KRIS

MAYES

AN ARIZONA WE CAN AFFORD

Attorney General Kris Mayes, Senator Lauren Kuby and Representative Stephanie Simacek invite you to share how the affordability crisis is affecting you and your community. AG Mayes will share wins from her office around holding companies accountable for taking money out of the pockets of hard-working Arizonans. The Representatives will highlight bills they are working on to combat the affordability challenges in Arizona. We also want to hear from the community about what is going on and what challenges our constituents are facing.
