TO: Senator Don Shooter, Chairman  
Members, Joint Legislative Budget Committee  
THRU: Richard Stavneak, Director *RS*  
FROM: Matt Gress, Fiscal Analyst *MG*  
SUBJECT: Attorney General - Review of FY 2013 Uncollectible Debts

## Request

Pursuant to A.R.S. § 35-150E, the Attorney General (AG) requests Committee review of its FY 2013 listing of uncollectible debts referred to the AG by state agencies for collection. The listing totals \$44.9 million for FY 2013.

## Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

A favorable review by the Committee would allow the State Comptroller to remove debt, certified by the AG as uncollectible, from the state accounting system.

## Analysis

When state agencies, boards, and commissions are unable to collect past due debts, the uncollected debt is processed in 3 ways: 1) the AG may initiate debt collection proceedings based on outstanding debt reports submitted by these state entities pursuant to A.R.S. § 41-191; 2) the state entities initiate debt collection proceedings by referring uncollected debt to the AG; or 3) the state entities can certify that the outstanding debt is uncollectible and, upon review by the AG, request that the debt be also certified as uncollectible by the AG.

(Continued)

The AG's Collection Enforcement Unit functions as a collection service for debts owed to the state. The unit returns 65% of collected monies to the client agencies and retains the remaining 35% for unit operational costs. While the Collection Enforcement Unit is able to collect monies from many individuals and businesses that owe monies to the state, some debts are uncollectible for a variety of reasons. Pursuant to A.R.S. § 35-150E, the State Comptroller may remove uncollectible debts from the state accounting system after receiving annual notice of uncollectible debt from the AG and review by the Committee.

In the last several years, the Committee gave favorable reviews of the FY 2010 uncollectible debt listings totaling \$31.9 million, the FY 2011 listings totaling \$17.2 million, and the FY 2012 listings totaling \$30.4 million.

Since their last report, the AG's office has again reviewed the cases assigned to the Collection Enforcement Unit. Based on this review, the AG advises that \$44.9 million owed to the state is uncollectible as of FY 2013. Of these amounts, approximately 91% of all debts are classified under 4 categories: 1) the debtor is a defunct corporation; 2) the case was settled with the debtor for a lesser amount than owed; 3) the debt was discharged in bankruptcy; or 4) the collection cost would exceed the amount owed. The remaining amount is listed as uncollectible for reasons including that the debtor is deceased or the debtor either has no assets, wages, or possesses a negative credit report (*see Table 1*).

	<b>Amount Recommended for Write-Off</b>	<b>Percentage</b>
Defunct Corporation/LLC	\$24,781,000	55.2%
Settled	10,161,500	22.6%
Debt Discharged in Bankruptcy	3,330,200	7.4%
Collection Cost Would Exceed Amount Owed	2,815,900	6.3%
Debtor is Deceased	1,918,700	4.3%
No Assets/No Wages/Negative Credit Report	1,804,200	4.0%
Other	<u>103,100</u>	<u>0.2%</u>
<b>Total</b>	<b>\$44,914,500 <sup>1/</sup></b>	<b>100.0%</b>

<sup>1/</sup> Note: Numbers do not add due to rounding.

The 14 largest individual FY 2013 cases comprise \$9.9 million of the \$44.9 million, or 22.2% of the uncollectible debt total. The largest cases are owed to the Department of Revenue or the Industrial Commission of Arizona (*see Table 2*). Of the \$44.9 million in uncollectible debt from the FY 2013 cases, approximately 96% in debts is owed to 3 agencies: the Department of Revenue, the Registrar of Contractors, and the Industrial Commission of Arizona. The remaining 4% in debts is owed to 35 other agencies (*see Table 3*).

The AG expects the state's new accounting system to make past due debt referrals easier. Currently, the process relies on agencies initiating debt collection notices and referrals. The new accounting system will automatically generate outstanding debt notices and send them to debtors at the 30-, 60-, and 90-day past due dates. If there is no response from the debtor after 90 days, then the system will notify agencies that those debts will be referred to the AG for collection unless agencies manually suspend the referral. The system will perform this referral process on all outstanding debt every 30 days.

<b>Amount Recommended for Write-Off</b>	<b>Agency</b>	<b>Reason Uncollected</b>
\$2,409,900	Department of Revenue	Defunct Corporation/LLC
1,571,900	Department of Revenue	No Assets/No Wages/ Negative Credit Report
1,299,600	Department of Revenue	Defunct Corporation/LLC
708,900	Department of Revenue	Defunct Corporation/LLC
563,800	Department of Revenue	Settled <sup>1/</sup>

August 19, 2014

HAND DELIVERED

The Honorable Don Shooter, Chairman  
Joint Legislative Budget Committee  
Arizona House of Representatives  
1716 West Adams  
Phoenix, Arizona 85007

RE: FY 2013 Uncollectible Debt Report

Dear Senator Shooter:

As requested by the Joint Legislative Budget Committee ("JLBC") pursuant to A.R.S. § 35-150(E), enclosed is the Uncollectible Debt Report for the fiscal year ending June 30, 2013.

The Report includes: (1) debt owed to the State that was referred to the Collection Enforcement Revolving Fund for collection and determined to be uncollectible; and (2) debt owed to the Department of Revenue ("DOR") and other State agencies, boards and commissions that was not referred to the Collection Enforcement Revolving Fund and was deemed uncollectible by the agencies. With respect to the DOR debt listed in the Report as uncollectible, for FY 2013 the Attorney General's Office is relying upon the certification by DOR set forth in memorandum dated August 23, 2013, from DOR to the Attorney General's Office and entitled "FY 2013 Certification of Cases for Uncollectible Write-Off / Bankruptcy Discharge." The Certification states that the debt described in the Certification meets the criteria pursuant to A.R.S. § 42-1004(B), and for liabilities discharged in bankruptcy, pursuant to the United States Bankruptcy Code, and that DOR has validated through its internal policies and process that it verified the reasons for abatement, as stated in the Certification, are true and accurate.

The reporting of a debt as uncollectible, including the act of the State abating the debt, does not necessarily preclude the State from reopening a case and collecting a debt owed to the State at a later date. At times, we have been able to reopen a case and collect a debt because we have identified a debtor's assets or revenue source that previously did not exist or was not able to be located. There are three exceptions to when the State would be able to pursue a debtor post-abatement. They are: (1) debts discharged in bankruptcy; (2) debts where the statute of

The Honorable Don Shooter  
August 19, 2014  
Page 2

has expired; and 3) debts that the State has agreed to settle for a lesser amount than what was owed.

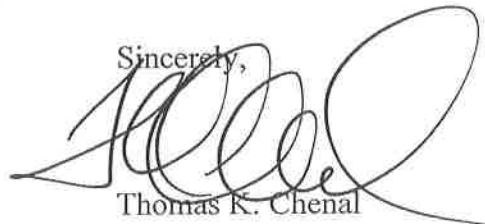

The Report provides a reason each debt is deemed uncollectible. The reasons include:

- collection costs would exceed the amount owed,
- debt discharged in bankruptcy,
- debtor deceased,
- debtor is incarcerated,
- debtor lives and/or works on a Reservation,
- defunct Corporation/LLC,
- lack of supporting documentation regarding the validity of debt; recommend abatement,
- no assets / no wages / negative credit report,
- settled, and
- unable to locate debtor

Finally, the Report also provides the amount uncollected for each debt. This amount may include all or a portion of the original debt and, if applicable, all or a portion of interest and penalties associated with the debt.

Please contact me if you have any questions.

Sincerely,

Thomas K. Chenal  
Chief Counsel

DATE: September 23, 2014  
TO: Senator Don Shooter, Chairman  
Members, Joint Legislative Budget Committee  
THRU: Richard Stavneak, Director *RS*  
FROM: Matt Gress, Fiscal Analyst *MG*  
SUBJECT: Attorney General - Review of Quarterly Reports on Legal Settlements

## Request

The FY 2014 General Appropriation Act (Laws 2013, 1<sup>st</sup> Special Session, Chapter 1) requires the Attorney General (AG) to submit to the Joint Legislative Budget Committee for review quarterly reports on the receipts to and disbursements from the Consumer Protection - Consumer Fraud (CPCF) Revolving Fund, the Consumer Restitution and Remediation Revolving Fund, and the Antitrust Enforcement (AE) Revolving Fund, as well as deposits made to the General Fund.

The intent of the General Appropriation Act provision is to review the AG's allocation of legal settlements among the various funds. In the fourth quarter of FY 2014, the AG deposited \$63,900 to the CPCF Revolving Fund, \$227,900 to the Restitution Subaccount, \$27,200 to the Remediation Subaccount, and \$136,100 to the AE Revolving Fund.

## Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

## Analysis

The review of the quarterly reports is intended to provide legislative oversight of how the AG has allocated legal settlement proceeds among the 5 possible funds/subaccounts. With the exception of \$27,000 that was deposited into the Remediation Subaccount, none of the deposits will require further Committee review. The AG's allocation of legal settlement proceeds appear to comply with legislative intent (*Please see Table 1 for more detail on the amount of deposits to each fund*). The remainder of the

(Continued)

memo provides background on the AG's different funds related to consumer activities.

	<u>Revenues</u>	<u>Transfers In</u>	<u>Total Deposit</u>
Consumer Restitution Subaccount	\$227,900	\$ 0	\$227,900
AE Revolving Fund	131,900	4,100	136,000
CPCF Revolving Fund	63,900	0	63,900
Consumer Remediation Subaccount	11,700	15,400	27,100
General Fund	0	0	0
<b>Total</b>	<b>\$435,400</b>	<b>\$19,500</b>	<b>\$455,100 <sup>2/</sup></b>

### Background

Laws 2013, Chapter 143 revised the AG's procedures for reporting on the distribution and allocation of legal settlements. Prior to this legislation, the General Appropriation Act required the Committee to review the AG's proposed allocations of any non-criminal legal settlements exceeding \$100,000. Many of these settlements were typically deposited into the CPCF Revolving Fund.

Chapter 143 retained the CPCF Revolving Fund, but established a new Consumer Restitution and Remediation Revolving Fund with 2 new subaccounts. With this legislation, the AG may now deposit consumer fraud-related recoveries into 1 of 4 funds/subaccounts:

1. The main CPCF Revolving Fund, which derives its revenue from any investigative or court costs, attorney fees or civil penalties recovered by the AG as a result of enforcement of either state or federal consumer fraud statutes. The monies, subject to legislative appropriation, are used for operations of the Consumer Protection Division, and can also be used for other operating expenses. Committee review of expenditures from this fund is not required.
2. The Consumer Restitution Subaccount of the Consumer Restitution and Remediation Revolving Fund. The AG is to deposit legal settlement proceeds into this subaccount to compensate specific, identifiable entities, including the state, for economic loss resulting from violations of consumer protection laws. This subaccount is not subject to legislative appropriation. Committee review of expenditures from this subaccount is not required.
3. The Consumer Remediation Subaccount of the Consumer Restitution and Remediation Revolving Fund. This subaccount consists of monies collected as a result of a settlement to rectify violations of consumer protection laws, other than monies collected for the benefit of specific, identifiable entities. Monies in this subaccount up to \$3,500,000 are continuously appropriated. Any amount of money collected over that amount is subject to legislative appropriation. The AG must submit an expenditure plan for Committee review before expending any monies in this subaccount.
4. The General Fund. Chapter 143 directs any monies resulting from compromises or settlements, excluding restitution and reimbursement funds or attorney fees, into the General Fund.

The AG must also report deposits into Antitrust Enforcement (AE) Revolving Fund. This fund consists of monies recovered by the state as a result of antitrust, restraint of trade, or price-fixing activity enforcement. The monies are to be used to cover the AG's antitrust enforcement costs. If the settlement exceeds the cost of enforcement, then the remainder is transferred to the General Fund unless the recovery was on behalf of a special fund or political subdivision, in which case the remaining monies would go to those entities.

SUBJECT: Department of Child Safety - Review of Transition Funding Expenditure for  
Administrative Expenses

## Request

Laws 2014, 2<sup>nd</sup> Special Session, Chapter 2 requires Committee review prior to any monies being expended from the Arizona Department of Administration's (ADOA) \$25.0 million appropriation for Department of Child Safety (DCS) transition expenses. At its June 2014 meeting, the Committee favorably reviewed DCS' request to spend \$3.6 million in administrative expenses. DCS is requesting Committee review of an additional \$7.4 million in FY 2015 administrative expenses.

## Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the expenditure plan.
2. An unfavorable review of the expenditure plan.

Under either option, the JLBC Staff recommends that DCS report on the number of filled administrative positions and the year-to-date transition expenditures 30 days after the end of each calendar quarter.

The \$25.0 million was originally proposed by the Executive as one-time funding. As a result, the enacted budget's 3-year forecast displayed this expense only in FY 2015. The DCS proposal includes \$8.4 million in permanent costs which appears inconsistent with the legislative intent of the FY 2015 budget.

(Continued)

**Analysis**

Proposal

In June 2014, the Committee favorably reviewed DCS' proposal to disburse \$3.6 million in the 1<sup>st</sup> quarter of FY 2015 for administrative expenses, although DCS has since revised down its 1<sup>st</sup> quarter cost to \$2.5 million as shown in *Table 1*. To account for full-year administrative costs, the department is requesting Committee review of \$7.4 million in additional administrative expenses for FY 2015. When the \$7.4 million is combined with the \$3.6 million the Committee favorably reviewed in June, the full-year administrative expenses from the transition appropriation total \$11.0 million.

<b>Transition Fund Request for Administrative Expenses</b>				
	<u>1<sup>st</sup> Quarter</u>	<u>2<sup>nd</sup> Quarter</u>	<u>3<sup>rd</sup> Quarter</u>	<u>Full Year</u>
Administration and Technology (103 Staff)	\$ 851,600	\$ 1,705,600	\$ 1,991,200	\$ 6,722,800
Field Equipment (1,700 laptops)	402,500	2,121,700	-	2,524,200
Technology Services Licensing	1,121,300	-	-	1,121,300
Technology Services P&O	<u>100,000</u>	<u>200,000</u>	<u>200,000</u>	<u>600,000</u>
<b>Total</b>	<b>\$ 2,475,400</b>	<b>\$ 4,027,300</b>	<b>\$ 2,191,200</b>	<b>\$ 10,968,300</b>

DCS proposes a total of 442 administrative FTE Positions comprised of 103 staff from the transition appropriation, 99 staff already transferred from DES, and 240 staff from the former Division of Child Safety and Family Services (DCSFS). *(Please see Table 2 for further details about the 442 administrative staff.)*

With this proposal, DCS' total funds budget for the 442 administrative staff is \$34.2 million consisting of 3 components:

- *Transferred Positions from DES* - As part of the 2<sup>nd</sup> Special Session, DES agreed to shift DCS' share of central overhead to the new agency. Of the roughly \$12 million that was shifted for central overhead, \$7.7 million funds 99 FTE Positions.
- *Positions from DCSFS* - Chapter 2 also transferred the entire existing DCSFS budget to DCS. While this transfer included child safety caseworkers, their supervisors and their direct secretarial support, it also shifted non-programmatic division administrative positions to the new agency. DCS reports that 240 central administrative positions were transferred from DCSFS to DCS.
- *New Positions* - Of the \$11.0 million request, \$6.7 million is for 103 new staff. At the June 2014 Committee meeting, the department requested transition funding for 40 new administrative and technology positions. The agency's new proposal increases the FTE Positions funded by the transition appropriation from 40 to 103. DCS estimates the full-year cost for these staff in FY 2016 is \$9.1 million.

The largest staff expansions include:

- Increasing the Information Technology staff from 53 to 86.
- Increasing the Contract staff from 8 to 23.
- Increasing the Procurement staff from 5 to 15.

(Continued)

**Table 2**  
**DCS Administrative FTE Positions by Source**

<u>Area</u>	<u>Existing Staff</u>	<u>Transition Fund</u>	<u>Total Staff</u>
Division of Technology Services	53	33	86

Business Services	14	8	22
Human Resources	14	7	21
Office of Organizational Development	9	2	11
Programmatic Staff	<u>179</u>	<u>1</u>	<u>180</u>
<b>Total FTE Positions</b>	<b>339</b>	<b>103</b>	<b>442</b>

In June, the Committee requested that DCS submit information regarding whether a third party review of administrative staffing had occurred, specifically by ADOA or the Governor’s Office of Strategic Planning and Budgeting (OSPB). DCS confirms in its request letter that ADOA and OSPB reviewed this proposed level of central administrative staffing. In subsequent correspondence with DCS, it provides further justification for the proposed level of administrative staff. In most cases, the justification includes 1 agency benchmark to suggest that DCS’ proposed administrative staffing level is comparable to other agencies. The agency that DCS uses for comparison purposes varies depending on the office.

*Field Equipment* - The second part of the \$11.0 million proposal is \$2.5 million to purchase mobile technology for existing field personnel. The department has received Information Technology Authorization Committee approval to purchase 1,700 laptops for field staff. These specially equipped laptops would allow caseworkers, program managers, supervisors, case aides, and other support staff to access the CHILDS case management system while they are in the field.

*Technology Services* - The third part of the \$11.0 million request is to provide DCS with \$1.1 million for technology services licensing and \$600,000 for related consulting services. These amounts are consistent with or lower than the amounts the Committee already favorably reviewed. These funds will help establish a DCS email system, build a website, and meet other software requirements. The department has indicated that the ongoing cost for technology services is \$1.8 million in FY 2016. These projects have received ITAC approval.

Transition Funding Commitments

DES has a separate agenda item requesting favorable review of \$3.0 million for preliminary Data Center costs. After accounting for the estimated full cost of the DES Data Center and DCS administrative expenses, *Table 3* shows that \$7.0 million remains in transition funding. During the 2<sup>nd</sup> Special Session, the Executive planned to spend \$6.7 million on building renovations. The building plan, however, has not been resolved.

<b>Table 3</b>	
<b>Transition Appropriation by Purpose</b>	
<b><u>Purpose</u></b>	<b><u>Funding Request</u></b>
DCS Administrative Expenses	\$ 10,968,300
DES Data Center - Planning & Network Migration	3,000,000
DES Data Center (Anticipated Future Request)	4,000,000
Unallocated	<u>7,031,700</u>
<b>Total</b>	<b>\$ 25,000,000</b>

## Arizona Department of Child Safety

Janice K. Brewer  
Governor

Charles Flanagan  
Director

August 28, 2014

The Honorable Don Shooter  
Chairman, Arizona Senate Appropriations Committee  
1700 West Washington  
Phoenix, Arizona 85007

Re: Department of Child Safety Transition Expenditures

Dear Senator Shooter:

The Department of Child Safety (DCS) requests to be placed on the Joint Legislative Budget Committee agenda for review of a proposed expenditure plan of monies appropriated to the Department of Administration (ADOA) for costs associated with the establishment of DCS.

Laws 2014, 2<sup>nd</sup> Special Session, Chapter 2 appropriates \$25 million to ADOA for costs associated with the establishment of the Department of Child Safety and the relocation of the data center operated by the Department of Economic Security (DES), and requires that DCS submit an expenditure plan to the Joint Legislative Budget Committee prior to any expenditures. At its June 19, 2014 meeting, the Committee favorably reviewed the Department's request to expend \$3.6 million from the transition fund during the first quarter.

At this time, the Department is submitting an expenditure plan for a portion of the funds, inclusive of the first quarter funds that had previously been reviewed. The Department has begun to hire key staff and to procure software licensing agreements and mobile technology as discussed in the previous request. The revised first quarter expenditure plan reflects lower spending than included in the initial request, with some expenditures spread over the remainder of the fiscal year.

When DCS was established as an independent agency, the entirety of the administrative staff that had been housed in the Division of Child Safety and Family Services (DCSFS) transitioned to the new Department of Child Safety. In addition, 99 DES central administrative FTE Positions were identified as assigned to DCS functions and able to be transferred to DCS. Another 58 FTE Positions, including many information technology positions, were identified that could not be separated from DES without impairing DES' ability to fulfill its core functions. Beyond these 58 positions, DCS estimates that it will require another 45 positions to adequately staff a core administrative support team for field operations. In total this represents 202 new and transferred administrative positions to operate the agency. These positions were based on a program-by-program analysis jointly conducted by DCS and DES with significant input and review by ADOA and the Governor's Office of Strategic Planning and Budgeting (OSPB).

In addition to these positions, DCS plans to spend transition funds on information technology endeavors, as discussed in the prior JLBC meeting. These include establishing software licenses independent from DES, establishing a new web site, and purchasing one-time mobile technology to enable field staff to more efficiently do their jobs. These technology initiatives have been reviewed and approved by the Information Technology Authorization Committee.

The Department expects to spend \$11.0 million from the transition fund on administrative support functions during FY 2015 as outlined in the table below.

**Proposed Transition Fund Expenditures By Quarter**

	Q1	Q2	Q3	Q4	Total
Administration and Technology FTE	\$ 851,600	\$ 1,705,600	\$ 1,991,200	\$ 2,174,400	\$ 6,722,800
Microsoft License and Implementation	1,121,300				1,121,300
Mobile Technology	402,500	2,121,700			2,524,200
DCS Web Site and IT Consulting	100,000	200,000	200,000	100,000	600,000
<b>Total</b>	<b>\$ 2,475,400</b>	<b>\$ 4,027,300</b>	<b>\$ 2,191,200</b>	<b>\$ 2,274,400</b>	<b>\$ 10,968,300</b>

At its June 19, 2014 meeting, the Committee requested that the Department include in this request a listing of the 99 positions transferred from DES as well as the 40 new positions from the transition funding that the Department had indicated at that time that it anticipated filling during the first quarter. The Committee also required that any non-program positions transferred from the Division of Child Safety and Family Services (DCSFS) be included in order to present a complete picture of the DCS administrative structure. Attachment A is a listing of the 40 first quarter transition funding positions. Attachment B shows the total 101 transition fund positions in FY 2015, the 99 positions transferred from DES, as well as all non-program positions from DCSFS. The Department continues evaluate its central administrative structure, and at this time has determined that the staffing levels outlined in the attached tables will provide sufficient resources to allow the Department to provide adequate support to field staff.

The Committee also required at its June 19 meeting that the Department submit information regarding whether a third party review of its administrative staffing had occurred. As previously mentioned, ADOA and OSPB collaborated on the creation and organization of the new agency. In addition, OSPB has reviewed both the division of resources between DES and DCS as well as in the proposed staffing levels, though the evaluation of the actual, long term resource needs for both Departments are continually being evaluated.

Honorable Don Shooter  
Department of Child Safety Transition Expenditures  
Page 2

My staff is available to discuss this proposal in greater detail with JLBC staff if they feel it would be valuable in understanding this proposal. If you have any questions, please contact our office at (602) 542-5844.

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles Flanagan', followed by a horizontal line and the letters 'for'.

SUBJECT: Department of Economic Security - Review of Transition Funding Expenditure Plan - Data Center

## Request

Laws 2014, 2<sup>nd</sup> Special Session, Chapter 2 requires Committee review prior to any monies being expended from the Arizona Department of Administration's (ADOA) \$25.0 million appropriation for the establishment of the Department of Child Safety (DCS) and the relocation of the Department of Economic Security (DES) Data Center. DES requested Committee review of \$500,000 for the planning phase of the data center relocation and \$2.5 million to begin implementing the network infrastructure in the new space.

## Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the expenditure plan.
2. An unfavorable review of the expenditure plan.

Under either option, the JLBC Staff recommends the following provisions:

- A. DES is to receive Information Technology Authorization Committee (ITAC) approval before spending any amount above the \$500,000 planning monies. ITAC may consider the full project at their November meeting.
- B. DES is to submit more detailed information regarding the split between State and Federal funding for the Data Center relocation by October 31, 2014. The submission is to address how equipment purchase and leasing arrangements will affect federal financial participation.
- C. The Committee's action does not constitute an endorsement of DES' full \$7.0 million plan.

(Continued)

## **Analysis**

### Background

The FY 2015 budget includes \$25.0 million for one-time DCS transitional costs and costs associated with DES Data Center improvements. Please refer to the DCS Transition Funding memo for this agenda for more background.

The \$25.0 million appropriation does not have any specific dollar earmarks. In preparation for the May Special Session, however, the Executive suggested that \$7.0 million of these monies may be directed toward DES Data Center relocation. Located on state property, the current Data Center has experienced flooding, power outages, leaks, asbestos, and failed air conditioning and fire suppression systems.

At this time, DES is seeking a review of an expenditure plan for 2 phases of the Data Center relocation to private space. The first component is the Planning Phase, which will cost \$500,000, and the second component is the Implementation Phase, which will cost \$2.5 million, for a total expenditure plan of \$3.0 million.

The Planning Phase (\$500,000) will assess how all Data Center systems, applications, and hardware connect to and utilize each other. The data from the assessment will then be provided to a 3<sup>rd</sup> party planning vendor, who will create a migration “roadmap” for each move event to the new Data Center location. The “roadmap” will be used to develop a scope of work to execute the entire relocation, and potential vendors will use the scope of work to provide DES with proposals including timelines and costs. DES expects to complete the Planning Phase in October 2014.

Since the Planning Phase is still not complete, the entire project scope is subject to change. ITAC is not scheduled to review the project until November.

At that time, DES would like to begin the Implementation Phase (\$2.5 million), which will involve securing a rental space for the Data Center and establishing the network infrastructure needed to connect the department’s servers, mainframe, and storage in the new location. ADOA has awarded a statewide contract for new private data center space in September 2014. DES will be able to utilize this statewide contract to find new space for their equipment. DES will fund the ongoing cost of the lease with their operating budget rather than with the one-time DCS transition appropriation.

DES will establish the network infrastructure in the new space, requiring routers, switches, firewalls, cabling, software, and services for installation and configuration which the state’s networking vendor, AZNet, will order. DES anticipates this phase to begin in November 2014.

### Future Costs

Once the new Data Center network is established, vendors will begin migrating all the department’s applications, hardware, and systems incrementally to minimize the risk of a total shutdown. DES plans to rent a duplicate mainframe to test the transition of each system. DES estimates the application migration to take 6 months and require an additional \$4.0 million from the DCS transition funding appropriation, but the department is not requesting Committee review of the \$4.0 million at this time. DES expects the entire Data Center relocation to be complete by August 2015.

The total cost for the project is estimated to be \$8.8 million. The split between state and federal spending is currently estimated to be \$7.0 million and \$1.8 million, respectively. DES’ General Fund appropriation makes up about 20% of its total spending, whereas the General Fund would provide about 80% of the relocation funding. While DES has provided JLBC Staff with some information, the basis for the cost allocation needs further analysis. In some circumstances, there can be greater federal financial participation with leasing compared to purchasing.

DEPARTMENT OF ECONOMIC SECURITY

Your Partner For A Stronger Arizona

Janice K. Brewer  
Governor

Clarence H. Carter  
Director

AUG 29 2014

Mr. Richard Stavneak  
Director, Joint Legislative Budget Committee  
1716 West Adams  
Phoenix, Arizona 85007

Dear Mr. Stavneak:

The Department of Economic Security requests to be placed on the Joint Legislative Budget Committee's next agenda for review of expenditure plans for the Data Center Relocation as required in Laws 2014, Second Special Session, Chapter 2, Section 3.

The sum of \$25,000,000 is appropriated in fiscal year 2014 - 2015 from the state general fund to the Department of Administration for costs associated with the establishment of the Department of Child Safety and the relocation of the data center operated by the Department of Economic Security. Before any expenditure of this amount, the Department of Child Safety shall submit an expenditure plan for review by the Joint Legislative Budget Committee.

The Department plans to utilize this appropriation to relocate the data center through distinct planning and implementation phases. To reduce the risk of service interruptions to Arizonans due to the deficiencies of the existing data center, the Department will conduct parts of these phases in parallel to expedite the relocation. The Department is requesting approval to spend \$500,000 of the above appropriation to complete the planning phase with the outcome of a detailed data center relocation plan including timelines and costs. The Department anticipates presenting this plan to the Committee at its January 2015 meeting. To achieve the estimated timelines noted below, however, prior to that meeting the Department will also need to obligate approximately \$2.5 million to begin network migration. Additional detail is provided below.

**Planning Phase:** August 2014 – December 2014

This phase develops the migration roadmap through assessment, planning, and vendor proposals. The first step is a detailed assessment of the interdependent environment between applications, infrastructure and other components to be migrated. Each of the components in the environment has both physical and logical dependencies on other components. Therefore, more than a physical inventory, this assessment analyzes how all systems, applications, and hardware connect to and utilize each other. As a result, changes must be meticulously planned and implemented in concert or downtime and catastrophic business disruption will occur.

The assessment's data will then be provided to the Department's planning vendor, Gartner Group, to create a "roadmap" containing all migration related tasks for each move event to the new location. This

“roadmap” will be used to develop a scope of work for the vendors who will execute the move. Finally, the vendors will use the scope of work to provide the Department with detailed proposals including timelines and costs.

The planning phase is comprised of two separate but related components: network and applications. Planning for the network component will be completed in October 2014. Planning for application migration will be completed in December 2014. The entire planning phase is estimated to cost up to \$500,000 and be completed in December 2014. At the completion of the planning phase, the Department would like to present the comprehensive plan for data center migration to the committee at its January 2015 meeting.

**Implementation / Migration Phase: October 2014 – August 2015**

Once a the roadmap has been created containing all the migration related tasks for each move event, a place to relocate must be established and its storage and network systems must be created so that applications and their associated hardware have a place to move. Then, applications and servers are staged to manage the risk of each move and to focus troubleshooting in the event of unforeseen issues.

As in planning, Implementation / Migration will have the same distinct but related components: network and application. The network must be in place before application migration can begin. In order for the project to be completed by August 2015, the application migration needs to begin by February 2015; requiring that the network migration begin in November 2014.

*Network Migration (October 2014 to January 2015) --* The Arizona Department of Administration (ADOA) anticipates awarding the contract for data center space rental by September 15, 2014. Therefore, as the network planning phase concludes, the Department will need to establish a lease so that the state’s networking vendor, AZNet, can begin implementing the networking migration plan. While the cost of this lease will be will be funded by the Department’s operating budget rather than the one-time appropriation above, it does represent a commitment to relocation.

Once the location and lease are in place AZNet will order the hardware, bandwidth, and services needed. For application migration to begin in February 2015, ordering and implementation lead-times require DES to issue a task order to AZNet in November 2014. While the amount of this task order will be determined by the assessment, migration work plan and vendor quote, DES anticipates a total cost of approximately \$2.5 million.

*Application Migration (February 2015 to August 2015) –* Once the new data center network is in place, the application migration vendors can begin sequentially migrating all of the Department’s applications and systems. This migration is anticipated to require at least six months as low risk applications will be moved first and tested to identify any problems. Later, more complex applications will be moved.

Mr. Richard Stavneak

SUBJECT: JLBC Staff - Review of Agency Legal Services Charges

### Request

Pursuant to A.R.S. § 41-191.09, agencies are required to submit for Committee review funding sources for the Attorney General (AG) legal services charges for general agency counsel. The charges total \$1.8 million, the same amount as last year. The allocation of charges to each agency also remains unchanged.

To reimburse the Attorney General for services, non-General Fund accounts are levied with a flat dollar amount charge. The FY 2015 General Appropriation Act specified a total flat charge amount for the relevant agencies, but did not delineate the specific funds. Agencies are required to pay this charge from non-General Fund sources and cannot include Federal Funds or other funds that are legally restricted from making the legal services payment.

### Recommendation

The JLBC Staff recommends that the Committee give a favorable review of the fund source reports for the AG legal services charges as appears in the attachment.

RS/MG:kp

(Automation Projects Fund)

## Request

Pursuant to A.R.S. § 41-714, the Arizona Department of Administration (ADOA) has requested that the Committee review \$3.3 million in proposed FY 2015 expenditures from the Automated Project fund for for statewide project management for the Arizona Strategic Enterprise Technology (ASET) Office in ADOA.

For additional information regarding the Automation Projects Fund, please refer to agenda item 1A.

## Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

None of the projects met the \$1 million threshold for Information Technology Authorization Committee (ITAC) approval. The \$2.2 million project management item did not require ITAC approval, as it only reflects internal staff costs.

Upon either option, the JLBC Staff recommends the following provisions:

- A) ADOA's request has 4 priorities. ADOA shall notify the Committee if funds are transferred between projects within a priority area. In addition, ADOA shall request Committee review if funds are transferred between priorities. Further, ADOA shall request Committee review should additional funds be required in excess of the \$3.3 million allocated.

(Continued)

- B) ADOA is to report by November 21, 2014 their plans for expending \$1.3 million in unused FY 2014 project management funds. ADOA's FY 2015 project management request is fully funded; the use of any FY 2014 monies during FY 2015 would result in annualized funding above the current budget.

## Analysis

### Current Request

ADOA is proposing an expenditure plan totaling \$3.3 million from the Automation Projects Fund that is divided into the following 4 priorities:

- |                               |               |
|-------------------------------|---------------|
| • Project Management          | \$2.2 million |
| • Enterprise Architecture     | \$500,000     |
| • E-Government                | \$325,000     |
| • Security, Privacy, and Risk | \$348,400     |

These priorities extend the scope and/or continue several FY 2014 ASET's projects (See *Table 1*).

### *Project Management*

ADOA's ASET Office is responsible for approving and tracking all IT projects over \$25,000 through the PIJ process. In FY 2014, JLBC favorably reviewed \$2.5 million in FY 2014 for project management. To date, ADOA has spent \$1.2 million of this amount, leaving \$1.3 million available for expenditure in FY 2015. In addition, the FY 2015 budget appropriated another \$2.2 million to ADOA for project management. ADOA is requesting a review of the total FY 2015 appropriation, which would fund 2 projects, as follows:

- **APF Strategic Execution Team**  
The project is estimated to cost \$1.7 million. This amount is designated for a 13-person team tasked with assisting other state agencies with their respective IT projects on an ongoing basis.
- **Transformation Initiatives Project Managers**  
The project is estimated to cost \$450,300. This amount would fund additional FTE Positions to implement project management best practices and processes for ASET initiatives.

### *Enterprise Architecture*

Enterprise Architecture is the process of creating an ongoing framework to assist in evaluating the need for a new IT system or an upgrade to an existing one in state agencies. In FY 2014, the Committee favorably reviewed \$1 million for Enterprise Architecture. To date, ADOA has spent \$677,700 of this amount. The FY 2015 budget appropriated \$500,000 to ADOA for Enterprise Architecture. ADOA is requesting a review of the total FY 2015 appropriation, which would fund 2 projects, as follows:

- **Strategic Technology Assessment**  
The project is estimated to cost \$400,000, the same as FY 2014. To date, ASET has spent \$240,300. This amount includes providing policy, standards, and procedure compliance training to state agencies along with providing business analytics and management services statewide.
- **Business and Technical Enterprise Architecture Training**  
The project is estimated to cost \$100,000, the same as FY 2014. This would fund statewide training opportunities on updated policies, standards, and procedures. To date, ASET has spent \$115,500 on this project.

(Continued)

*E-Government*

The state's E-government projects are intended to enhance the design and capabilities of the state's web portal on an ongoing basis. In 2012, the state's E-government platform delivered more than 430,000 financial transactions totaling nearly \$70 million in revenue. In FY 2014, the Committee favorably reviewed \$325,000 for E-government projects, which has not been spent to date. The FY 2015 budget appropriated \$325,000 to ADOA for E-government projects. ADOA is requesting a review of the total FY 2015 appropriation. This amount would fund support for ongoing efforts to transition to a new web platform and content management capabilities for agencies to maintain and manage websites.

*Security, Privacy, and Risk*

ADOA's ASET Office is responsible for directing and training state agencies about security and protection against cyber attacks. ADOA is requesting a review of \$348,400 for Security Awareness, which would fund continued efforts to educate state employees on security concerns and policies and procedures. In FY 2014, ASET spent \$105,300 of its \$250,000 budget for this project.

<b>Table 1</b>

Arizona House of Representatives  
1700 West Washington Street  
Phoenix, Arizona 85007

Dear Senator Shooter and Representative Kavanagh:

In accordance with Arizona Revised Statutes § 41-714, the Arizona Department of Administration (ADOA) is submitting this request for review of fiscal year 2015 Automation Projects Fund (APF) projects. Monies to support the expenditure plan have already been appropriated to the Automation Projects Fund.

The attached document contains a detailed explanation of each proposed project. We will be happy to meet with your staff to provide further explanation as appropriate.

Sincerely,

  
Brian C. McNeil  
Director

Joint Legislative Budget Committee (JLBC)  
Favorable Review Request

Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

**The ADOA requests favorable review of an expenditure of \$1,701,400 from the Fiscal Year 2015 Automated Projects Fund (APF) in accordance with Laws 2014, 2nd Regular Session, Chapter 18, Section 123 for the purposes described below.**

Project Management of Statewide Automation and IT Projects

Strong project management is the foundation to successful projects. It is critical to have the right project management lifecycle methodology and to empower people with the right resources.

The ADOA-ASET Enterprise Program and Project Management Office (EPMO) has developed a statewide center of excellence for project management and has increased the project management capabilities of state agencies for strategic automation projects.

The ADOA-ASET Strategic Oversight Team is responsible for consultative oversight services to all agencies, boards and commissions. All State IT projects over \$25,000 in development costs require review by this oversight team to assure proper lifecycle analysis and justification warranting approval by the State CIO and/or the Information Technology Authorization Committee (ITAC).

Project

Automation Projects Fund Strategic Execution Team

Request Amount

**\$1,701,400**

Description

Support enhanced Strategic Oversight Team, including improved reporting and processes

Goals

- To improve IT project execution, risk mitigation, communication and transparency for all initiatives and projects through consultative oversight services

Objectives

- Assist agencies in business case development, project planning, risk mitigation planning, oversight, reporting, communication and finance
- Develop templates, processes and tools
- Enhance processes to fully document, track, report and mitigate risk

## Rationale

### Automation Projects Oversight: Required Activities

- JLBC report and presentation
  - ADOA provides templates
  - Agency develops report and project breakout – materials required from Agency 14 days prior to meeting
  - Agency presents to JLBC with ADOA support
  - JLBC Favorable Review
- Transfer funds to Agencies upon favorable review (from ADOA to Agencies)
- Project Investment Justification (PIJ) and ITAC approval
  - With enhanced business processes
- Project execution
  - With enhanced business processes
- Quarterly JLBC reporting
  - ADOA provides templates
  - Agency provides details
  - ADOA supports and reviews prior to submitting to JLBC
- Monthly financial reporting
  - ADOA provides templates
  - Agency provides monthly financial data
  - ADOA ensures financial consistency

### Agency Responsibilities

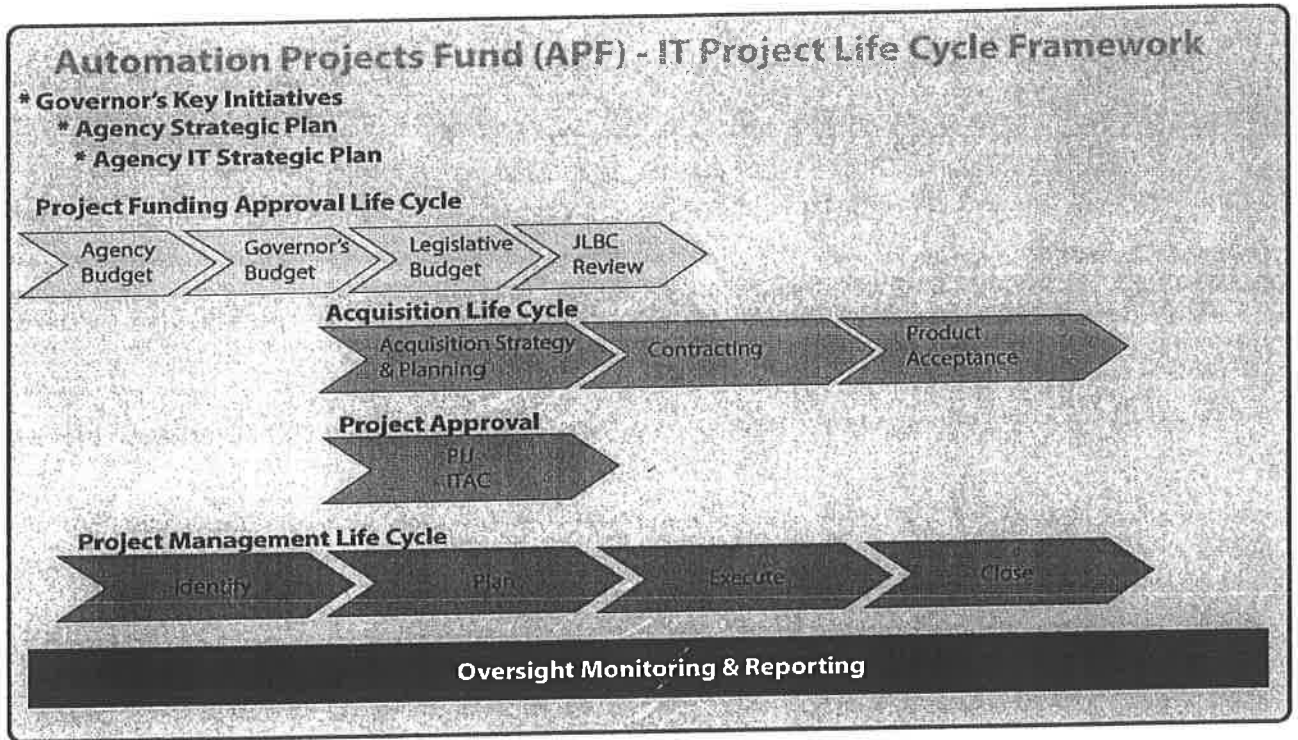

- Getting JLBC Favorable Review
- Developing PIJ and getting approval
- Monthly financial reporting
- Quarterly JLBC reporting
- Project ownership and execution

### Oversight Staffing

Role	Description
Program Administrator (1)	Manager for all oversight services (including original)
Strategic Program Manager (4)	Strategic planning; MBOs; initiatives definition; business case development; requirements definition; financials; reporting, etc.
Oversight Analyst (1)	Help develop PIJs; assess and scrutinize projects; prepare for ITAC; monitor against established criteria
Business Analyst (1)	Implement and refine templates; define, maintain and improve processes; provide training; assists with ITAC meetings
Finance Analyst (2)	Monitor and coordinate financials and reporting

Oversight Manager (3 original)	Responsible for reviewing all IT projects over \$25K and recommending approval to State CIO and ITAC (original team)
Account Manager (1)	Manages day-to-day agency requests; assists agencies with shared services onboarding; drafts/finalizes ISAs with agencies

**IT Project Life Cycle Framework**

Joint Legislative Budget Committee (JLBC)  
Favorable Review Request

Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

**The ADOA requests favorable review of an expenditure of \$450,300 from the Fiscal Year 2015 Automated Projects Fund (APF) in accordance with Laws 2014, 2nd Regular Session, Chapter 18, Section 123 for the purposes described below.**

Project Management of Statewide Automation and IT Projects

Strong project management is the foundation to successful projects. It is critical to have the right project management lifecycle methodology and to empower people with the right resources.

The ADOA-ASET Enterprise Program and Project Management Office (EPMO) has developed a statewide center of excellence for project management and has increased the project management capabilities of state agencies for strategic automation projects.

The ADOA-ASET Strategic Oversight Team is responsible for consultative oversight services to all agencies, boards and commissions. All State IT projects over \$25,000 in development costs require review by this oversight team to assure proper lifecycle analysis and justification warranting approval by the State CIO and/or the Information Technology Authorization Committee (ITAC).

Project

Transformation Initiatives Project Managers

Request Amount

\$450,300

Description

Apply project management resources to the implementation of transformation initiatives

Goals

- To enhance PMO operational objectives and support for transformation initiatives

Objectives

- Implement, maintain and enhance Project Management Best Practices, Templates and Processes
- Provide project manager education and training
- Support Project Management Center of Excellence (PM COE) activities
- Provide project management services and support

Rationale

**APF Project Management Support:** PM Services for APF Initiatives ADOA-ASET APF Initiatives (Balance of FY14 plus FY15 = \$13 million) that project managers funded by this Initiative will manage:

- State Data Center (SDC) Improvements and Maintenance
- Statewide Security Enhancements
- Enterprise Architecture Enhancements
- Statewide Automation & IT Project Management
- E-Government/Digital Government Agency Website Platform

**Project Manager Services:** ADOA-ASET's Enterprise Project Management Office (EPMO) provides:

- Project Management (PM) Services – provides quality PM services throughout the PM Life Cycle
- PM Best Practices – identifies and documents processes, templates and tools that encourage PM best practices (in alignment with national standards)
- PM Training and Education – creates project management related training and education programs
- PM Center of Excellence – organizes and shares knowledge through a multi-agency PM Center of Excellence to foster project management best practices in AZ State government

Joint Legislative Budget Committee (JLBC)

Favorable Review Request

Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

**The ADOA requests favorable review of an expenditure of \$400,000 from the Fiscal Year 2015 Automated Projects Fund (APF) in accordance with Laws 2014, 2nd Regular Session, Chapter 18, Section 123 for the purposes described below.**

Enterprise Architecture Enhancements

Enterprise Architecture (EA) is a disciplined approach to long-term Business Information Technology planning. ADOA-ASET's EA objective is to:

Increase enterprise agility through leadership, strategic alignment, unified processes, strong data governance and actionable policies, standards and procedures.

To accomplish this objective, ADOA-ASET plans to continue to provide statewide training opportunities; provide updated policies, standards and procedures as well as proactively assessing strategic technologies and key services that will enhance the value of business services.

Project

Strategic Technology Assessment

Request Amount

\$400,000

Description

Support development of strategic platform and services for statewide adoption by gaining an understanding of large scale computing systems in State government

Goals

- To complete assessment of ASET services including assets (hardware and software) and resources for IT across the State
- To complete cost analysis of each service and establish new service and pricing models based on customer impact analysis
- To implement IT Financial Management System, Reporting and Dashboards
- To work with State agencies through the development, review, approval, publication, dissemination, and adoption process for a framework of IT policies, standards and procedures (PSPs)

Objectives

- Develop and issue HB-2412 infrastructure assessment survey
- Develop support artifacts and framework for strategic program and initiatives
- Establish statewide PSP framework working groups
- Create and implement tiered approach for updating and reviewing all Agency PSP frameworks

Rationale

**Executive decision support:** Executive management wants more and better quality data from which to base decisions. Resources funded by this initiative will:

- Produce the report for HB2412
- Develop IT asset data collection, capture and reporting to determine technology footprint and costs
- Analyze technology trends to assist with budgeting

**Statewide IT planning guidance:** Budget Units look to ADOA-ASET for guidance on IT strategy and management. This effort will:

- Create a Framework of IT Policies, Standards and Procedures based on industry standards
- Guide Budget Units with the IT Planning process to facilitate optimal use of available resources
- Form workgroups to improve collaboration and assist with adoption of IT industry best practices

## Joint Legislative Budget Committee (JLBC)

### Favorable Review Request

Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

**The ADOA requests favorable review of an expenditure of \$100,000 from the Fiscal Year 2015 Automated Projects Fund (APF) in accordance with Laws 2014, 2nd Regular Session, Chapter 18, Section 123 for the purposes described below.**

#### Enterprise Architecture Enhancements

Enterprise Architecture (EA) is a disciplined approach to long-term Business Information Technology planning. ADOA-ASET's EA objective is to:

Increase enterprise agility through leadership, strategic alignment, unified processes, strong data governance and actionable policies, standards and procedures.

To accomplish this objective, ADOA-ASET plans to continue to provide statewide training opportunities; provide updated policies, standards and procedures as well as proactively assessing strategic technologies and key services that will enhance the value of business services.

#### Project

Business and Technical EA Training

#### Request Amount

\$100,000

#### Description

Offer statewide Enterprise Architecture (EA) training

#### Goals

- To improve knowledge and awareness of value of EA

#### Objectives

- Identify potential EA vendors
- Prepare written training requirements
- Define and conduct EA training events to improve EA knowledge

#### Rationale

- Keep State IT employees up to date on current technology and trends
- Build innovative and engaged teams
- Recruit, retain and grow key leaders and senior contributors
- Train the trainer to share the knowledge

Joint Legislative Budget Committee (JLBC)  
Favorable Review Request  
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

**The ADOA requests favorable review of an expenditure of \$325,000 from the Fiscal Year 2015 Automated Projects Fund (APF) in accordance with Laws 2014, 2nd Regular Session, Chapter 18, Section 123 for the purposes described below.**

**Digital Government Agency Website Platform**

Digital Government (formerly referenced as "E-Government") is at the heart of the Governor's vision to modernize and transform State Government. ADOA-ASET has developed a new statewide platform to host and manage agency websites. This platform now provides standard templates and color options for agencies to choose from. In support of this effort, ADOA-ASET offers training and resources to help agencies create and maintain content on their own websites.

**Project**

Agency Website Transformation and Content Management System (CMS) Solution Implementation

**Request Amount**

\$325,000

**Description**

Establish platform for hosting agency websites that reflects modern themes for agencies and includes content/web management capabilities

**Goals**

- To modernize the look and feel, hosting, business model, and content management system (CMS) for State agency websites

**Objectives**

- Support the ongoing transition to new web platform which provides increased functionality, improved look and feel, and reduced maintenance costs
- Provide agencies with ability to maintain and manage their own web content
- Acquire resources

**Rationale**

AFP funding for this initiative will support:

- A platform with increased functionality and reduced maintenance costs
- Creation of new website templates
- Resources that will assist with training agency staff to manage and maintain their own content
- Resources to assist the agencies with support of the platform

## Joint Legislative Budget Committee (JLBC)

### Favorable Review Request

Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

**The ADOA requests favorable review of an expenditure of \$348,448 from the Fiscal Year 2015 Automated Projects Fund (APF) in accordance with Laws 2014, 2nd Regular Session, Chapter 18, Section 123 for the purposes described below.**

#### Statewide Security Enhancements

Over the past two years several states including Utah, South Carolina and Alabama have incurred serious data breaches. The complexity and ferocity of the attacks continue to increase. Knowledge of basic security “hygiene” and day-to-day operational basics can address a significant portion of risks, but not all. The ADOA-ASET Security Privacy and Risk (SPR) team has developed a comprehensive Security Strategy that will systematically address potential gaps.

#### Project

Security Awareness

#### Request Amount

\$348,448

#### Description

Continue leveraging agency resources capabilities and facilitating State workforce understanding of security concerns

#### Goals

- To reduce risks of compromise to State data and systems
- To prevent potential security, privacy, and data breach incidents
- To address findings raised in FY14 cyber security exercise

#### Objectives

- Provide multi-agency security training classes
- Continue in-person presentations to key staff
- Conduct multi-agency security exercise(s)

#### Rationale

**Security Awareness** – These security awareness focus areas are designed to improve employee security practices:

- Security Awareness Workshops
- Data Classification – enables greater understanding of what categories and types of data need to be secured
- National Institute of Standards and Technology (NIST) Control Training – support State employee understanding of NIST information security standards and guidelines
- Policy and Procedures Development – support State agencies in building security policies and procedures
- Policies, Standards, and Procedures (PSP) Review and Training - sponsor PSP review and training in State agencies
