to assisting the State of Arizona, its agencies and components in carrying out their public responsibilities.

SECTION ONE: PROCEDURES RELATED TO DONATED FUNDS - A.R.S. §41-1105

Arizona Office of the Governor

PURPOSE

To establish guidelines and procedures for the handling of the receipt, deposit and expenditure of private donations received pursuant to A.R.S. §41-1105 for the purpose of promoting the interests of the state or to promote and encourage citizen public service to the state.

PROCEDURES

1. Before soliciting or accepting any private donations on behalf of the Governor of any fund established pursuant to A.R.S. §41-1105, staff should consult with the Governor's Chief of Staff and Legal Counsel to determine whether the donations are to be restricted to any specific purpose for which the donation is made.
2. Each donor is required to sign a Statement of Donor Intent Unconditional specifying the terms and conditions and purpose for which the donation is made. For grant agreement donations the signed contract or award will serve as the Donor Intent Form.
3. The Donor Intent Form must be initialed by the Chief of Staff and received by the Governor's Accounting Office before deposits are recorded. For grant program donations the contract or award must be signed by an authorized signer in the Governor's Office.
4. Donations are to be deposited into an appropriate fund or sub-fund account corresponding to the purpose stated on the Donor Intent Form and approved by the Chief of Staff.
5. Requests to expend Donated Funds requires advanced approval from the Chief of Staff before making any expenditure or entering into any agreement of expenditure. The failure to obtain advanced approval for an expenditure may result in the individual making the expenditure or agreeing to make the expenditure becoming personally responsible for payment in the event the expenditures is not approved. Expenditures made in association with grant agreements will be made in accordance with the terms and conditions stated in that agreement.

6. After an expenditure has been made and payment is required the requesting staff member should submit any receipts and documentation establishing the nature of the expenditure to the Governor's Accounting Office inbox (GOVACC@az.gov). To initiate the payment process. The Governor's Accounting Office will be responsible for submitting a Request for Approval of Expenditures of Donated Funds Form to the Governor's Legal Counsel and the Governor's Chief of Staff for approval. For grant agreements, expenditures should be made in accordance with our protocol for grant reimbursements.
7. The Request for Approval of Expenditure form should be approved by at least two of the following; Governor's Chief of Staff, Governor's Legal Counsel, Governor's Comptroller or other designated trustee, only if the expenditure is consistent with any terms and conditions for which the donations were received, consistent with any restrictions placed on the expenditures of a fund by Executive Order, and appropriate for the purpose of promoting the interests of the state or to promote and encourage citizen public service to the state. For grant agreements expenditures are authorized and approved in the same protocol as non-grant funding.
8. After verifying funds availability and reviewing current commitments, the Governor's Accounting Office will process payment through the State of Arizona Accounting System.
9. Requests by donors for refunds will be handled in the same manner as requests for expenditures, except that no refund will be made if:
 - a. Requested more than five (5) days after the receipt of the donation and
 - b. The amount requested is less than \$100 (one hundred dollars).
10. Annually, before December 1st, the Governor's Accounting Office will prepare the annual reports detailing contributions and expenditures for the accounts established pursuant to A.R.S. §41-1105, and shall forward the reports to the Chief of Staff for ultimate submission to the Governor and the Legislature before the immediately following January 1st.

SECTION TWO: STATUTES PERTAINING TO DONATED FUNDS

41-1105. Monies for promotion of state interests and public service; procedures; uses

A. The governor or either presiding officer of the legislature may accept and expend public or private gifts, grants, donations or monies for the purpose of promoting the interests of the state or to promote and encourage citizen public service to the state.

B. All monies received pursuant to subsection A of this section shall be deposited, pursuant to sections 35-146 and 35-147, and held and retained in separate state promotional fund accounts according to the specified source and purpose of the fund. Public and private monies shall not be commingled in any fund account.

C. The department of administration shall issue warrants for disbursements from any account established pursuant to this section on receipt of vouchers properly establishing the nature of the disbursement and on the signature of the person authorized to approve expenditures from the fund pursuant to section 35-149, subsection A, paragraph 4. The department of administration shall issue the warrants for disbursements from any account established pursuant to this section containing private monies without regard to any other restrictions or limits placed on expenditures of public monies by any other provision of law.

D. The person authorized pursuant to section 35-149, subsection A, paragraph 4 shall approve expenditures from accounts established pursuant to this section only to the extent that the expenditures are consistent with any terms and conditions under which the monies were received and for a purpose authorized by subsection A of this section.

E. Annually before January 1, the person authorized pursuant to section 35-149, subsection A, paragraph 4 shall prepare a written report to the governor and the legislature that includes a detailed listing naming the contributors to the accounts established pursuant to this section and a detailed listing of expenditures from the accounts established by this section. The report shall be considered a public record.

35-142. Monies kept in funds separate from state general fund; receipt and withdrawal

- A. All monies received for and belonging to the state shall be deposited in the state treasury and credited to the state general fund except the following, which shall be placed and retained in separate funds:
1. The unexpendable principal of monies received from federal land grants shall be placed in separate funds and the account of each separate fund shall bear a title indicating the source and the institution or purpose to which the fund belongs.
 2. The interest, rentals and other expendable monies received as income from federal land grants shall be placed in separate accounts, each account bearing a title indicating the source and the institution or purpose to which the fund belongs. Such expendable monies shall be expended only as authorized, regulated and controlled by the general appropriations act or other act of the legislature.
 3. All private or quasi-private monies authorized by law to be paid to or held by the state treasurer shall be placed in separate accounts, each account bearing a title indicating the source and purpose of the fund.
 4. All monies legally pledged to retire building indebtedness or bonds issued by those institutions authorized to incur such indebtedness or to issue such bonds shall be placed in separate accounts.
 5. Monies of a multi-county water conservation district authorized by law to be paid to or held by the state treasurer shall be placed in separate accounts, each account bearing a title indicating the source and purpose of the fund.
 6. All monies collected by the Arizona game and fish department shall be deposited in a special fund known as the state game and fish protection fund for the use of the Arizona game and fish commission in carrying out title 17.
 7. All federal monies that are received by the department of economic security for family assistance benefits and medical eligibility as a result of efficiencies developed by the department of economic security and that would otherwise revert to the state general fund pursuant to section 35-190 shall be retained for use by the department of economic security in accordance with the terms and conditions imposed by the federal funding source in an account or accounts established or authorized by the state treasurer.
 8. Monies designated by law as special state funds shall not be considered a part of the state general fund. Unless otherwise prescribed by law, the state treasurer shall be the custodian of all such funds.
 9. All monies received and any accounts established and maintained by the director of the Arizona state retirement system or the administrator of the public safety personnel retirement system, the corrections officer retirement plan and the elected officials' retirement plan.

10. Monies received by a state agency or institution as a gift, devise or donation shall not be considered a part of the state general fund or transferred to the state general fund unless the gift, devise or donation specifically authorizes a general state use for the monies. A state agency or institution that receives a monetary gift, devise or donation shall account for those monies separately.

11. All monies received by the Arizona game and fish commission in connection with clean water act in-lieu fee projects shall be deposited in a special trust fund, known as the game and fish in-lieu fee program restoration endowment trust fund, established by section 17-265 for the use of the Arizona game and fish commission solely for the following:

- (a) The purposes authorized under any enabling instrument between the commission and the department of environmental quality or between the commissions, the United States army corps of engineers and the United States environmental protection agency.
- (b) Site selection, design, implementation, monitoring, management and administrative costs related to the Arizona game and fish department's responsibilities as and in-lieu fee sponsor pursuant to sections 401 and 404 of the clean water act.

B. Monies shall not be received or held by the state treasurer except as authorized by law, and in every instance the treasurer shall issue a receipt for monies received and shall record the transaction in the statewide accounting system. Monies shall not be withdrawn from the treasury except on the warrant, check or substitute check, or electronic funds transfer voucher of the department of administration.

C. Monies received for and belonging to this state and resulting from compromises or settlements by or against this state, excluding restitution and reimbursement to state agencies for costs or attorney fees, shall be credited to the state general fund unless specifically credited to another fund by law. A fund consisting of monies other than monies received for restitution, costs or attorney fees shall not be established by a court order without prior legislative authorization. For the purposes of this subsection, "restitution" means monies intended to compensate a specific, identifiable person, including this state, for economic loss.

D. All federal monies granted and paid to this state by the federal government shall be accounted for in the accounts or funds of this state in the necessary detail to meet federal and state accounting, budgetary and auditing requirements, and all appropriations for matching such federal monies shall be transferred from the state general fund to such separate funds as needed, except as otherwise required by the federal government.

E. This section does not require the establishment of separate accounts or funds for such federal monies unless otherwise required by federal or state law. The department of administration may use the most efficient system of accounts and records, consistent with legal requirements and standard and necessary fiscal safeguards.

F. This section does not preclude the department of administration from establishing a clearing account or other acceptable accounting method to effect prompt payment of claims from an approved budget or appropriation. The department of administration shall report each account or fund established or cancelled to the directors of the joint legislative budget committee and the governor's office of strategic planning and budgeting.

G. This section and any other section do not preclude the use of monies kept in funds separate from the state general fund, the interest from which accrues to the state general fund, to pay claims against the state general fund if sufficient monies remain available to pay claims against such funds.

H. The department of administration may issue warrants, checks or electronic funds transfer vouchers for qualified expenditures of federal program monies before they are deposited in the state treasury. The receipt of federal monies shall be timed to coincide, as closely as administratively feasible, with the redemption of warrants, checks or substitute checks, or electronic funds transfer vouchers by the state treasurer. The department of administration shall limit expenditures to the amount that has been made available to use under the grant award by the federal government. The state agency initiating the expenditures is responsible for ensuring that expenditures qualify for coverage under the guidelines of the federal grant award.

I. The department of administration shall establish policies and procedures for all state agencies for drawing federal monies. When the established method results in federal monies being held by this state, the department of administration may use the interest earned on the monies to pay the federal government for any related interest liability. If an interest liability is incurred due to a state agency varying from the established policies and procedures, the department of administration shall charge the appropriate agency account or fund. Any federal interest liability owed to this state resulting from the delayed federal disbursements shall be used to offset this state's interest liability to the federal government. Any remaining interest earnings shall be deposited in the state general fund.

J. Any state agency or authorized agent of a state agency may accept credit cards pursuant to an agreement entered into by the state treasurer pursuant to section 35-315 to pay any amount due to that agency or agent or this state.

K. Except for the department of revenue, agencies or authorized agents on behalf of state agencies that accept credit cards shall deduct any applicable discount fee and processing fee associated with the transaction amount before depositing the net amount in the appropriate state fund. No other reduction is permitted against the transaction amount. The net amount deposited in the appropriate state fund shall be considered as the full deposit required by law of monies received by the agency or the authorized agent. Payment of any applicable discount fee and processing fee shall be accounted for in the annual report submitted to the governor's office of strategic planning and budgeting in accordance with section 41-1273. The transaction amount of any credit card transaction shall not be reduced by any discount fee or processing fee in an amount of more than the merchant card settlement fees reflected in the state banking contract with the state treasurer's office.

L. Any state agency that contracts with an authorized agent to electronically process transactions pursuant to title 41, chapter 23 may include a provision in the contract to allow the authorized agent to impose a convenience fee or a service fee or surcharge. If allowed, the convenience fee or the service fee or surcharge shall be charged to the cardholder in addition to the transaction amount, except for the following:

1. Except as provided in subsection R of this section, any permits, licenses or other authorizations needed to pursue a trade or occupation in this state.

2. Except as provided in subsection R of this section, any permits, licenses or other authorizations needed to establish, expand or operate a business in this state.

3. Except as provided in subsection R of this section, any permits, licenses or other authorizations needed to register a vehicle or license a driver in this state.

M. Each state agency or its authorized agent shall:

1. Deduct the amount of the convenience fee or the service fee or surcharge before depositing the transaction amount or the transaction amount reduced by the discount fee or the processing fee, or both, into the appropriate state fund.

2. Not deduct any part of the convenience fee or the service fee or surcharge from the transaction amount before depositing the net amount into the appropriate state fund.

3. Deduct the amount of the discount fee or the processing fee, or both, from the transaction amount before depositing the net amount into the appropriate state fund.

N. The net amount deposited in the appropriate state fund pursuant to subsection L or M of this section shall be considered as the full deposit of monies that is required by law and that is received by the agency.

O. Before charging a convenience fee or a service fee or surcharge, a state agency shall submit the proposed convenience fee or the proposed service fee or surcharge to the state treasurer for approval. If the state treasurer determines that the proposed convenience fee or the proposed service fee or surcharge is necessary to ensure the efficient processing of payments to the state agency and complies with the standards of the credit card industry, the state treasurer shall approve the convenience fee or the service fee or surcharge. Notwithstanding section 35-142.01, convenience fees received by a state agency or its authorized agent may be used to offset the costs imposed by the authorized agent in processing the transactions.

P. When the percentage of electronic transactions first exceeds at least thirty percent of a state agency's total transactions, the state agency shall perform a cost benefit report, including costs of convenience fees or the service fee or surcharge, the amount of revenue generated and any realized cost savings.

Q. This section and any other provision of law do not authorize any state agency, authorized agent of any state agency or budget unit to establish a bank account for any government monies. All monies received by or on behalf of this state shall be deposited with and in the custody of the state treasurer or in an account that is authorized by the state treasurer pursuant to this section. This subsection does not apply to monies received and any accounts established and maintained by the director of the Arizona state retirement system or the administrator of the public safety personnel retirement system, the corrections officer retirement plan and the elected officials' retirement plan.

R. If a state agency provides an alternative method of payment, the convenience fee or the service fee or surcharge may be charged to the cardholder in addition to the transaction amount.

35-143.01. Special funds; appropriation; reversion; use

A. All monies deposited in special agency funds of self-supporting regulatory agencies, as provided in section 35-142, to be used by such agency for administration and enforcement, shall be subject to annual legislative appropriation.

B. Unless otherwise provided by the legislature, a special fund self-supporting regulatory agency shall not expend more monies than are appropriated by the legislature for a fiscal year, and any monies remaining at the end of the fiscal year revert to the special agency fund.

C. Any unexpended or unencumbered balance of monies remaining in the special funds of self-supporting regulatory agencies as provided in section 35-142 at the end of the fiscal year shall not revert to the state general fund and may be made available by the legislature for use by the agency for the following fiscal year.

35-146. Deposit of receipts by budget units

- A. All monies received by any officer or employee of any budget unit shall be promptly remitted to the state treasurer, and monies shall not be held, used or deposited in any personal or special bank account temporarily or otherwise by any agent or employee except as expressly provided by this chapter.
- B. All monies received by the state treasurer shall be credited to the state general fund, unless otherwise prescribed by law.
- C. All revenues included in the operating budget adopted by the Arizona board of regents for each university as prescribed in section 15-1626, subsection A shall be retained by each university. Tuition and fees shall be deposited in subaccounts as prescribed in section 15-1626, subsection A.

35-147. Treasurer's deposits; preparation and disposition

A. The head of the budget unit or his authorized agent in depositing monies with the state treasurer shall use forms authorized by the state treasurer.

B. The treasurer's deposit shall be delivered to the state treasurer together with the remittance or proof of prior deposit with the state servicing bank. The state treasurer shall validate the deposit and provide a confirmation to the budget units to be retained by the issuing budget unit. The treasurer's confirmation shall show the amount, the date deposited and a unique identifying number that will link the deposit to accounting documents and fund details maintained in the statewide accounting system. The treasurer's deposit forms shall be issued to the budget units by the department of administration. The administrative head of each budget unit shall be held accountable for each deposit.

35-149. Disposition of private monies; contributions and suspense funds; exception

A. Every department, institution, board or commission receiving private monies or contributions available for its support or for the purpose of defraying expenses or work done under its direction, other receipts that are subject to refund or return to the sender or receipts that have not yet accrued to the state shall, in depositing such monies with the state treasurer as provided in this chapter, certify to the department of administration:

1. The source from which such monies were received.
2. The terms and conditions under which and the purpose for which the monies were received.
3. The names of the trustees or administrators of the monies or contributions.
4. The name of the person authorized to approve expenditures from each fund.

B. The department, institution, board or commission shall keep an accounting of each such fund or contribution prescribed in subsection A of this section entirely separate and distinct from all other funds.

C. All disbursements from such funds and contributions shall be made on warrants, checks or electronic funds transfer vouchers of the department of administration, which shall issue such warrants, checks or electronic funds transfer vouchers only on adequate vouchers approved by the person or persons authorized to approve the disbursements. Separate sets of accounts with each of such funds and contributions, and the receipts and disbursements thereof, shall be maintained by the department of administration.

D. This chapter does not apply to monies received by universities for the subsistence of dining halls, dormitories, bookstores or student activities, to federal monies or private monies of students received by state educational institutions, or to private monies of patients or inmates of state institutions, when such monies deposited with an officer of such an institution are declared not to be state monies.

SECTION THREE: ESTABLISHED PROMOTIONAL FUND

EXECUTIVE ORDER 95-10

GOVERNOR'S ENDOWMENT FUND

WHEREAS, Section 41-1105, Arizona Revised Statutes, authorizes the Governor to "accept and expend private gifts, grants, donations or monies for the purpose of promoting the interests of the state or to promote and encourage citizen public service to the state;" and

WHEREAS, state general fund monies cannot be used to pay the expenses associated with many of the official duties and related activities by or on behalf of the Governor that promote the interests of the state or promote and encourage public service by citizens; and

WHEREAS, promoting economic development in the State of Arizona promotes the interest of the state or promotes and encourages citizen public service to the state; and

WHEREAS, A.R.S. §41-1105 was amended by Laws 1995 (First Regular Session) Chapter 149, Senate Bill 1282, to clarify the requirements for expenditure of private monies received pursuant to this section; and

WHEREAS, A.R.S. §41-1105 permits the approval of the expenditure of private monies consistent with any terms and conditions under which the monies are received and for a purpose authorized by this section without regard to any other restrictions or limits placed on expenditures of public monies by any other provisions of law; and

WHEREAS, the "Arizona Public Interest Fund for The Governor's Endowment Partnership for the Advancement of Arizona" was established by Executive Order 92-7 on February 8, 1992;

NOW, THEREFORE, the Arizona Public Interest Fund for The Governor's Endowment Partnership for The Advancement Of Arizona shall now be known as the "Governor's Endowment Fund" (the "Endowment Fund") to be maintained in compliance with the provisions of A.R.S. §41-1105; Title 35, Chapter 1, Article 3; Title 35, Chapter 2, Article 1 and as follows:

1. Only private gifts, grants, donations or monies shall be deposited in the Endowment Fund.
2. Donations to the Endowment Fund may be accepted under terms or conditions restricting their use to the promotion of economic development in Arizona or for the purpose of promoting the interests of the state, or to encourage citizen public service to the state.

3. All donations to the Endowment Fund shall be promptly remitted to the State Treasurer together with the information required by A.R.S. §35-149 and shall be placed and retained in a separate account bearing the title of this fund indicating its source and purpose.
4. Disbursements from the Endowment Fund account shall be made in accordance with the procedures set forth in A.R.S. §41-1105.
5. Interest earned on deposits to the Endowment Fund shall accrue to the Fund and be disbursed in the same manner as the principal.
6. The person authorized to approve expenditures from the Endowment Fund is the Governor's Chief of Staff or his designee. Expenditures shall be approved only if they are consistent with the purpose of promoting economic development, which is a purpose authorized by A.R.S. §41-1105, and consistent with any terms or conditions under which the monies were received.
7. The Endowment Fund shall be monitored and administered by three Trustees to be named by the Governor. Except in extraordinary circumstances as determined by the Chief of Staff, the Chief of Staff or his designee shall consult with at least two of the Trustees prior to the approval of expenditures from the Fund as consistent with the purpose of A.R.S. §41-1105, the purpose of promoting economic development in Arizona and any terms or conditions under which the monies were received.
8. Before January 1 of each year, the Governor's Chief of Staff shall direct the preparation of the report required by A.R.S. §41-1105 (E), and the report shall be reviewed by the Trustees before its final submission to the Governor and the Legislature.
9. In order to maintain the integrity of the Endowment Fund, disbursements to businesses or organizations in which a Trustee, a member of the Governor's staff, the Governor, or any of their relatives, as defined in A.R.S. §38-502 (9), has a direct or indirect pecuniary or proprietary interest shall not be approved. This policy shall not preclude disbursements to reimburse any of these individuals for amounts they advanced to other businesses or organizations for approved expenditures.

RE: 2023 Inaugural Donation

Dear Name,

Thank you for your interest in donating to the Inauguration 2023 Fund in support of Governor-Elect Katie Hobbs and our newly elected statewide officials.

The Inauguration 2023 Fund was established to cover costs associated with inaugural events so that no Arizona tax dollars are used to fund the ceremony. Your contribution will help pay for costs associated with the swearing in ceremony on January 5th, 2023.

Contributions to the Inauguration 2023 Fund are tax deductible and public record. They are given directly to a segregated fund within the State of Arizona. We can accept contributions in unlimited amounts from individuals, businesses, and organizations.

Your sponsorship will include reserved seating at the swearing in ceremony, tickets to the sponsor reception and inaugural celebration on January 7th, special recognition in our inaugural program, signed inaugural programs, and a special gift. Please see attached sponsorship materials for more information.

Your interest in donating is greatly appreciated. Please contact Alaina Pemberton with any questions at [REDACTED]

Sincerely,

2023 Inaugural Committee

Hi Allie & Mike,

Thanks for your patience as our team compiled answers to your questions. Please see the information, below.

Inauguration Information

- In accordance with A.R.S. 41-1105 The Governor's Office has two sub-funds set up for receiving donations into the Office. These funds are titled promotional fund and inauguration fund. Donations to either of these funds follow the same process outlined below.
- Once a donor is identified as interested in making a donation the following steps should be taken:
 - The donor will need to sign a donor intent form, Examples of both are attached.
 - Once the donation and donor intent form are received, the Transition Team Leader or Designee will need to review and approve the donor intent form.
 - After the donor intent form is completed and approved by the Designee, Please direct the approved Donor Intent form along with payment to John McCleve, in the Accounting Office and he will coordinate the deposit into the designated fund.
- Other things to note:
 - In some cases a Donor may request a copy of the State's W-9 or may need an invoice detailing the deposit request before a donation can be made. The Accounting Office can help with these if needed.
 - Once donations start being deposited the Accounting office will update daily on the current balance of donations received.
 - Some Donors may want to donate by credit card which we should be able to do within the next couple of weeks.
 - There are unique requirements related to expenditures from the donated funds that we can detail out later.
- Please see attachments for more info:
 - #1 - Donor Intent Inauguration Fund
 - #2 - Donor Intent Unconditional
 - #3 - Donated Funds Manual
- If you have additional questions please contact John McCleve at jmccleve@az.gov or 602-542-1310.

Transition Office Space & Budget

- The transition team will have a \$400,000 budget.
 - A document detailing potential salary and expense rates is attached — the amounts are just examples.
 - Please contact John McCleve if you have any questions.
- Designated space for the Transition team is available on the 5th floor of the Executive Tower. The space includes:
 - 1 Large Office

HOBBS000833

- 4 Smaller Offices
- 1 Cubicle Space
- Access to WIFI
- John McCleve's team can assist in providing badges and access to this space. Please contact him at jmccleve@az.gov or 602-542-1310.

Email or website for accepting resumes

- The IT team is able to set up an email address to accept resumes. Please provide what domain you would like to use, for example: GovOfficeJobs@az.gov

Administrative Staff

- The following administrative staff have expressed interest in staying with the office:
 - Laura Raymond
 - Hannalee Donoso
 - Pam Cason
 - Sam Ledoux
 - Amy Funari
- Traditionally members of the Constituent Services and Boards & Commissions offices have stayed through administration changes, and many have expressed interest in staying with the office

Budget Meeting

- OSPB is all set to host a budget meeting with your transition team. The details are below.
 - Monday, November 21, 2022 at 10am
 - Executive Tower, 6th Floor
- Katie Ratlief and I will join for a brief introduction.

Also, attached is information regarding Agency Directors & Deputy Directors, as well as salary information for current Governor's Office staff. I would ask that you please keep personnel information included above or attached among the transition team – if any member of the public would like this information our office can provide it via public records request.

We look forward to meeting with you soon, and are happy to provide additional answers to your questions.

Thanks!

Daniel

Hi John,

I got your contact info and donor intent form from my lobbyist Scott Smith at Highground. We would like to be a copper sponsor for the inauguration. Need to confirm it is tax deductible as I am making the donation through Accenture. I have attached the signed donor intent form. Scott mentioned you could take a credit card. How can we set that up?

We would like this sponsorship:

Copper Sponsor- \$10,000

Reserved Seating & VIP Parking Inaugural Swearing In Ceremony

4 Tickets Inaugural Celebration & Sponsor Reception

4 Signed Programs, Recognition in the Inaugural Program

Special Gift

Thank you very much! We are excited for the transition and Hobbs' leadership.

Thanks!

Donation Steps

To: John McCleve <jmccleve@az.gov>, Jean Bell <jbell@az.gov>, Travis Price <tprice@az.gov>, Ariel Gonzalez <agonzalez@az.gov>

Hi All,

Here are the steps that we discussed on the call. Let me know what you think.

There are two different options to deposit money within the donation fund. There is a Promotional Fund and an Inauguration Fund. Donations to either fund will follow the same process below.

Once a donor is identified as interested in making a donation the following steps will need to be taken:

1. A signed donor intent form must be completed and sent in with the donation. There are two different forms depending upon what the donation is for. Electronic signatures are allowed on the form.
2. Once the donation and form are received, the new Chief of Staff or Leader designee will need to review and approve the donor intent form.
3. If a State W-9 or an invoice is needed, the Accounting Office can send one or both out. Please contact govacc@az.gov for assistance.
4. After the donor intent form is completed and approved, the Accounting Office will deposit the donation into the designated fund.
5. Questions can be directed to John McCleve at jmccleve@az.gov or **602-542-1310**.

Hi John,

Here is the Donor Intent fillable PDF, Ariel pulled it from the final manual. She is working on adapting the Inaugural Donor Intent to fillable form so depending on when you are ready to send the email we can decide which format to send. I can send the nonfillable one if needed. I've also attached the final Promotional Fund Transition Manual.

My apologies Jean!

Our team started the PO for the Department of Administration – which would not have gotten to you! We cancelled it and are reissuing and noted you needed a paper check which also adds a little more time (as opposed to ACH/direct deposit).

I've added my very helpful and esteemed colleague Clark – in hopes he can give us an ETA of when you should get the donation.

Thanks!

I hope you are doing well! Do you have an update on when we might see the donation check? The mail here can be tricky so it would be good to know if it's been sent.

Thanks,

Hi Kristi,

Thank you for your email and willingness to help sponsor the inauguration. I have attached a Declaration from the state comptroller regarding the deductibility of donations to the state which should answer your questions. We are able to process donations by credit card payment. I've included Jean Bell and Kristen Lindstrom from our team on this email thread and either of them can help with the credit card payment processing when you are ready. If you would like, I can have one of them reach out to you by email to begin the payment process. Thanks again for your support.

Hi Jean,

Pleasure speaking with you, too!!

The invoice was submitted for a check payment and we requested it be expedited. I hope it is to you within 3-4 weeks – the same time it would take to be able to take American Express. (and to be honest – this is such an easier option for me; while I do have corporate credit card, the firm would give me more hurdles on a \$10k charge...).

Could you send along the details for the inauguration ceremony and celebration?

Thank you!

Hi John,

We are working with a corporate donor who is running into trouble setting up the Inauguration Fund as a vendor under the State TIN. We've had this issue commonly with the large corporate donors. I asked if they could set up The Governor's Inauguration Fund as a separate address line like we do for vendors, but Rose has proposed putting something in the memo line of the check. What do you think? It seems like we've had to made concessions in the past but wanted to get your opinion. I remember that the concern is to distinguish between inauguration and the state general fund.

thx

Unfortunately the W9 is generated from the State General Accounting Office and we cannot make changes. Our Comptroller is ok if you can add a memo line to the check that clearly states the check is for The Governor's Inauguration Fund. Is this possible? Also, if the check is mailed to the address on the W9 I'll need to coordinate with you and GAO to flag the check so I can pick it up from them.

Thanks,

Our SAP System has to match what your invoice states. In order for this to happen, if the Governor's Inauguration Fund is under the State of Arizona as a business name with same Tax ID Number, it would have to be listed on the W-9 Line 2 as the business name.

Thanks.

Subject: Accenture donation to Inauguration Fund 2023

To: jmccleve@az.gov <jmccleve@az.gov>Cc: Scott Smith <ssmith@azhighground.com>, Walsh, Matthew <matthew.a.walsh@accenture.com>, Wills, Jamie <jamie.wills@accenture.com>

Hi John,

I got your contact info and donor intent form from my lobbyist Scott Smith at Highground. We would like to be a copper sponsor for the inauguration. Need to confirm it is tax deductible as I am making the donation through Accenture. I have attached the signed donor intent form. Scott mentioned you could take a credit card. How can we set that up?

We would like this sponsorship:

HOBBS000878

Copper Sponsor- \$10,000

Reserved Seating & VIP Parking Inaugural Swearing In Ceremony

4 Tickets Inaugural Celebration & Sponsor Reception

4 Signed Programs, Recognition in the Inaugural Program

Special Gift

Thank you very much! We are excited for the transition and Hobbs' leadership.

Thanks!

Kristi Miller

Attached is the Inauguration fund balance tracking sheet. As you can see, we have \$10k that has been received, deposited, posted and available for expenditures. The Banner check for \$10k has been deposited and should be posted over the weekend. The two credit card payments are in processing and should be available by the end of next week. Jean Bell and Kristen Lindstrom (They are both CC'd) from my team will be sending you updated tracking sheets regularly going forward. Also, please feel free to reach out to them as well regarding any questions tied to the inauguration fund. Let me know if you have any questions.

Thx

Hi Cathy,

We have a CR doc D2304919 from 12/14 that is pending. This is a hard check donation to the new administration and for the upcoming inauguration expenses. We anticipate more donations will arrive in the mail in the next two to three weeks. Is it possible to expedite, for the next three weeks, hard check deposits from GVA?

This is a unique situation with a short and intense timeline to receive donations and quickly disperse for expenditures. I apologize for asking for special treatment but any help to get these deposits processed quickly will be greatly appreciated.

Thanks

Jean

Good afternoon,

Attached please find the updated Inauguration 2023 tracking sheet. We received the Dexcom check Friday and it is currently pending deposit with the Treasurer's Office. Once this clears we will pay the second Pro Production Services invoice. We are still waiting to receive the Accenture check. Let me know if you have any questions.

Thanks,
Kristen

Hey there stranger! Hope all is well.

I'm looking for the donor intent form that needs to accompany inauguration contributions. Can you please send that to me?

Thanks!

Hi Allie-

We have received our first donated funds check along with the donor intent form for the upcoming Inauguration. The check is for \$10,000 from GovGroup Arizona LLC. I'll need your approval on the donor intent form before we can deposit the check. If it's ok, I'll have a member of my team send you a PDF of the donor intent form which you can approve electronically. Let me know if you have any questions.

Thx

Hi Kristi,

Thank you for your email and willingness to help sponsor the inauguration. I have attached a Declaration from the state comptroller regarding the deductibility of donations to the state which should answer your questions. We are able to process donations by credit card payment. I've included Jean Bell and Kristen Lindstrom from our team on this email thread and either of them can help with the credit card payment processing when you are ready. If you would like, I can have one of them reach out to you by email to begin the payment process. Thanks again for your support.

Attached is the Inauguration fund balance tracking sheet. As you can see, we have \$10k that has been received, deposited, posted and available for expenditures. The Banner check for \$10k has been deposited and should be posted over the weekend. The two credit card payments are in processing and should be available by the end of next week. Jean Bell and Kristen Lindstrom (They are both CC'd) from my team will be sending you updated tracking sheets regularly going forward. Also, please feel free to reach out to them as well regarding any questions tied to the inauguration fund. Let me know if you have any questions.

Hi Alaina,

Here is the updated spreadsheet. Please note that the credit card donation from AZ Mining Association has been deposited, but the associated credit card fee has not hit the account yet. I added in a line item for this fee at the estimated amount of \$175; therefore, the ending balance shown in the account might change slightly based on the amount of the final fee once posted. Please let me know if you have any questions.

Thank you,
Kristen

Attached is the Inauguration fund balance tracking sheet. As you can see, we have \$10k that has been received, deposited, posted and available for expenditures. The Banner check for \$10k has been deposited and should be posted over the weekend. The two credit card payments are in processing and should be available by the end of next week. Jean Bell and Kristen Lindstrom (They are both CC'd) from my team will be sending you updated tracking sheets regularly going forward. Also, please feel free to reach out to them as well regarding any questions tied to the inauguration fund. Let me know if you have any questions.

Thx

Hi Alaina,

Here is the updated spreadsheet. Please note that the credit card donation from AZ Mining Association has been deposited, but the associated credit card fee has not hit the account yet. I added in a line item for this fee at the estimated amount of \$175; therefore, the ending balance shown in the account might change slightly based on the amount of the final fee once posted. Please let me know if you have any questions.

Thanks Kristen, I made some adjustments, If everyone could please review this draft and let me know what you think. thanks.

In accordance with A.R.S. 41-1105 The Governor's Office has two sub-funds set up for receiving donations into the Office. These funds are titled promotional fund and inauguration fund. Donations to either of these funds follow the same process outlined below.

Once a donor is identified as interested in making a donation the following steps should be taken:

- 1.) The donor will need to sign a donor intent form, Examples of both are attached.
- 2.) Once the donation and donor intent form are received, the Transition Team Leader or Designee will need to review and approve the donor intent form.
- 3.) After the donor intent form is completed and approved by the Designee, Please direct the approved Donor Intent form along with payment to John McCleve, in the Accounting Office and he will coordinate the deposit into the designated fund.

Other things to note:

- A.) In some cases a Donor may request a copy of the State's W-9 or may need an invoice detailing the deposit request before a donation can be made. The Accounting Office can help with these if needed.
- B.) Once donations start being deposited the Accounting office will update daily on the current balance of donations received.
- C.) There are unique requirements related to expenditures from the donated funds that we can detail out later.
- D.) For questions please feel free to contact John McCleve at jmccleve@az.gov or 602-542-1310.
- E.) Lastly, attached is the Governor's Office Donated Funds manual which goes into further detail on the donated funds process.

There are two different options to deposit money within the donation fund. There is a Promotional Fund and an Inauguration Fund. Donations to either fund will follow the same process below.

Once a donor is identified as interested in making a donation the following steps will need to be taken:

1. A signed donor intent form must be completed and sent in with the donation. There are two different forms depending upon what the donation is for. Electronic signatures are allowed on the form.
2. Once the donation and form are received, the new Chief of Staff or Leader designee will need to review and approve the donor intent form.
3. If a State W-9 or an invoice is needed, the Accounting Office can send one or both out. Please contact govacc@az.gov for assistance.

In accordance with A.R.S. 41-1105 The Governor's Office has two sub-funds set up for receiving donations into the Office. These funds are titled promotional fund and inauguration fund. Donations to either of these funds follow the same process outlined below.

Once a donor is identified as interested in making a donation the following steps should be taken:

- 1.) The donor will need to sign a donor intent form, Examples of both are attached.
- 2.) Once the donation and donor intent form are received, the Transition Team Leader or Designee will need to review and approve the donor intent form.
- 3.) After the donor intent form is completed and approved by the Designee, Please direct the approved Donor Intent form along with payment to John McCleve, in the Accounting Office and he will coordinate the deposit into the designated fund.

Other things to note:

- A.) In some cases a Donor may request a copy of the State's W-9 or may need an invoice detailing the deposit request before a donation can be made. The Accounting Office can help with these if needed.
- B.) Once donations start being deposited the Accounting office will update daily on the current balance of donations received.

HOBBS000985

- C.) There are unique requirements related to expenditures from the donated funds that we can detail out later.
- D.) For questions please feel free to contact John McCleve at jmccleve@az.gov or **602-542-1310**.
- E.) Lastly, attached is the Governor's Office Donated Funds manual which goes into further detail on the donated funds process.

Hi Alaina-

I think this looks good. I would suggest you also mention that for a donation to be accepted it must have a donor intent form signed by the donor and approved by the Chief of Staff or their "designee". The donor intent form can sometimes be the hardest part to get because it may come from a different source within the organization. I've also attached the current W-9 for the State of Arizona. Please let me know if you have any questions or need anything else.

Thx

Looks like we should be able to start collecting credit card donations as early as tomorrow or Wednesday of this week. It also appears we can take the credit card information over the phone as long as we have the following details; Card#, Amount, Expiration Date, Street#, Zip Code and 3 digit Security Code on the back. Still waiting to hear back on the wire transfer process and if that's an option as well.

Thx

That is great news about the credit card process. Would we be able to collect that information and call or would the donors have to call directly?

I've also cc-ed my coworker Rose Huerta who will be managing a lot of the fundraising. She will reach out if she has any questions.

Let me think about who should collect the credit card information. There are very tight security controls we have to adhere to when it comes to credit cards and protecting them. We certainly wouldn't be able to send through email unless it was an approved encrypted system. I'll get back to you in the morning on that.

Nice to meet you Rose, please let me know if you have any questions or need additional information.

Hi Alaina and Rose

After review of our security requirements as it relates to protecting credit card numbers we are going to need to collect that information directly here in the accounting office. The good news is we will have either Jean Bell (Accounting Manager) or Kristen Lindstrom (Indirect Costs Accounting Manager) available to collect that information and process the payment as needed. I've included both of them on the email thread as well.

One other item to point out regarding donations made through the credit card, they will be hit with a small merchant transaction fee thus reducing the donation available to us.

Hi Alaina and Rose

After review of our security requirements as it relates to protecting credit card numbers we are going to need to collect that information directly here in the accounting office. The good news is we will have either Jean Bell (Accounting Manager) or Kristen Lindstrom (Indirect Costs Accounting Manager) available to collect that information and process the payment as needed. I've included both of them on the email thread as well.

One other item to point out regarding donations made through the credit card, they will be hit with a small merchant transaction fee thus reducing the donation available to us.

Thx

Jean was able to confirm with the State Treasurer's office that we can do wire transfers if needed for the donated funds. Doing a wire transfer is much more involved so I would recommend limiting this method when possible.

What's the deal with the \$15k pending? Are those definitely not coming in at this point? And then I heard there was another donation made recently, so that will cover the shortfall. Are there any other state vendor invoices we are expecting after this?

Good Afternoon,

I wanted to send another update since we've had some activity this week. We will get the first Pro Production (\$66,106.92) invoice paid today. We also sent over the ADOA employee reimbursements to be paid as well. I was informed that the check from United Healthcare was not supposed to be sent to our fund here so we are currently short \$1,189.62 to pay the second Pro Production (\$33,697.10) invoice. Accenture let us know that they are still in the process of sending over a check to us. Let me know if you have any questions.

Thank you,

What's the deal with the \$15k pending? Are those definitely not coming in at this point? And then I heard there was another donation made recently, so that will cover the shortfall. Are there any other state vendor invoices we are expecting after this?

Thanks!

Allie

Good afternoon,

Attached please find the updated Inauguration 2023 tracking sheet. We are still waiting for donation checks from Accenture and Dexcom.

We also have one Pro Production invoice for \$33,697.10 that can not be paid until we receive one of the outstanding donation checks. We are currently \$903.73 short . Please let me know if you have any questions.

Thanks,
Kristen

Hi Allie-

We have received our first donated funds check along with the donor intent form for the upcoming inauguration. The check is for \$10,000 from GovGroup Arizona LLC. I'll need your approval on the donor intent form before we can deposit the check. If it's ok, I'll have a member of my team send you a PDF of the donor intent form which you can approve electronically. Let me know if you have any questions.

Thx

As you may be aware, Governor Ducey's schedule changes frequently and, at times, virtually at the last minute. Because of the governor's obligations to the state, he could, of necessity, be called away at any time. In the event the governor must miss your event, you will be notified as quickly as possible.

Hi Laura, per your request, below is a brief outline of the steps required to receive donations into the Governor's Office Donated funds. Please let me know if you have any questions or need additional information.

In accordance with A.R.S. 41-1105 The Governor's Office has two sub-funds set up for receiving donations into the Office. These funds are titled promotional fund and inauguration fund. Donations to either of these funds follow the same process outlined below.

Once a donor is identified as interested in making a donation the following steps should be taken:

- 1.) The donor will need to sign a donor intent form, Examples of both are attached.
- 2.) Once the donation and donor intent form are received, the Transition Team Leader or Designee will need to review and approve the donor intent form.

HOBBS001084

3.) After the donor intent form is completed and approved by the Designee, Please direct the approved Donor Intent form along with payment to John McCleve, in the Accounting Office and he will coordinate the deposit into the designated fund.

Other things to note:

- A.) In some cases a Donor may request a copy of the State's W-9 or may need an invoice detailing the deposit request before a donation can be made. The Accounting Office can help with these if needed.
- B.) Once donations start being deposited the Accounting office will update daily on the current balance of donations received.
- C.) Some Donors may want to donate by credit card which we should be able to do within the next couple of weeks.
- D.) There are unique requirements related to expenditures from the donated funds that we can detail out later.
- E.) For questions please feel free to contact John McCleve at jmccleve@az.gov or 602-542-1310.
- F.) Lastly, attached is the Governor's Office Donated Funds manual which goes into further detail on the donated funds process.

Transition Office Space & Budget

HOBBS001086

- The transition team will have a \$400,000 budget.
 - A document detailing potential salary and expense rates is attached — the amounts are just examples.
 - Please contact John McCleve if you have any question
- Designated space for the Transition team is available on the 5th floor of the Executive Tower. The space includes:
 - 1 Large Office
 - 4 Smaller Office
 - 1 Cubicle Space
 - Access to WIFI
 - John McCleve's team can assist in providing badges and access to this space. Please contact him at jmccleve@az.gov or 602-542-1310.

Email or website for accepting resumes

- The IT team is able to set up an email address to accept resumes. Please provide what domain you would like to use, for example:
GovOfficeJobs@az.gov

Administrative Staff

- The following administrative staff have expressed interest in staying with the office
 - Laura Raymond
 - Hannalee Donoso
 - Pam Cason
 - Sam Ledoux
 - Amy Funari
- Traditionally members of the Constituent Services and Boards & Commissions offices have stayed through administration changes, and many have expressed interest in staying with the office

Budget Meeting

- OSPB is all set to host a budget meeting with your transition team. The details are below.
 - Monday, November 21, 2022 at 10am
 - Executive Tower, 6th Floor
- Katie Ratlief and I will join for a brief introduction.

Also, attached is information regarding Agency Directors & Deputy Directors, as well as salary information for current Governor's Office staff. I would ask that you please keep personnel information included above or attached among the transition team – if any member of the public would like this information our office can provide it via public record request

We look forward to meeting with you soon, and are happy to provide additional answers to your questions.

Thanks!

Daniel

3. Funding for transition staff
4. An email or website for accepting resumes
5. Contact info for all directors and deputies
6. A list of 9th floor admins that want to stay

Also, we'll have to wait until Monday to set up the budget briefing as Gov-elect Hobbs and I will be out of state until Saturday night. Let us know what time will work for everyone's schedule for that. Also, if it would be possible to do a quick face-to-face between the Governor and

Hi Laura, per your request, below is a brief outline of the steps required to receive donations into the Governor's Office Donated funds. Please let me know if you have any questions or need additional information.

In accordance with A.R.S. 41-1105 The Governor's Office has two sub-funds set up for receiving donations into the Office. These funds are titled promotional fund and inauguration fund. Donations to either of these funds follow the same process outlined below.

Once a donor is identified as interested in making a donation the following steps should be taken:

- 1.) The donor will need to sign a donor intent form, Examples of both are attached.
- 2.) Once the donation and donor intent form are received, the Transition Team Leader or Designee will need to review and approve the donor intent form.
- 3.) After the donor intent form is completed and approved by the Designee, Please direct the approved Donor Intent form along with payment to John McCleve, in the Accounting Office and he will coordinate the deposit into the designated fund.

Other things to note:

- A.) In some cases a Donor may request a copy of the State's W-9 or may need an invoice detailing the deposit request before a donation can be made. The Accounting Office can help with these if needed.
- B.) Once donations start being deposited the Accounting office will update daily on the current balance of donations received.
- C.) Some Donors may want to donate by credit card which we should be able to do within the next couple of weeks.
- D.) There are unique requirements related to expenditures from the donated funds that we can detail out later.
- E.) For questions please feel free to contact John McCleve at jmccleve@az.gov or 602-542-1310.
- F.) Lastly, attached is the Governor's Office Donated Funds manual which goes into further detail on the donated funds process.

Sincerely,

John McCleve, CPA

Attachments: [Inauguration 2023 Tracking 2-13-23.xlsx](#)

Good afternoon,

Attached please find the updated Inauguration 2023 tracking sheet. We received the Dexcom check Friday and it is currently pending deposit with the Treasurer's Office. Once this clears we will pay the second Pro Production Services invoice. We are still waiting to receive the Accenture check. Let me know if you have any questions.

Thanks,
Kristen

Date: 12/13/2022

I, Richard Bark (printed name), hereby make a donation to the Governor of the State of Arizona for the sum of \$ 25,000 to be held by the State Treasurer in an account for the purpose of receiving donated monies kept separate from the State's general fund. This account will be administered in accordance with A.R.S. §§ 35-142, 35-149, 41-1105 and any applicable Executive Order of the Governor. I agree that this donation is not refundable after five (5) days from the date referenced above or for amounts less than one hundred dollars (\$100). I intend this donation to be used for the purpose of promoting the interest of the state or to promote and encourage citizen public service to the state*. I authorize the Office of the Governor to determine the best use of this donation consistent with A.R.S. § 41-1105. I place no other restrictions, terms or conditions on this donation. Monies received into this fund are not used to reimburse campaign expenses.

Hi Jean,

Pleasure speaking with you, too!!

The invoice was submitted for a check payment and we requested it be expedited. I hope it is to you within 3-4 weeks – the same time it would take to be able to take American Express. (and to be honest – this is such an easier option for me; while I do have corporate credit card, the firm would give me more hurdles on a \$10k charge...).

Could you send along the details for the inauguration ceremony and celebration?

Thank you!

This is helpful! Thank you, John!

Kristen or Jean – please give me a ring tomorrow to process my credit card payment. I think I've done the up front work with Amex so that the charge goes smoothly (since it's a corporate card they have certain limits on things...but I think I've worked that out!) My calendar is open these spots. Let me know what's good for you and I'll make sure I answer unknown numbers

Hi Kristi,

Thank you for your email and willingness to help sponsor the inauguration. I have attached a Declaration from the state comptroller regarding the deductibility of donations to the state which should answer your questions. We are able to process donations by credit card payment. I've included Jean Bell and Kristen Lindstrom from our team on this email thread and either of them can help with the credit card payment processing when you are ready. If you would like, I can have one of them reach out to you by email to begin the payment process. Thanks again for your support.

Thx

Hi John,

I got your contact info and donor intent form from my lobbyist Scott Smith at Highground. We would like to be a copper sponsor for the inauguration. Need to confirm it is tax deductible as I am making the donation through Accenture. I have attached the signed donor intent form. Scott mentioned you could take a credit card. How can we set that up?

We would like this sponsorship:

Copper Sponsor- \$10,000

Reserved Seating & VIP Parking Inaugural Swearing In Ceremony

4 Tickets Inaugural Celebration & Sponsor Reception

4 Signed Programs, Recognition in the Inaugural Program

Special Gift

Thank you very much! We are excited for the transition and Hobbs' leadership.

Thanks!

Thank you for the updated invoice but that will not work.

Our SAP System has to match what your invoice states. In order for this to happen, if the Governor's Inauguration Fund is under the State of Arizona as a business name with same Tax ID Number, it would have to be listed on the W-9 Line 2 as the business name.

Thanks.

Hi Rose,

I checked with John, our Comptroller, and he is ok with putting it in the memo line as you suggested. We've run into this issue with corporate donors before and it's hard to sort it out but as long as it clearly states that the purpose is Inauguration Fund we can argue the purpose. Our overall concern is that the distinction is clearly made between our office/inaugural and the State General Fund

Good Morning, Tracy and Lupe

Thank you for the donation and we are happy to assist. The State operates under one TIN as a whole and the Governor's Office operates as an Agency under that umbrella so the attached W9/TIN is accurate. Is it possible to set up the State as the vendor and The Governor's Inauguration Fund as an additional mailing address under that umbrella? It's important to have the check made out to The Governor's Inauguration Fund for donation purposes. Also the attached invoice is correct as it is written. Let us know how else we can help.

Best,

Jean Bell

Unfortunately the W9 is generated from the State General Accounting Office and we cannot make changes. Our Comptroller is ok if you can add a memo line to the check that clearly states the check is for The Governor's Inauguration Fund. Is this possible? Also, if the check is mailed to the address on the W9 I'll need to coordinate with you and GAO to flag the check so I can pick it up from them.

Here is the updated spreadsheet. Please note that the credit card donation from AZ Mining Association has been deposited, but the associated credit card fee has not hit the account yet. I added in a line item for this fee at the estimated amount of \$175; therefore, the ending balance shown in the account might change slightly based on the amount of the final fee once posted. Please let me know if you have any questions.

Thank you,
Kristen

Attached is the Inauguration fund balance tracking sheet. As you can see, we have

\$10k that has been received, deposited, posted and available for expenditures. The Banner check for \$10k has been deposited and should be posted over the weekend. The two credit card payments are in processing and should be available by the end of next week. Jean Bell and Kristen Lindstrom (They are both CC'd) from my team will be sending you updated tracking sheets regularly going forward. Also, please feel free to reach out to them as well regarding any questions tied to the inauguration fund. Let me know if you have any questions.

Thx

After review of our security requirements as it relates to protecting credit card numbers we are going to need to collect that information directly here in the accounting office. The good news is we will have either Jean Bell (Accounting Manager) or Kristen Lindstrom (Indirect Costs Accounting Manager) available to collect that information and process the payment as needed. I've included both of them on the email thread as well.

One other item to point out regarding donations made through the credit card, they will be hit with a small merchant transaction fee thus reducing the donation available to us.

Hi Allie,

We did receive a check late yesterday afternoon for \$50,000 from United Healthcare. I have reached out to Rose to see if she could get us the Donor Intent form so we can deposit the check. This will definitely cover the current shortfall. I am not positive if the other checks are coming or not. We are going to reach out to our contact at Accenture to find out a status update on their check. However, we do not have contact information for Dexcom. We currently have the two Pro Production invoices. Alaina will have to let us know if there are any additional outstanding invoices left to pay. Let me know if you need anything else.

Thanks,
Kristen

What's the deal with the \$15k pending? Are those definitely not coming in at this point? And then I heard there was another donation made recently, so that will cover the shortfall. Are there any other state vendor invoices we are expecting after this?

Thanks!

Our SAP System has to match what your invoice states. In order for this to happen, if the Governor's Inauguration Fund is under the State of Arizona as a business name with same Tax ID Number, it would have to be listed on the W-9 Line 2 as the business name.

Thanks.

The swearing-in ceremony is on January 5th at 10 am at the Arizona Capitol. The Inauguration Gala will be on January 7th at Talking Stick Resort with a sponsor reception starting at 6:30 pm and general reception following at 7 pm.

Yes, we welcome individual and corporate donations. If you are looking for a tax-deductible option, you can contribute to the state account instead of the ADP account. I have attached the fact sheet for the state account below.

On Mon, Dec 12, 2022 at 2:59 PM Martin Mathers <mathers@gagemathers.com> wrote:

Rose – I just spoke with Gov-Elect Hobbs.

Depending on some needed details – we might be able to attend.

When is the swearing in ceremony – place, date and time?

And please confirm the date, time, and place of the reception.

Finally, it looks like individual and corp donations are welcome – true? Are the deductions tax deductible?

Please let me know so we can plan accordingly. Thanks.

Be well,

Martin

Hi Martin,

Thank you for supporting the campaign and helping us cross the finish line to victory. I am looking forward to working towards a stronger future for Arizona and fighting for all Arizonans.

But first, I would like to invite you and Liz to celebrate with me at the inauguration. You have done so much already, I would appreciate considering sponsorship of the inauguration.

I have attached the sponsorship form with more details but please reach out to Rose, cc'd here, if you have any questions!

Hi Allie,

We did receive a check late yesterday afternoon for \$50,000 from United Healthcare. I have reached out to Rose to see if she could get us the Donor Intent form so we can deposit the check. This will definitely cover the current shortfall. I am not positive if the other checks are coming or not. We are going to reach out to our contact at Accenture to find out a status update on their check. However, we do not have contact information for Dexcom. We currently have the two Pro Production invoices. Alaina will have to let us know if there are any additional outstanding invoices left to pay. Let me know if you need anything else.

Thanks,

Good Afternoon,

I wanted to send another update since we've had some activity this week. We will get the first Pro Production (\$66,106.92) invoice paid today. We also sent over the ADOA employee reimbursements to be paid as well. I was informed that the check from United Healthcare was not supposed to be sent to our fund here so we are currently short \$1,189.62 to pay the second Pro Production (\$33,697.10) invoice. Accenture let us know that they are still in the process of sending over a check to us. Let me know if you have any questions.

Thank you,

**SERVICE CONTRACT
NO. SC-IDC-HW-122722-01**

Between the

**STATE OF ARIZONA,
OFFICE OF THE GOVERNOR**

And

HIREAWIZ, LLC

This service contract (the "Contract") is entered into by and between the State of Arizona, Office of the Governor, located at 1700 W. Washington St., Phoenix, AZ 85007 and HireAWiz, LLC ("Contractor").

I. PURPOSE OF CONTRACT

Office of the Governor desires to retain the services of Contractor for assistance to the Governor Transition Office as a Consultant according to the terms set forth below.

II. TERM OF CONTRACT/ EFFECTIVE DATE

The term of the Contract shall commence December 27, 2022 and shall remain in effect until January 31, 2023, unless terminated, canceled or extended as otherwise provided herein.

III. DOCUMENTS INCORPORATED BY REFERENCE

The State of Arizona's Uniform Terms and Conditions V9 (Rev 7-1-13) are incorporated into this contract as if fully set forth herein. Copies of this document may be accessed at:

https://spo.az.gov/sites/default/files/documents/files/Uniform%20Terms%20and%20Conditions%20V9_%28Rev%207-1-2013%29.pdf. In the event of any divergence between this contract and the Uniform Terms and Conditions, the contract shall control. Contractor warrants that it has read and understands the Uniform Terms and Conditions V9 (Rev 7-1-13), and agrees to be bound by them in their entirety.

IV. WORK STATEMENT AND GENERAL PROVISIONS

The parties mutually agree as follows:

A. Compensation

HireAWiz, LLC shall provide an initial consultation and website updates per Governor's staff request for the week ending 12/30/2022, for a contract fee of \$10,000.

Should revisions or additional work be necessary beyond the initial updates ending 12/30/2022, additional days shall be billed at no more than \$2,000 per day.

This Contract is for services to be provided on an as-needed, if-needed basis with total compensation not to exceed the contract term set forth above.

Contractor shall submit detailed invoices to the Arizona Office of the Governor. Payment from the Arizona Office of the Governor will be made within thirty (30) business days of receipt of invoice. Payments shall comply with the requirements of A.R.S. Titles 35 and 41.

B. Description of Services and Contractor Requirements

The Contractor shall begin duties under this Contract on December 27, 2022 on an as-needed, if-needed basis. Contractor shall provide its initial consultation and an update on website changes to Governor's Office staff no later than Friday, December 30, 2022. Any additional work or changes necessary beyond 12/30/2022 shall be requested in writing by Governor's Office staff and performed consistent with the terms and rates set forth above.

This Contract shall not be interpreted to guarantee any amount of assignments and the parties agree that the decision to make or withhold assignments is within the sole discretion of the Office of the Governor.

Contractor is an independent contractor and is not an employee, servant, agent, partner or joint venturer of the Office of the Governor. The Office of the Governor will determine the work to be done by Contractor, but Contractor will determine the legal means by which Contractor accomplishes the work specified by the Office of the Governor.

Contractor is not entitled to receive benefits that employees of the Office of the Governor are entitled to receive, including, but not limited, to workers' compensation, unemployment compensation, health, vision, or dental insurance, retirement benefits, annual leave, and holiday pay.

The Office of the Governor retains no control or direction over Contractor or over the detail, manner or methods of performance of the services by Contractor. The Office of the Governor does not have the authority to supervise or control the work of Contractor except as to the assignment and results of the work performed.

Contractor will follow all applicable laws, rules, and regulations for work performed under this Contract. All of Contractor's time billed under this contract will be in furtherance of the assignments from the Office of the Governor and will not include campaign, political fundraising, political endorsement, or electioneering activities.

V. APPLICABLE LAW

In accordance with A.R.S. § 41-2501, *et seq.*, and Arizona Administrative Code R2-7-101, *et seq.*, the contract shall be governed and interpreted by the laws of the State of Arizona and the Arizona Procurement Code.

VI. NON-AVAILABILITY OF FUNDS

In accordance with A.R.S. § 35-154, every payment obligation of Office of the Governor under the contract is conditioned upon the availability of funds appropriated or allocated for payment of such obligation. If funds are not allocated and available for the continuance of this contract, this contract may be terminated by the Office of the Governor at the end of the period for which funds are available. No liability shall accrue to the Office of the Governor in the event this provision is exercised, and the Office of the Governor shall not be obligated or liable for any future payments or for any damages as a result of termination under this paragraph.

VII. AUDIT

In accordance with A.R.S. § 35-214, Contractor shall retain and shall contractually require each contractor and subcontractor to retain all data, books and other records ("records") relating to this Contract for a period of five years after completion of the Contract. All records shall be subject to inspection and audit by Office of the Governor at reasonable times. Upon request, Contractor shall produce the original of any or all such records.

VIII. CONFLICT OF INTEREST

In accordance with A.R.S. § 38-511, Office of the Governor may within three years after execution cancel the Contract, without penalty or further obligation, if any person significantly involved in initiating, negotiating, securing, drafting or creating the Contract on behalf of Office of the Governor, at any time while the Contract is in effect, becomes an employee or agent or any other party to the Contract in any capacity or a consultant to any other party of the Contract with respect to the matter of the Contract.

IX. OTHER

All communication between the Contractor and the Office of the Governor shall be considered privileged and confidential, except as required by applicable law. Each party has participated fully in the negotiation and preparation of this contract. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Contract. The parties acknowledge that they have been advised by counsel, or have had the opportunity to be advised by counsel, in the negotiation and execution of this Contract.

IN WITNESS WHEREOF, the parties agree to execute this contract and agree to the terms of the contract.

And

HIREAWIZ, LLC

After further consultation and scope exploration exercises, additional webpages are potentially in need of redesign and necessitate the allocation of additional time and resources to expedite the update. As such, the following sections of the above referenced Agreement are hereby amended to be replaced as follows:

IV. WORK STATEMENT AND GENERAL PROVISIONS

The parties mutually agree as follows:

A. Compensation

HireAWiz, LLC shall provide an initial consultation and website updates per Governor's staff request for the period 12/27/2022 – 1/2/2023, for a contract fee of up to \$25,000.

Should revisions or additional work be necessary beyond the initial updates ending 1/2/2023, additional days shall be billed at no more than \$2,000 per day. If the Governor's Office requires additional resources to be added to a project to expedite the timeline, they have this ability and HIREAWIZ will make the resource allocation based on availability at a rate not to exceed \$2,000 per day per additional resource.

This Contract is for services to be provided on an as-needed, if-needed basis with total compensation not to exceed the contract term set forth above. Contractor shall submit detailed invoices to the Arizona Office of the Governor. Payment from the Arizona Office of the Governor will be made within thirty (30) business days of receipt of invoice. Payments shall comply with the requirements of A.R.S. Titles 35 and 41.

B. Description of Services and Contractor Requirements

The Contractor shall begin duties under this Contract on December 27, 2022 on an as-needed, if-needed basis. Contractor shall provide its initial consultation and an update on website changes to Governor's Office staff no later than Friday, December 30, 2022. A second update to changes made shall be provided Tuesday 1/2/2023. Any additional work or changes necessary beyond 1/2/2023 shall be requested in writing by Governor's Office staff and performed consistent with the terms and rates set forth above.

This Contract shall not be interpreted to guarantee any amount of assignments and the parties agree that the decision to make or withhold assignments is within the sole discretion of the Office of the Governor.

Contractor is an independent contractor and is not an employee, servant, agent, partner or joint venturer of the Office of the Governor. The Office of the Governor will determine the work to be done by Contractor, but Contractor will determine the legal means by which Contractor accomplishes the work specified by the Office of the Governor.

Contractor is not entitled to receive benefits that employees of the Office of the Governor are entitled to receive, including, but not limited, to workers' compensation, unemployment compensation, health, vision, or dental insurance, retirement benefits, annual leave, and holiday pay.

The Office of the Governor retains no control or direction over Contractor or over the detail, manner or methods of performance of the services by Contractor. The Office of the Governor does not have the authority to supervise or control the work of Contractor except as to the assignment and results of the work performed.

Contractor will follow all applicable laws, rules, and regulations for work performed under this Contract. All of Contractor's time billed under this contract will be in furtherance of the assignments from the Office of the Governor and will not include campaign, political fundraising, political endorsement, or electioneering activities.

Except as specifically state herein, all other terms and conditions of this Agreement remain unchanged.

IN WITNESS WHEREOF, the parties agree to execute this Amendment.

Thank you so much! We are doing the real swearing in the 2nd with a ceremonial swearing in on the 5th.

That is great news about the credit card process. Would we be able to collect that information and call or would the donors have to call directly?

I've also cc-ed my coworker Rose Huerta who will be managing a lot of the fundraising. She will reach out if she has any questions.

Looks like we should be able to start collecting credit card donations as early as tomorrow or Wednesday of this week. It also appears we can take the credit card information over the phone as long as we have the following details; Card#, Amount, Expiration Date, Street#, Zip Code and 3 digit Security Code on the back. Still waiting to hear back on the wire transfer process and if that's an option as well.

Let me think about who should collect the credit card information. There are very tight security controls we have to adhere to when it comes to credit cards and protecting them. We certainly wouldn't be able to send through email unless it was an approved encrypted system. I'll get back to you in the morning on that.

Nice to meet you Rose, please let me know if you have any questions or need additional information.

Hi Alaina and Rose

After review of our security requirements as it relates to protecting credit card numbers we are going to need to collect that information directly here in the accounting office. The good news is we will have either Jean Bell (Accounting Manager) or Kristen Lindstrom (Indirect Costs Accounting Manager) available to collect that information and process the payment as needed. I've included both of them on the email thread as well.

One other item to point out regarding donations made through the credit card, they will be hit with a small merchant transaction fee thus reducing the donation available to us.

Thx

Jean was able to confirm with the State Treasurer's office that we can do wire transfers if needed for the donated funds. Doing a wire transfer is much more involved so I would recommend limiting this method when possible.

Let me think about who should collect the credit card information. There are very tight security controls we have to adhere to when it comes to credit cards and protecting them. We certainly wouldn't be able to send through email unless it was an approved encrypted system. I'll get back to you in the morning on that.

Nice to meet you Rose, please let me know if you have any questions or need additional information.

Thx

Hi Alaina and Rose

After review of our security requirements as it relates to protecting credit card numbers we are going to need to collect that information directly here in the accounting office. The good news is we will have either Jean Bell (Accounting Manager) or Kristen Lindstrom (Indirect Costs Accounting Manager) available to collect that information and process the payment as needed. I've included both of them on the email thread as well.

One other item to point out regarding donations made through the credit card, they will be hit with a small merchant transaction fee thus reducing the donation available to us.

Thx
JM

Jean was able to confirm with the State Treasurer's office that we can do wire transfers if needed for the donated funds. Doing a wire transfer is much more involved so I would recommend limiting this method when possible.

On the inauguration, I wanted to share with you the interest and outreach we have had from clients and friends - primarily Republicans. Many of them view the transition and the inaugural events as an opportunity to demonstrate unity by showing support for someone they didn't support in the General election.

The dignity Katie has shown in winning is a strong contrast to the petulant calls from the Lake team for a "do over," and this rhetoric is motivating old school Republicans like Jim Click and others to engage. (And to disengage from all things Trump-related).

Hi Ms. Pemberton,

Warmest greetings from the Taipei Economic and Cultural Office in Los Angeles (TECO-LA), the de facto Consulate General of Taiwan.

I am David Chen, deputy director of the political division of TECO-LA. Yesterday, Ms. Bones provided me with your contact information for me to acquire information about the inauguration ceremony of Governor-elect Hobbs on January 5, 2023. TECO-LA's Director General Louis M. Huang, who met with Governor-elect on March 28 of this year, would like to attend her inauguration ceremony on behalf of Taiwan government.

Governor-elect was invited to visit Taiwan in 2016 as a member of the Arizona State Legislature delegation. Since then, we've considered her a good friend of Taiwan and would like to personally congratulate her.

Your prompt and favorable response is very appreciated. Please feel free to contact me if you have any questions.

And please confirm the date, time, and place of the reception.

Finally, it looks like individual and corp donations are welcome – true? Are the deductions tax deductible?

Please let me know so we can plan accordingly. Thanks.

Great.

To give to the state account, you will have to fill out the donor intent form. I have attached the W-9. If there is any paperwork you need for internal processing, Jean and Kristen will be of better assistance.

Good Morning, Tracy and Lupe

Thank you for the donation and we are happy to assist. The State operates under one TIN as a whole and the Governor's Office operates as an Agency under that umbrella so the attached W9/TIN is accurate. Is it possible to set up the State as the vendor and The Governor's Inauguration Fund as an additional mailing address under that umbrella? It's important to have the check made out to The Governor's Inauguration Fund for donation purposes. Also the attached invoice is correct as it is written. Let us know how else we can help.

Best,

Hi Jean,

Thank you for assisting in getting this contribution sorted out.

Can they make the check payable to the State of Arizona- Governor's Inauguration Fund? Or can it be accepted if Governor's Inauguration Fund is in the memo line?

Thank you for the updated invoice but that will not work.

Our SAP System has to match what your invoice states. In order for this to happen, if the Governor's Inauguration Fund is under the State of Arizona as a business name with same Tax ID Number, it would have to be listed on the W-9 Line 2 as the business name.

Thanks.

Hi Rose,

KHIF - 040

I checked with John, our Comptroller, and he is ok with putting it in the memo line as you suggested. We've run into this issue with corporate donors before and it's hard to sort it out but as long as it clearly states that the purpose is Inauguration Fund we can argue the purpose. Our overall concern is that the distinction is clearly made between our office/inaugural and the State General Fund

thx
Jean

Unfortunately the W9 is generated from the State General Accounting Office and we cannot make changes. Our Comptroller is ok if you can add a memo line to the check that clearly states the check is for The Governor's Inauguration Fund. Is this possible? Also, if the check is mailed to the address on the W9 I'll need to coordinate with you and GAO to flag the check so I can pick it up from them.

Thanks,
Jean

Attached is the Inauguration fund balance tracking sheet. As you can see, we have \$10k that has been received, deposited, posted and available for expenditures. The Banner check for \$10k has been deposited and should be posted over the weekend. The two credit card payments are in processing and should be available by the end of next week. Jean Bell and Kristen Lindstrom (They are both CC'd) from my team will be sending you updated tracking sheets regularly going forward. Also, please feel free to reach out to them as well regarding any questions tied to the inauguration fund. Let me know if you have any questions.

Hi Alaina,

Here is the updated spreadsheet. Please note that the credit card donation from AZ Mining Association has been deposited, but the associated credit card fee has not hit the account yet. I added in a line item for this fee at the estimated amount of \$175; therefore, the ending balance shown in the account might change slightly based on the amount of the final fee once posted. Please let me know if you have any questions.

Thank you,
Kristen

Great.

To give to the state account, you will have to fill out the donor intent form. I have attached the W-9. If there is any paperwork you need for internal processing, Jean and Kristen will be of better assistance.

Good Morning, Tracy and Lupe

Thank you for the donation and we are happy to assist. The State operates under one TIN as a whole and the Governor's Office operates as an Agency under that umbrella so the attached W9/TIN is accurate. Is it possible to set up the State as the vendor and The Governor's Inauguration Fund as an additional mailing address under that umbrella? It's important to have the check made out to The Governor's Inauguration Fund for donation purposes. Also the attached invoice is correct as it is written. Let us know how else we can help.

Best,

Can they make the check payable to the State of Arizona- Governor's Inaugration Fund? Or can it be accepted if Governor's Inaugration Fund is in the memo line?

Thank you for the updated invoice but that will not work.

Our SAP System has to match what your invoice states. In order for this to happen, if the Governor's Inaugration Fund is under the State of Arizona as a business name with same Tax ID Number, it would have to be listed on the W-9 Line 2 as the business name.

Thanks.

Hi Rose,

KHIF - 054

I checked with John, our Comptroller, and he is ok with putting it in the memo line as you suggested. We've run into this issue with corporate donors before and it's hard to sort it out but as long as it clearly states that the purpose is Inauguration Fund we can argue the purpose. Our overall concern is that the distinction is clearly made between our office/inaugural and the State General Fund

Unfortunately the W9 is generated from the State General Accounting Office and we cannot make changes. Our Comptroller is ok if you can add a memo line to the check that clearly states the check is for The Governor's Inauguration Fund. Is this possible? Also, if the check is mailed to the address on the W9 I'll need to coordinate with you and GAO to flag the check so I can pick it up from them.

Thanks,
Jean

Hi,

KHIF - 057

I received the check and would like to overnight it to the below address. Can you please confirm that someone will be in the office this week or should I send out on Tuesday, 1/3?

Governors Accounting Office
Attn: John McCleve
1700 West Washington Street
Suite 500
Phoenix AZ 85007

Thanks!

Hi Rose,
I hope you are doing well. I'm following up on the PepsiCo donation, we have received the check but I don't have the Donor Intent from them. Would you happen to have received it?

thx

Hi Jean,

Pleasure speaking with you, too!!

The invoice was submitted for a check payment and we requested it be expedited. I hope it is to you within 3-4 weeks – the same time it would take to be able to take American Express. (and to be honest – this is such an easier option for me; while I do have corporate credit card, the firm would give me more hurdles on a \$10k charge...).

Could you send along the details for the inauguration ceremony and celebration?

Thank you!

Kristen or Jean – please give me a ring tomorrow to process my credit card payment. I think I've done the up front work with Amex so that the charge goes smoothly (since it's a corporate card they have certain limits on things...but I think I've worked that out!) Hi Kristi,

KHIF - 061

Thank you for your email and willingness to help sponsor the inauguration. I have attached a Declaration from the state comptroller regarding the deductibility of donations to the state which should answer your questions. We are able to process donations by credit card payment. I've included Jean Bell and Kristen Lindstrom from our team on this email thread and either of them can help with the credit card payment processing when you are ready. If you would like, I can have one of them reach out to you by email to begin the payment process. Thanks again for your support.

Thx

I got your contact info and donor intent form from my lobbyist Scott Smith at Highground. We would like to be a copper sponsor for the inauguration. Need to confirm it is tax deductible as I am making the donation through Accenture. I have attached the signed donor intent form. Scott mentioned you could take a credit card. How can we set that up?

We would like this sponsorship:

Copper Sponsor- \$10,000

Reserved Seating & VIP Parking Inaugural Swearing In Ceremony

4 Tickets Inaugural Celebration & Sponsor Reception

4 Signed Programs, Recognition in the Inaugural Program

Special Gift

Thank you very much! We are excited for the transition and Hobbs' leadership.

Katie Hobbs Inaugural Fund

Nicole DeMont

nicole@katiehobbs.org

Re: Legal Representation

Dear Nicole:

We are delighted that the Katie Hobbs Inaugural Fund (“you” or “your”) has selected Elias Law Group LLP (“Elias Law Group” or the “firm”) as your legal counsel. We are honored you have placed your trust in us and we look forward to working together.

Elias Law Group will represent you in connection with nonprofit tax matters. We understand that you may ask us to perform additional services on other matters. The terms of this letter will apply to any additional matters that we mutually agree to undertake unless there is a separate engagement letter.

Elias Law Group is committed to representing progressive organizations and causes. We believe that the proposed representation is consistent with this mission, but if you have any concerns, please feel free to raise them now or at any point in the representation.

We calculate our fees based on the time and effort devoted to the matter and the hourly rates of the lawyers and paralegals involved. We assign lawyers, paralegals and other professionals as we believe appropriate. Our hourly rates range from [REDACTED] per hour for our most experienced partners to [REDACTED] for our most junior associates. Our rates are updated annually, usually in December. [REDACTED]

In addition to fees, our statements include out-of-pocket expenses and internal charges which Elias Law Group incurs in connection with our representation of you. Although we will typically pay these ourselves and include the charge on your invoice, there may be times where these will be billed to you directly from the vendor.

Each invoice we send you is due and payable within 30 days of receiving it. In order to avoid burdening clients who pay our statements promptly with the costs we incur when others are late, the Elias Law Group reserves the right to impose an additional charge of one percent per month from the statement date if statements are not paid in a timely manner. Furthermore, if our fees are not paid timely, we reserve the right to terminate our services and withdraw from any matter, proceeding, or case then pending, so long as our withdrawal can be accomplished in accordance with applicable Rules of Professional Responsibility. Additionally, should it become necessary, you will be responsible for any costs and attorneys’ fees incurred by the Elias Law Group in collecting

any unpaid and outstanding balances owed. By executing this agreement, you agree that we are authorized to send your invoices by electronic mail.

Elias Law Group may represent currently or in the future many other organizations, committees, candidates, campaigns, individuals, and companies ("clients"). This representation includes organizations seeking different outcomes. [REDACTED]

It is possible that during the time that we are representing you, some of our present or future clients will have disputes or transactions with you, or the firm will be asked to represent a party to which you are adverse in this matter. [REDACTED]

We believe that it is in our clients' interests, as well as ours, that in the event legal ethics or professional responsibility issues arise during a representation, we receive expert analysis. [REDACTED]

[REDACTED] The costs associated with such legal counsel for Elias Law Group will be paid solely by Elias Law Group and will not be charged to you in any way.

During the course of the representation, Elias Law Group shall maintain a file on your behalf. The file may include material you have given to us in connection with the representation, as well as other material such as pleadings, transcripts, exhibits, reports, contracts, correspondence, and other documents reasonably necessary to the representation ("Your File"). You agree that our internal communications, preliminary drafts, notes, and mental impressions shall be and remain our property and shall not be considered part of Your File. Your File shall be and remain your property. [REDACTED]

You have the right to terminate the firm's services at any time.

Similarly, Elias Law Group has the right to terminate this representation at any time consistent with the District of Columbia Rules of Professional Conduct.

If this agreement is terminated early, you agree to pay any fees already earned and expenses incurred on your behalf, as well as for any further expenses incurred in transferring representation to other counsel of your choice.

This letter confirms the terms and conditions under which Elias Law Group LLP will provide legal services to you. If you agree that this letter correctly describes the terms of our engagement, please sign and date a copy of this letter and return it to me. If you have any questions about this letter or anything else, please call me at any time.

We look forward to working with you and are thankful for your confidence in Elias Law Group.

Sincerely,

Jonathan S. Berkon
Elias Law Group LLP

Thank you so much! We are doing the real swearing in the 2nd with a ceremonial swearing in on the 5th.

That is great news about the credit card process. Would we be able to collect that information and call or would the donors have to call directly?

I've also cc-ed my coworker Rose Huerta who will be managing a lot of the fundraising. She will reach out if she has any questions.

Looks like we should be able to start collecting credit card donations as early as tomorrow or Wednesday of this week. Still waiting to hear back on the wire transfer process and if that's an option as well.

Let me think about who should collect the credit card information. There are very tight security controls we have to adhere to when it comes to credit cards and protecting them. We certainly wouldn't be able to send through email unless it was an approved encrypted system. I'll get back to you in the morning on that.

Nice to meet you Rose, please let me know if you have any questions or need additional information.

Hi Alaina and Rose

After review of our security requirements as it relates to protecting credit card numbers we are going to need to collect that information directly here in the accounting office. The good news is we will have either Jean Bell (Accounting Manager) or Kristen Lindstrom (Indirect Costs Accounting Manager) available to collect that information and process the payment as needed. I've included both of them on the email thread as well.

One other item to point out regarding donations made through the credit card, they will be hit with a small merchant transaction fee thus reducing the donation available to us.

Thx

On the inauguration, I wanted to share with you the interest and outreach we have had from clients and friends - primarily Republicans. Many of them view the transition and the inaugural events as an opportunity to demonstrate unity by showing support for someone they didn't support in the General election.

The dignity Katie has shown in winning is a strong contrast to the petulant calls from the Lake team for a "do over," and this rhetoric is motivating old school Republicans like Jim Click and others to engage. (And to disengage from all things Trump-related).

KHIF - 093

Let us know how we can help. And be sure to keep us posted as you organize the effort and raise funds.

Thanks, Allie.

Hi Ms. Pemberton,

Warmest greetings from the Taipei Economic and Cultural Office in Los Angeles (TECO-LA), the de facto Consulate General of Taiwan.

I am David Chen, deputy director of the political division of TECO-LA. Yesterday, Ms. Bones provided me with your contact information for me to acquire information about the inauguration ceremony of Governor-elect Hobbs on January 5, 2023. TECO-LA's Director General Louis M. Huang, who met with Governor-elect on March 28 of this year, would like to attend her inauguration ceremony on behalf of Taiwan government.

Governor-elect was invited to visit Taiwan in 2016 as a member of the Arizona State Legislature delegation. Since then, we've considered her a good friend of Taiwan and would like to personally congratulate her.

Your prompt and favorable response is very appreciated. Please feel free to contact me if you have any questions.

Thank you and have a nice day.

Hi Alaina,

I hope this email finds you well.

As we are waiting for the invitation, may I inquire if there's a website (like Eventbrite) for us to register/ RSVP? Director General Louis M. Huang and I are looking forward to attend the inauguration ceremony.

Thank you very much.

Hi Ms. Huerta,

I hope this email finds you well.

Thanks to Ms. Pemberton, we learned that the link of the invitation will be emailed to invitees late last week. However, I haven't received it. It will be much appreciated if you could help us with this matter.

Days ago, I got the attached copy of an invitation from a friend. It seems that some invitations have been sent out.

Director General Louis Huang and I are eager to attend the inauguration ceremony on behalf of Taiwan's government. Your prompt response will be highly appreciated.

Thank you and have a nice day.

Hi Martin,

Thank you for supporting the campaign and helping us cross the finish line to victory. I am looking forward to working towards a stronger future for Arizona and fighting for all Arizonans.

But first, I would like to invite you and Liz to celebrate with me at the inauguration. You have done so much already, I would appreciate considering sponsorship of the inauguration.

I have attached the sponsorship form with more details but please reach out to Rose, cc'd here, if you have any questions!

Sincerely,

Governor-Elect Katie Hobbs

Rose – I just spoke with Gov-Elect Hobbs.

Depending on some needed details – we might be able to attend.

When is the swearing in ceremony – place, date and time?

And please confirm the date, time, and place of the reception.

Finally, it looks like individual and corp donations are welcome – true? Are the deductions tax deductible?

Please let me know so we can plan accordingly. Thanks.

Be well,

Martin

STATE OF ARIZONA

Declaration of the State Comptroller

The State of Arizona is a qualifying organization for the purpose of charitable contributions.

Section 170(c)(1) of the Internal Revenue Code, when defining charitable contributions includes contributions to

"[a] State, a possession of the United States, or any political subdivision of any of the foregoing...if such gift is made for exclusively public purposes."

A.R.S. § 43-1042.A. permits taxpayers to

"take the amount of itemized deductions allowable for the taxable year pursuant to [the relevant sections of the Internal Revenue Code]."

This document may be provided to any individual or organization interested in making a contribution to the State of Arizona, its agencies or components to support a public purpose. Although it is not the function of the State to give legal or tax advice, a donation made to the State of Arizona to support a public purpose may qualify as a deduction in determining the donor's Federal and Arizona taxable income. Donors should consult with their legal and/or tax advisors for guidance concerning the deductibility of their contributions.

We greatly appreciate the support and cooperation of individuals and organizations committed to assisting the State of Arizona, its agencies and components in carrying out their public responsibilities.

STATEMENT OF DONOR INTENT
UNCONDITIONAL**

Date: 12/15/2022

I, GAGE MATHERS, LAWYERS (printed name), hereby make a donation to the Governor of the State of Arizona for the sum of \$ 5,000 to be held by the State Treasurer in an account for the purpose of receiving donated monies kept separate from the State's general fund. This account will be administered in accordance with A.R.S. §§ 35-142, 35-149, 41-1105 and any applicable Executive Order of the Governor. I agree that this donation is not refundable after five (5) days from the date referenced above or for amounts less than one hundred dollars (\$100). I intend this donation to be used for the purpose of promoting the interest of the state or to promote and encourage citizen public service to the state*. I authorize the Office of the Governor to determine the best use of this donation consistent with A.R.S. § 41-1105. I place no other restrictions, terms or conditions on this donation. Monies received into this fund are not used to reimburse campaign expenses.

Hi Martin,

Thank you for supporting the campaign and helping us cross the finish line to victory. I am looking forward to working towards a stronger future for Arizona and fighting for all Arizonans.

But first, I would like to invite you and Liz to celebrate with me at the inauguration. You have done so much already, I would appreciate considering sponsorship of the inauguration.

I have attached the sponsorship form with more details but please reach out to Rose, cc'd here, if you have any questions!

Sincerely,

Governor-Elect Katie Hobbs

Rose – I just spoke with Gov-Elect Hobbs.

Depending on some needed details – we might be able to attend.

When is the swearing in ceremony – place, date and time?

And please confirm the date, time, and place of the reception.

Finally, it looks like individual and corp donations are welcome – true? Are the deductions tax deductible?

Please let me know so we can plan accordingly. Thanks.

Be well,

Martin

The swearing-in ceremony is on January 5th at 10 am at the Arizona Capitol. The Inauguration Gala will be on January 7th at Talking Stick Resort with a sponsor reception starting at 6:30 pm and general reception following at 7 pm.

Yes, we welcome individual and corporate donations. If you are looking for a tax-deductible option, you can contribute to the state account instead of the ADP account. I have attached the fact sheet for the state account below.

STATE OF ARIZONA

Declaration of the State Comptroller

The State of Arizona is a qualifying organization for the purpose of charitable contributions.

Section 170(c)(1) of the Internal Revenue Code, when defining charitable contributions includes contributions to

"[a] State, a possession of the United States, or any political subdivision of any of the foregoing...if such gift is made for exclusively public purposes."

A.R.S. § 43-1042.A. permits taxpayers to

"take the amount of itemized deductions allowable for the taxable year pursuant to [the relevant sections of the Internal Revenue Code]."

This document may be provided to any individual or organization interested in making a contribution to the State of Arizona, its agencies or components to support a public purpose. Although it is not the function of the State to give legal or tax advice, a donation made to the State of Arizona to support a public purpose may qualify as a deduction in determining the donor's Federal and Arizona taxable income. Donors should consult with their legal and/or tax advisors for guidance concerning the deductibility of their contributions.

We greatly appreciate the support and cooperation of individuals and organizations committed to assisting the State of Arizona, its agencies and components in carrying out their public responsibilities.

Hi Lupe,

Berkley has informed me you would like to move forward with the new account. Would you prefer to move forward with the state account or the C4 account?

We have to move forward with state. But our system is very particular. The instructions sent to us are conflicting with the w9. Can you or someone from your team work with Tracy, on copy here, from my team, to get the right w9 and invoice for us? Thank you

Great.

To give to the state account, you will have to fill out the donor intent form. I have attached the W-9. If there is any paperwork you need for internal processing, Jean and Kristen will be of better assistance.

Good Morning, Tracy and Lupe

Thank you for the donation and we are happy to assist. The State operates under one TIN as a whole and the Governor's Office operates as an Agency under that umbrella so the attached W9/TIN is accurate. Is it possible to set up the State as the vendor and The Governor's Inauguration Fund as an additional mailing address under that umbrella? It's important to have the check made out to The Governor's Inauguration Fund for donation purposes. Also the attached invoice is correct as it is written. Let us know how else we can help.

Best,

Hi Jean,

Thank you for assisting in getting this contribution sorted out.

Can they make the check payable to the State of Arizona- Governor's Inauguration Fund? Or can it be accepted if Governor's Inaugration Fund is in the memo line?

Thank you for the updated invoice but that will not work.

Our SAP System has to match what your invoice states. In order for this to happen, if the Governor's Inauguration Fund is under the State of Arizona as a business name with same Tax ID Number, it would have to be listed on the W-9 Line 2 as the business name.

Thanks.

Hi Rose,

KHIF - 147

I checked with John, our Comptroller, and he is ok with putting it in the memo line as you suggested. We've run into this issue with corporate donors before and it's hard to sort it out but as long as it clearly states that the purpose is Inauguration Fund we can argue the purpose. Our overall concern is that the distinction is clearly made between our office/inaugural and the State General Fund

thx

Unfortunately the W9 is generated from the State General Accounting Office and we cannot make changes. Our Comptroller is ok if you can add a memo line to the check that clearly states the check is for The Governor's Inauguration Fund. Is this possible? Also, if the check is mailed to the address on the W9 I'll need to coordinate with you and GAO to flag the check so I can pick it up from them.

Thanks,
Jean

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
 - Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
 - Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
 - Form 1099-S (proceeds from real estate transactions)
 - Form 1099-K (merchant card and third party network transactions)
 - Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
 - Form 1099-C (canceled debt)
 - Form 1099-A (acquisition or abandonment of secured property)
- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.
- If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

Can you please send over a list of who has contributed to the account?

Thank you!

Alaina/Ross

Attached is the Inauguration fund balance tracking sheet. As you can see, we have \$10k that has been received, deposited, posted and available for expenditures. The Banner check for \$10k has been deposited and should be posted over the weekend. The two credit card payments are in processing and should be available by the end of next week. Jean Bell and Kristen Lindstrom (They are both CC'd) from my team will be sending you updated tracking sheets regularly going forward. Also, please feel free to reach out to them as well regarding any questions tied to the inauguration fund. Let me know if you have any questions.

Thx
JM

Hi Alaina,

Here is the updated spreadsheet. Please note that the credit card donation from AZ Mining Association has been deposited, but the associated credit card fee has not hit the account yet. I added in a line item for this fee at the estimated amount of \$175; therefore, the ending balance shown in the account might change slightly based on the amount of the final fee once posted. Please let me know if you have any questions.

Thank you,
Kristen

Alaina/Ross

Attached is the Inauguration fund balance tracking sheet. As you can see, we have \$10k that has been received, deposited, posted and available for expenditures. The Banner check for \$10k has been deposited and should be posted over the weekend. The two credit card payments are in processing and should be available by the end of next week. Jean Bell and Kristen Lindstrom (They are both CC'd) from my team will be sending you updated tracking sheets regularly going forward. Also, please feel free to reach out to them as well regarding any questions tied to the inauguration fund. Let me know if you have any questions.

Thx

Hi Alaina,

Here is the updated spreadsheet. Please note that the credit card donation from AZ Mining Association has been deposited, but the associated credit card fee has not hit the account yet. I added in a line item for this fee at the estimated amount of \$175; therefore, the ending balance shown in the account might change slightly based on the amount of the final fee once posted. Please let me know if you have any questions.

Thank you,
Kristen

Hi Lupe,

Berkley has informed me you would like to move forward with the new account. Would you prefer to move forward with the state account or the C4 account?

We have to move forward with state. But our system is very particular. The instructions sent to us are conflicting with the w9. Can you or someone from your team work with Tracy, on copy here, from my team, to get the right w9 and invoice for us? Thank you

Great.

To give to the state account, you will have to fill out the donor intent form. I have attached the W-9. If there is any paperwork you need for internal processing, Jean and Kristen will be of better assistance.

Good Morning, Tracy and Lupe

Thank you for the donation and we are happy to assist. The State operates under one TIN as a whole and the Governor's Office operates as an Agency under that umbrella so the attached W9/TIN is accurate. Is it possible to set up the State as the vendor and The Governor's Inauguration Fund as an additional mailing address under that umbrella? It's important to have the check made out to The Governor's Inauguration Fund for donation purposes. Also the attached invoice is correct as it is written. Let us know how else we can help.

Best,

Hi Jean,

Thank you for assisting in getting this contribution sorted out.

Can they make the check payable to the State of Arizona- Governor's Inauguration Fund? Or can it be accepted if Governor's Inauguration Fund is in the memo line?

Thank you for the updated invoice but that will not work.

Our SAP System has to match what your invoice states. In order for this to happen, if the Governor's Inauguration Fund is under the State of Arizona as a business name with same Tax ID Number, it would have to be listed on the W-9 Line 2 as the business name.

Thanks.

Hi Rose,

KHIF - 182

I checked with John, our Comptroller, and he is ok with putting it in the memo line as you suggested. We've run into this issue with corporate donors before and it's hard to sort it out but as long as it clearly states that the purpose is Inauguration Fund we can argue the purpose. Our overall concern is that the distinction is clearly made between our office/inaugural and the State General Fund

thx

Unfortunately the W9 is generated from the State General Accounting Office and we cannot make changes. Our Comptroller is ok if you can add a memo line to the check that clearly states the check is for The Governor's Inauguration Fund. Is this possible? Also, if the check is mailed to the address on the W9 I'll need to coordinate with you and GAO to flag the check so I can pick it up from them.

Thanks,
Jean

Hi Jean,

Pleasure speaking with you, too!!

The invoice was submitted for a check payment and we requested it be expedited. I hope it is to you within 3-4 weeks – the same time it would take to be able to take American Express. (and to be honest – this is such an easier option for me; while I do have corporate credit card, the firm would give me more hurdles on a \$10k charge...).

Could you send along the details for the inauguration ceremony and celebration?

Thank you!

Hi Kristi,

Thank you for your email and willingness to help sponsor the inauguration. I have attached a Declaration from the state comptroller regarding the deductibility of donations to the state which should answer your questions. We are able to process donations by credit card payment. I've included Jean Bell and Kristen Lindstrom from our team on this email thread and either of them can help with the credit card payment processing when you are ready. If you would like, I can have one of them reach out to you by email to begin the payment process. Thanks again for your support.

Thx

Hi John,

I got your contact info and donor intent form from my lobbyist Scott Smith at Highground. We would like to be a copper sponsor for the inauguration. Need to confirm it is tax deductible as I am making the donation through Accenture. I have attached the signed donor intent form. Scott mentioned you could take a credit card. How can we set that up?

We would like this sponsorship:

Copper Sponsor- \$10,000

Reserved Seating & VIP Parking Inaugural Swearing In Ceremony

4 Tickets Inaugural Celebration & Sponsor Reception

4 Signed Programs, Recognition in the Inaugural Program

Special Gift

Thank you very much! We are excited for the transition and Hobbs' leadership.

Thanks!

Hi Jean,

Pleasure speaking with you, too!!

The invoice was submitted for a check payment and we requested it be expedited. I hope it is to you within 3-4 weeks – the same time it would take to be able to take American Express. (and to be honest – this is such an easier option for me; while I do have corporate credit card, the firm would give me more hurdles on a \$10k charge...).

Could you send along the details for the inauguration ceremony and celebration?

Thank you!

Hi Kristi,

KHIF - 193

Attached please find the invoice we spoke about. It was a pleasure speaking to you today and we thank you for being a sponsor. If there is anything you need please let me know

Best,

Jean

Kristen or Jean – please give me a ring tomorrow to process my credit card payment. I think I've done the up front work with Amex so that the charge goes smoothly (since it's a corporate card they have certain limits on things...but I think I've worked that out!) My calendar is open these spots. Let me know what's good for you and I'll make sure I answer unknown numbers 😊

Good afternoon,

I wanted to send the updated Inauguration Fund tracking sheet. Please note we are waiting for donation checks from Accenture and Dexcom. Please let me know if you have any questions.

Thanks,
Kristen

Hi Alaina,

Here is the updated tracker. The credit card fees have posted. We are still waiting for Dexcom and Accenture's checks. Let me know if you have any questions.

Thanks,
Kristen

DECLARATION OF NICOLE DeMONT

I, Nicole DeMont, declare as follows:

1. I am a director of the Katie Hobbs Inaugural Fund (“KHIF”), an Arizona nonprofit organization. In that capacity, I am familiar with KHIF’s finances.
2. I also serve as the Chief Political Strategist for Elect Katie Hobbs (“Committee”), the candidate committee for Governor Katie Hobbs. In that capacity, I am familiar with the Committee’s finances.
3. I have reviewed Representative David Livingston’s June 14, 2023 letter to the Arizona Attorney General, and am aware that Representative Livingston insinuates in that letter that donations made to KHIF were used to pay Governor Hobbs’ legal fees in the ongoing election contest styled as *Lake v. Hobbs*.
4. No donations to KHIF have been used to pay Governor Hobbs’ legal fees arising out of *Lake v. Hobbs*.

I declare under penalty of perjury that the foregoing is true and correct.

DATED: August 3, 2023
