FROM: Eric Billings, Principal Fiscal Analyst *EB*
SUBJECT: Attorney General - Review of Uncollectible Debts

Request

Pursuant to A.R.S. § 35-150E, the Attorney General (AG) requests Committee review of its listing of uncollectible debts referred to the AG by state agencies for collection. The listing totals \$78.3 million for debts listed as uncollectible in FY 2016 and prior years.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

A favorable review by the Committee would allow the State Comptroller to remove this debt, determined by the AG to be uncollectible, from the state accounting system.

Analysis

When state agencies, boards, and commissions are unable to collect past due debts, the uncollected debt is processed in 2 ways: 1) the AG or state agencies may initiate debt collection proceedings; or 2) debt is determined to be uncollectible and then referred to JLBC for review. Upon review by the JLBC, debt that is found to be uncollectible may be removed from the state's accounts receivable.

(Continued)

The AG’s Collection Enforcement Unit functions as a collection service for debts owed to the state. The unit returns 65% of collected monies to the client agencies and retains the remaining 35% for unit operational costs. While the Collection Enforcement Unit is able to collect from many individuals and businesses that owe monies to the state, some debts are uncollectible for a variety of reasons.

In the last several fiscal years, the Committee gave favorable reviews of the 2011 uncollectible debt listings totaling \$17.2 million, the 2012 listings totaling \$30.4 million, the 2013 listings totaling \$44.9 million, and the 2014 and 2015 listings totaling \$88.4 million.

Since its last report, the AG’s office has again reviewed the cases assigned to the Collection Enforcement Unit and cases deemed uncollectible by state agencies. Based on this review, the AG advises that \$78.3 million owed to the state is uncollectible as of April 30, 2016. Due to its length, the specific listing of uncollectible debts appears as an attachment only in the JLBC’s online agenda materials.

Of the \$78.3 million in uncollectible debt, approximately 95.1% is classified under 4 categories: 1) the debtor is a defunct corporation (85.0%); 2) the debt was discharged in bankruptcy (5.1%); 3) the collection cost would exceed the amount owed (2.9%); or 4) the case was settled with the debtor for a lesser amount than owed (2.1%). The remaining amount is listed as uncollectible for reasons including that the debtor is deceased, the debt lacked supporting documentation, the debtor either has no assets, wages or possesses a negative credit report, the debtor is incarcerated, the debtor lives and/or works on a reservation, or the debtor was unable to be located (*see Table 1*).

	Amount Recommended for Write-Off	Percentage
Defunct Corporation/LLC	\$66,533,000	85.0%
Debt Discharged in Bankruptcy	4,007,000	5.1%
Collection Cost Would Exceed Amount Owed	2,278,500	2.9%
Settled	1,645,400	2.1%
Debtor is Deceased	1,417,200	1.8%
Debts with Insufficient Documentation	1,403,200	1.8%
No Assets/No Wages/Negative Credit Report	854,200	1.1%
Other	<u>115,800</u>	<u>0.1%</u>
Total	\$78,254,300	100%^{1/}

^{1/} Note: Numbers do not add due to rounding.

The 3 largest individual cases in this report comprise \$21.2 million of the \$78.3 million, or 27.0% of the uncollectible debt total. The 3 largest cases are all owed to the Department of Revenue (*see Table 2*). Of the \$78.3 million in uncollectible debt from the cases in this report, approximately 94.9% in debts is owed to 2 agencies: the Department of Revenue and the Registrar of Contractors. The remaining 5.1% in debts is owed to 35 other agencies (*see Table 3*).

Nearly all (98.4%) of the debts in this report were certified as uncollectible in FY 2015 and FY 2016 (*see Table 4*). The rest of the debts were deemed uncollectible in earlier years but were never formally reviewed by the Attorney General until now.

HAND DELIVERED

The Honorable Justin Olson, Chairman
Joint Legislative Budget Committee
Arizona House of Representatives
1716 West Adams
Phoenix, Arizona 85007

RE: FY 2016 May 21, 2015 - April 30, 2016 for Non-DOR Uncollectible Debt Report
FY 2015 DOR Uncollectible Debt Report

Dear Representative Olson:

As requested by the Joint Legislative Budget Committee ("JLBC") pursuant to A.R.S. § 35-150(E), enclosed are the FY 2016 May 21, 2015 through April 30, 2016 for Non-DOR Uncollectible Debt Report and the FY 2015 DOR Uncollectible Debt Report ("the Reports").

The Reports include: 1) debt owed to the State that was referred to the Collection Enforcement Revolving Fund ("CERF") for collection and determined to be uncollectible; and 2) debt owed to the Department of Revenue ("DOR") and other State agencies, boards and commissions that was not referred to the CERF and was deemed uncollectible by the agencies; With respect to the DOR debt listed in the Reports as uncollectible, for FY 2015 the Attorney General's Office is relying upon the certification by DOR set forth in memorandum dated September 15, 2015, from DOR to the Attorney General's Office and entitled, "Fiscal Year 2015 Certification of Cases for Abatement" ("Certification"). The Certification states that the debt described in the Certifications meets the criteria pursuant to A.R.S. § 42-1004B, and for liabilities discharged in bankruptcy, pursuant to the United States Bankruptcy Code, and that DOR has validated through its internal policies and process that it verified the reasons for abatement, as stated in the Certifications, and that they are true and accurate.

With respect to the debt owed to State agencies other than DOR that was not referred to CERF, each respective agency Director certified that the agency has validated through its internal policies and process that it verified the reasons for abatement, as stated in the Certifications, and that they are true and accurate.

The reporting of a debt as uncollectible, including the act of the State abating the debt, does not necessarily preclude the State from reopening a case and collecting a debt owed to the State at a later date. At times, we have been able to reopen a case and collect a debt because we have identified a debtor's assets or revenue source that previously did not exist or was not able to be located. There are three exceptions to when the State would be able to pursue a debtor post-abatement. They are: 1) debts discharged in bankruptcy; 2) debts where the statute of limitations has expired; and 3) debts that the State has agreed to settle for a lesser amount than what was owed.

The Reports provide a reason each debt is deemed uncollectible. The reasons include case settled, debtor deceased, debtor is incarcerated, unable to locate debtor, collection costs would exceed the amount to be collected, debtor has neither assets nor wages, debtor lives and/or works on a Reservation, debt discharged in bankruptcy, lack of supporting documentation regarding the validity of the debt and defunct corporation/LLC.

Finally, the Reports also provide the amount uncollected for each debt. This amount may include all or a portion of the original debt and, if applicable, all or a portion of interest and penalties associated with the debt.

Please contact either of the undersigned if you have any questions.

Sincerely,

Paul Watkins

SUBJECT: Attorney General - Review of FY 2017 Internet Crimes Against Children Expenditure Plan

Request

The FY 2017 General Appropriation Act (Laws 2016, Chapter 117) requires the Attorney General (AG) to submit, for Committee review, an expenditure plan for the \$1.3 million FY 2017 appropriation from the Internet Crimes Against Children (ICAC) Enforcement line item.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the expenditure plan.
2. An unfavorable review of the expenditure plan.

Analysis

Background

Established by the Legislature in FY 2015, the ICAC line item provides funding for the operation of the ICAC Task Force program. The Arizona branch of this national program is AZICAC, which is a joint federal, state, and local law enforcement task force led by the Phoenix Police Department (PD) that investigates child pornography. In both FY 2015 and FY 2016, the Department of Child Safety (DCS) received a \$350,000 annual General Fund appropriation, which was distributed to AZICAC for vehicles, equipment, training, and overtime costs. The FY 2017 General Appropriation Act shifted the annual \$350,000 General Fund appropriation from DCS to the AG in FY 2017.

(Continued)

Additionally, Laws 2015, Chapter 245 established an appropriated ICAC Enforcement Fund, which receives annual deposits of \$900,000 in lottery proceeds and is administered by the AG. These monies are intended to be pass-through funds to AZICAC. Chapter 245, however, did not appropriate the lottery revenues in FY 2015 or FY 2016. To remedy this the Legislature passed Laws 2016, Chapter 1 which appropriated \$1.8 million in non-lapsing monies from the ICAC Enforcement Fund as a FY 2016 supplemental appropriation to the AG to make up for the intended \$900,000 annual appropriations in both FY 2015 and FY 2016. The FY 2017 budget continued the \$900,000 annual ICAC Enforcement Fund appropriation, which when combined with the \$350,000 General Fund appropriation, provides total AZICAC resources of \$1.3 million in FY 2017.

Expenditure Plan

The AG's expenditure plan for the \$1.3 million appropriated to AZICAC includes funding for 6 FTE Positions in AZICAC and the AG's Office, one-time equipment purchases, training, and other operational costs of the task force. Since these monies are non-lapsing until June 30, 2018, the proposed expenditures for AZICAC would occur during FY 2018 (*see below for discussion of FY 2017 funding*). The allocation for 2 AG positions, however, would be expended in FY 2017. The AG is proposing the following allocations:

- \$574,000 for 4 FTE Positions within AZICAC and Overtime – \$493,000 would fund the second year of a Forensic Examiner, Investigator, Crime Scene Specialist Investigator, and Contract Specialist in the Phoenix PD that would also be full-time staff within AZICAC. A further \$81,000 would be utilized for overtime costs of the task force.
- \$350,000 for 2 FTE Positions within the AG's Office – The AG currently handles the prosecution of some sexual exploitation cases, although they do not currently have dedicated staff. The AG has said that this work is funded in part by Anti-Racketeering monies. The AG does not believe these Anti-Racketeering monies are a sustainable funding source. The AG would use the \$350,000 to shift these costs to the General Fund.
- \$222,500 for One-Time Equipment – Cameras, evidence items, forensic computers, laptops, hardware, software, subscriptions to forensic tools, and other forensic and information technology equipment.
- \$87,500 for Training – Airfare, hotel, and per-diem costs as well as costs associated with gaining certification training in forensic skills and relevant computer programs.
- \$6,000 for Vehicle Maintenance – Regular maintenance for AZICAC vehicles.
- \$10,000 for Other Operational Costs – Educational materials and employee recognition items.

Laws 2016, Chapter 1, which included the \$1.8 million FY 2016 supplemental appropriation from the ICAC Enforcement Fund, did not include a provision requiring JLBC review. As a result, the AG has already initiated the dispersal of these monies to AZICAC, which will fund their share of AZICAC operations in FY 2017. The monies will be used for the following purposes:

- \$606,400 for 4 FTE Positions within AZICAC and Overtime – This will fund the first year of the aforementioned new AZICAC positions that would be continued under the proposed plan and \$113,400 as a set-aside for overtime costs of the task force.

(Continued)

- \$106,000 for Ongoing Operating Costs of AZICAC – Vehicle maintenance, subscriptions for forensic tools, computers, software, hardware, and forensic tools.
- \$899,000 for One-Time Equipment Costs – Crime scene van, laptops, unmarked investigator vehicles, educational material, office furniture, software, hardware, storage boxes, cameras, monitors, a forensic van, and other evidence collection and safety equipment.
- \$100,000 for Annual Equipment Costs – Upgrades to computers, software, and hardware.
- \$88,600 for Training – Airfare, hotel, and per-diem costs, as well as costs associated with gaining certification training in forensic skills and relevant computer programs.

Laws 2015, Chapter 245 requires quarterly reports to JLBC on the expenditure of the monies in the ICAC Enforcement Fund.

RS/EB:lm

MARK BRNOVICH
Attorney General

Office of the Attorney General
State of Arizona

September 1, 2016

The Honorable Don Shooter, Chairman
Joint Legislative Budget Committee
1716 West Adams
Phoenix, Arizona 85007

Dear Senator Shooter:

In accordance with the FY 2017 appropriations bill, the Arizona Attorney General is required to submit an ICAC expenditure plan for JLBC review prior to expenditure.

Background:

Laws 2015, Chapter 245 established the ICAC Enforcement Fund subject to legislative appropriation and administered by the Attorney General (AGO). The intent behind Chapter 245 was to provide \$900,000 in FY 2015 and every year thereafter from the proceeds of lottery games sold from a vending machine in age-restricted areas. The legislation became effective immediately because there was an emergency clause included in the enacted legislation.

However, there was no appropriation associated with this legislation in either FY 15 or FY16, resulting in an accumulation of \$1,800,000 into the fund and no expenditures.

Laws 2016, Chapter 1, provided an FY 16 supplemental appropriation to the Attorney General of \$1,800,000 to address this issue. This appropriation did not require a review by the JLBC. Plans are currently underway to expend these dollars in FY 2017 through an intergovernmental agreement with the Phoenix Police Department (PPD).

These plans included hiring four additional staff for the PPD, one-time equipment cost, ongoing expenses and training for ICAC staff. It is anticipated that these funds will be mostly expended by the end of FY 2017.

FY 2017 Appropriation \$1,250,000 continuously appropriated through June 30, 2018:

The FY 2017 appropriation included \$900,000 from the ICAC Enforcement Fund. The AGO plans to enter into an agreement with PPD to expend these funds during FY 2018. These funds would be used to provide annualized support for the four newly created ICAC positions within the PPD ICAC Unit and to provide associated ongoing costs including specialized equipment, training and support.

The FY 2017 appropriation also included \$350,000 from the General Fund. These funds had previously been allocated to the Department of Child Safety. The Attorney General plans to use these funds in FY 2017 to provide ongoing prosecutorial support and investigative capabilities to support ICAC efforts statewide by funding a prosecutor and an investigator within the AGO.

Sincerely,

A handwritten signature in black ink that reads "Mark Brnovich". The signature is written in a cursive style with a long horizontal flourish at the end.

Mark Brnovich

SUBJECT: Arizona Commerce Authority (ACA) - Review of Progress on Auditor General Recommendations

Request

Pursuant to a footnote in the FY 2017 General Appropriation Act (Laws 2016, Chapter 117), the Arizona Commerce Authority (ACA) is required to report on the progress the agency has made towards implementing a series of Auditor General recommendations as a result of a September 2015 audit.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

Under either option, the Committee may consider including a provision that ACA report back to the Committee once all of the Auditor General's recommendations have been fully implemented.

In general, ACA is proceeding with implementing the Auditor General recommendations.

(Continued)

Analysis

As part of the sunset review process, the Auditor General conducted an agencywide audit of ACA that concluded in a report issued on September 24, 2015. The report included a series of recommendations to enhance the clarity of reporting on economic incentives, improve monitoring of grantees, develop written guidelines for the administration of grants, and improve other administrative procedures. The specific recommendations are outlined below.

A follow-up report by the Auditor General from June 30, 2016 indicated that ACA had fully implemented 3 recommendations, was in the process of implementing 14 others, and 1 was no longer applicable. The report provided by ACA included additional detail on efforts that have been made to address the recommendations and plans for changes going forward. The results, listed by recommendation number, along with the Auditor General's assessment of the progress ACA had made as of June 30, 2016, and a brief description of how the recommendations were addressed by ACA are included below.

Laws 2016, Chapter 114 incorporated into statute provisions based on the Auditor General recommendations included in recommendations 1-5 listed below. Additionally, the bill required ACA, to the extent allowed by law, to post on its website information on each incentive application approved by ACA including the amount of the award and the applicant's job creation and investment activity that is projected or has been achieved.

Recommendations

1. Ensure that the public can clearly understand ACA's economic development efforts and results by:
 - a. Ensuring that ACA reports cumulative progress towards its three 5-year goals. Status: *In progress. ACA posted summary information on its website which showed job creation, capital investment and wage progress towards its 5-year goals for the first 4 years.*
 - b. Clarifying in reports whether the information presented on jobs created, wages, and capital investments represents actual activity or commitments. Status: *Implemented. ACA reports that they reflect all reported job creation, wage, and capital investment activity as actuals or projected.*
 - c. Developing a report or adding information to the ACA reports or website that better summarizes Arizona's total economic development investment costs and the benefits that the state received as a result of these expenditures. Status: *In progress. ACA will provide cumulative incentive data in its upcoming FY 2016 annual report.*
2. Ensure compliance with statutory reporting requirements by including the following in its annual Competes Fund report:
 - a. Required information such as jobs committed and created for each grant recipient for the innovation and rural grants. Status: *Implemented. ACA reported required actual and projected job creation, wage, and capital investment data in their FY 2015 Competes Fund report and intends to do so in the FY 2016 report.*
 - b. The median wage of the jobs each Competes Fund grant recipient created. Status: *No longer applies. Laws 2016, Ch. 114 removed the statutory provision requiring ACA to report the median wage of jobs created in favor of the average wage. ACA intends to comply with this change.*

(Continued)

3. Enhance its Competes Fund grant-awarding practices by:
 - a. Developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grants. Status: *In progress.* *As of August, ACA has drafted written grant administration guidelines for the Competes Fund and Arizona Innovation Challenge programs which cover administrative procedures for all Competes Fund grants.*
 - b. Training staff on these written procedures and ensuring that staff follow them. Status: *In progress.* *ACA has held training sessions for all personnel that have Competes Fund responsibilities. ACA will train new staff as necessary and conduct annual refresher courses for existing staff.*
 - c. Developing procedures detailing what documentation should be maintained in its files and a final verification process to ensure that all required documentation is in the grant recipient's file. Status: *In progress.* *ACA claims to have existing protocols for what information should be maintained in a grantee's file and have expanded upon those guidelines in their Competes Fund administrative guidelines that were drafted as part of recommendation 3.A.*
4. Improve monitoring of all Competes Fund grants by developing and implementing written policies and procedures for verifying grant recipient-reported milestones and/or outcomes. These policies and procedures should include:
 - a. What milestone and/or outcome information grant recipients should report. Status: *In progress.* *ACA claims to have already built in required milestone information requirements to grant recipient awards. ACA has also initiated the process of providing new grantees with a reporting checklist that details all of the information the grantee must report during the term of the grant.*
 - b. How submitted information should be verified, including the independent sources ACA uses to verify the information. Status: *In progress.* *ACA has included in their Competes Fund administrative guidelines the sources that they intend to use to verify information. These sources include e-verify, the Department of Revenue, unemployment tax and wage reports, grantee payroll reports, and other information as provided by the grantee.*
 - c. What information should be documented in ACA files. Status: *In progress.* *ACA did not address this in their report, however, the draft Competes Fund administrative guidelines require that the grantee report milestone information pursuant to their respective contract.*
 - d. What grant payments will not be made until the verification process is completed and documented. Status: *In progress.* *ACA indicates that they have procedures in place to prohibit a grant payment until all documentation is received.*
5. ACA should develop and implement policies and procedures for making changes to grant agreements to help ensure that it consistently addresses changes to the required outcomes specified in the agreements, such as changes in milestones or delays in meeting goals within the required time. These policies should include:
 - a. How ACA will document the discussions, decisions, and any changes to the grant agreement in the grant files. Status: *In progress.* *ACA has not developed a written policy that ensures consistent behavior related to grant modifications. ACA indicated that they don't always allow modifications, but when they do, ACA may only require increased job creation, wage targets, or capital investment performance in certain circumstances.*
 - b. Steps for ensuring that grant recipients report milestone or outcome results or when such results are not reported, exceptions to the reporting requirements are noted in ACA's file. Status: *In progress.* *ACA reports that they commonly include clauses in their awards that halt payments if milestone information is not reported.*

(Continued)

6. ACA should strengthen its conflict-of-interest practices by:
 - a. Ensuring that all ACA decision makers comply with its policy to review and sign conflict-of-interest policy acknowledgment forms annually. *Status: In progress. In July 2016, ACA staff completed new conflict of interest forms. ACA board members will do the same at their next meeting in October. ACA will continue this practice annually.*
 - b. Requiring judges for the innovation grants to sign and submit its policy acknowledgment form and disclose conflicts as required by its policy. *Status: Implemented. ACA will maintain its policy of having Arizona Innovation Challenge judges sign conflict of interest policy acknowledgement forms.*
7. ACA should continue with efforts to adopt rules to administer research tax credits and the Computer Data Center Program as required by statute. *Status: In progress. Due to changes included in Laws 2016, Chapter 369, ACA will amend the Computer Data Center Program rules to conform with the statutory changes. ACA has drafted preliminary guidance for the Research Tax Credit program.*
8. ACA should improve its compliance with Arizona's open meeting laws by continuing to ensure its meeting minutes are available within 3 business days and including the required Americans with Disabilities Act statement related to reasonable accommodation on its meeting notices. *Status: In progress. ACA will post its board meeting minutes within 3 business days and will continue to maintain the practice of including the Americans with Disabilities Act language on meeting notices.*

RS/EB:kp

August 31, 2016

The Honorable Don Shooter, Chairman
Joint Legislative Budget Committee
Arizona State Senate
1700 West Washington Street
Phoenix, Arizona 85007

The Honorable Justin Olson, Vice Chairman
Joint Legislative Budget Committee
Arizona House of Representatives
1700 West Washington Street
Phoenix, Arizona 85007

Re: Report on Progress Made by the ACA in Implementing the Auditor
General's September 2015 Audit Recommendations

Dear Senator Shooter and Representative Olson:

Pursuant to Section 135 of H.B. 2695 (Fifty-second Legislature, Second Regular Session 2016), the Arizona Commerce Authority ("ACA") is required, on or before August 31, 2016, to submit for review by the Joint Legislative Budget Committee a report detailing the progress made by the ACA in implementing the Auditor General's ("Auditor's") recommendations included in the Auditor's September, 2015 audit of the ACA. This correspondence and the attachments hereto are intended to constitute the required report.

Auditor's Recommendation #1: Ensure that the ACA reports the cumulative progress it makes toward its three 5-year goals.

ACA Actions Taken:

In addition to the actions taken by the ACA referred to in the Auditor's Interim Report dated June 30, 2016, a copy of which is attached as Attachment 1 (the "Auditor's 2016 Report"), the ACA posted on its website in July, 2016 a FY 2016 Summary Infographic Report that details the ACA's cumulative progress towards its 5-year goals (encompassing FYs 2013-2017) occurring during the initial 4 years of implementation (FYs 2013-2016). The FY 2016 Summary Infographic Report reflects numeric comparisons between the 5-year goals and the ACA's progress towards those goals in the first 4 years of implementation in terms of (i) projected job creation and (ii) projected capital investment. Specifically, the 2016 Summary Infographic Report notes that the ACA has in the initial 4 years of implementation exceeded by 118% and 152%, respectively, the 5-year goals for projected jobs and projected capital investment allocable to the first 4 years of

implementation.¹ A copy of the 2016 Summary Infographic Report is included as [Attachment 2](#). See the section “Cumulative Results Towards Goals.”

Given space limitations inherent in the 2016 Summary Infographic Report presentation, the ACA posted on its website shortly thereafter an expanded summary of the ACA’s cumulative progress towards its 5-year goals occurring during FYs 2013 – 2016 (the “Expanded Goals Summary”) which also includes the ACA’s progress towards its 5-year goal pertaining to projected average annual wages.² The Expanded Goals Summary details that the ACA achieved 95.9% of its 5-year goal for projected average annual wages allocable to the first 4 years of implementation. A copy of the Expanded Goal Summary is included as [Attachment 3](#).

The ACA’s FY 2016 Annual Report will include the details reflected in the Expanded Goals Summary. Further, the ACA’s FY 2017 Annual Report will address the cumulative progress towards the ACA’s 5-year goals (encompassing FYs 2013-2017) occurring during the full 5 years of implementation (FYs 2013-2017).

¹ The 5-year ACA goal of 75,000 projected new jobs assumed *annual* projected new job progression as follows: Year 1: 12,000; Year 2: 13,000; Year 3: 15,000; Year 4: 17,000 and Year 5: 18,000; hence, 57,000 of the 75,000 projected new jobs through Year 4. In the first 4 years, the ACA reported 67,659 projected new jobs; as noted, the cumulative progress in the first 4 years of implementation exceeded by 118% the 5-year projected jobs goal allocable to the initial 4 years.

The 5-year ACA goal of \$6 billion in projected new capital investment assumed *annual* projected capital investment progression as follows: Year 1: \$1.0 billion; Year 2: \$1.1 billion; Year 3: \$1.2 billion; Year 4: \$1.3 billion and Year 5: \$1.4 billion; hence, \$4.6 billion of the \$6.0 billion projected capital investment through Year 4. In the first 4 years, the ACA reported \$7.0 billion in projected new capital investment; as noted, the cumulative progress in the first 4 years of implementation exceeded by 152% the 5-year projected capital investment goal allocable to the initial 4 years.

² The 5-year ACA goal of a projected cumulative blended average annual wage equal to 157.7% of the state median annual wage assumed a ratable average annual projected wage progression of between 155% and 175% of the Arizona median wage over the 5-year period in respect to 2/3 of the projected new jobs and between 130% and 150% of the Arizona median wage over the 5-year period in respect to 1/3 of the projected new jobs; hence, in respect to the 57,000 projected jobs through Year 4, a cumulative blended average annual wage equal to 154.9% of the Arizona median annual wage through Year 4. In the first 4 years, the ACA reported an average annual wage of 148.6% of the state median annual wage; as noted, the cumulative progress in the first 4 years of implementation represented 95.9% of the 5-year projected average annual wage goal allocable to the initial 4 years.

Senator Shooter, Chairman
Representative Olson, Vice-Chairman
Joint Legislative Budget Committee
August 31, 2016
Page 3

Auditor's Recommendation #2: Clarify in the ACA annual report and other reports produced whether the information presented on jobs created, wages, and capital investment represents actual activity or commitments.

ACA Actions Taken:

The ACA reflects in all of its reporting whether information presented on job creation, wages and capital investment represents actual activity or projections. Consistent therewith, the Auditor's 2016 Report describes this recommendation as having been implemented.

Auditor's Recommendation #3: Develop a report or add information that it can legally report to its existing reports or web site that better summarizes Arizona's total economic development investment costs and the benefits that the State received as a result of these expenditures.

ACA Actions Taken:

In addition to the actions taken by the ACA in the FY 2015 ACA Annual Report referred to in the Auditor's 2016 Report, the ACA proposes to provide in its FY 2016 Annual Report cumulative data that will reflect the aggregate amount of incentives approved in respect to the principal ACA-administered incentives along with information detailing the actual job creation, actual average wage and actual capital investment that generated these incentives. It is believed that the correlation between the amount of approved incentives and the actual performance criteria that generated the incentives will furnish the most reliable basis for comparing the investment costs incurred by the State and the benefits received by the State in connection therewith.

The ACA-administered incentives for which such information is proposed to be provided in the FY 2016 ACA Annual Report include the following:

- Arizona Qualified Facility Tax Credit Program (from inception)
- Arizona Renewable Energy Tax Incentive Program (from inception)
- Arizona Competes Fund (from inception)
- Arizona Job Training Grants Program (since 2012)
- Arizona Quality Jobs Tax Credit Program (since 2011)
- Arizona Commercial Industrial Solar Tax Credit Program (since 2012)

Auditor's Recommendation #4: To ensure compliance with statutory reporting requirements, the Authority should include in its annual Competes Fund report required information, such as jobs committed and created, for each grant recipient for the innovation and rural grants.

ACA Actions Taken:

Senator Shooter, Chairman
Representative Olson, Vice-Chairman
Joint Legislative Budget Committee
August 31, 2016
Page 4

In its FY 2015 Arizona Competes Fund (“ACF”) Annual Report posted on November 1, 2015, the ACA provided information in respect to its 13 grants that had been issued through FY 2015 pursuant to A.R.S. § 41-1545.02(A)(1) relating to projected and actual new jobs, projected and actual wages and projected and actual capital investment. The ACA reflected similar information in respect to the 66 then combined innovation and rural grants issued pursuant to A.R.S. § 41-1545.02(A)(2). See [Attachment 4](#). Consistent therewith, the Auditor’s 2016 Report describes this recommendation as having been implemented.

The FY 2016 ACF Annual Report, due on November 1, 2016, will provide updated information in respect to all 19 grants issued pursuant to A.R.S. § 41-1545.02(A)(1) through FY 2016 and the 77 combined innovation and rural grants issued pursuant to A.R.S. § 41-1545.02(A)(2) through the close of FY 2016.

Auditor’s Recommendation #5: To ensure compliance with statutory reporting requirements, the Authority should include in its annual Competes Fund report required information, such as the median wage of the jobs each Competes Fund grant recipient created.

ACA Actions Taken:

As noted in the Auditor’s 2016 Report, S.B. 1501 (Fifty-second Legislature, Second Session 2016) amended A.R.S. § 41-1545.04 to remove the requirement that the ACA report the *median* wage of the jobs each ACF grant recipient creates and simultaneously expanded the reporting and methods required for disseminating the ACF Annual Report to the public. The ACA intends to satisfy the expanded reporting and dissemination requirements commencing with the 2016 ACF Annual Report which, as noted, is due on November 1, 2016.

Auditor’s Recommendation #6: The Authority should enhance its Competes Fund grant-awarding practices by developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grants.

ACA Actions Taken:

The ACA has developed written procedures for all of its Competes Fund grants. See the “Arizona Competes Fund Administration Guidelines” dated August 24, 2016 which is included as [Attachment 5](#) and the “Arizona Innovation Challenge Standard Operating Procedures” dated August 12, 2016 which is included as [Attachment 6](#).

The Auditor’s 2016 Report characterized the ACA’s written policies which formed the basis for the 2 documents above as “comprehensive.” More particularly, the Auditor’s 2016 Report stated as follows:

Senator Shooter, Chairman
Representative Olson, Vice-Chairman
Joint Legislative Budget Committee
August 31, 2016
Page 5

The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants.

Auditor's Recommendation #7: The Authority should enhance its Competes Fund grant-awarding practices by developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grants by training staff on these written procedures and ensuring that staff follow them.

ACA Actions Taken:

Training on the procedures to be utilized in administering the ACF have been held for all ACA personnel with ACF grant administration responsibilities. Additional training is contemplated in respect to any new personnel that may be engaged in the future. Further, the expectation is for the ACA to convene on at least an annual basis a "refresher" training session that would also address any changes in the administrative policies in the intervening period. ACA personnel are encouraged at all times to advise management of issues they may confront in the administration of ACF matters with the objective of further refining the administrative policies, as necessary, to appropriately protect the interests of the State's taxpayers in administering Competes Fund grants.

Auditor's Recommendation #8: The Authority should enhance its Competes Fund grant-awarding practices by developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grant by developing procedures detailing what documentation should be maintained in its files and a final verification process to ensure that all required documentation is in the grant recipient's file.

ACA Actions Taken:

The Auditor's 2016 Report stated as follows in respect to the ACA's administrative procedures governing file maintenance matters:

Based on auditors' review of the Authority's draft policies and procedures, they include information on what documentation should be maintained in the files and a verification process for ensuring files are complete.

Further in this regard, see Sections 5.7.6 and 10 of the Arizona Competes Fund Administration Guidelines and Sections 5.7.2, 6.4.3.1 and 6.4.4.1 of the Arizona Innovation Challenge Standard Operating Procedures.³

Auditor's Recommendation #9: The Authority should improve its monitoring of all Competes Fund grants by developing and implementing written policies and procedures. These policies and procedures should specify what milestone and/or outcome information grant recipients should report.

ACA Actions Taken:

In terms of required information reporting, the Auditor's 2016 Report states as follows:

The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants. Based on auditors' review of the Authority's draft policies and procedures, they will specify the milestone and/or outcome information that grant recipients should report, include a checklist to use for verifying grantee report data and documents, identify what information should be documented in the Authority's files and a checklist to use for verifying that files have complete and accurate information, and indicate that an initial payment will typically be made once all required documents are received and subsequent payments will be based on successful completion of performance milestones.

As an example of milestone and other reporting by grantees of grants issued pursuant to A.R.S. § 41-1545.02(A)(1) and Arizona Innovation Challenge ("AIC") grants issued pursuant to A.R.S. § 41-1545.02(A)(2), the ACA has initiated the process of providing new grantees with a "Report Summary Checklist" that details all reporting and information required by the grantee during the term of the grant.

For example, in the context of a new grant issued pursuant to A.R.S. § 41-1545.02(A)(1) that provides for performance over a 5-year period commencing June 1, 2016, the Report Summary Checklist provides the following narrative that is consistent with the underlying grant agreement:

1. Annual Reports. The Grantee is required to file annual reports on or before July 31 each year during the term of the Grant commencing July 31, 2017 and ending July 31, 2020 that reports on a cumulative

³ The Auditor's 2016 Report actually refers to file matters in two of its recommendations. See Sections 2.1(c) and 2.2(c); the discussion herein is consolidated and is the basis for the disparity between the 17 recommendations discussed herein and the reference to 18 original recommendations in the Auditor's 2016 Report.

basis the Project's actual job creation, average wage, and capital investment through the preceding June 30.

2. Milestone Reports. Upon or after achievement of each of the 5 identified Milestones, the Grantee is required to file a Milestone Report that details the cumulative job creation, average wage and capital investment through the date the Milestone was achieved as well as the percentage health insurance subsidy offered by the Grantee to employees. The Milestone Report must be accompanied by an itemized payroll report, a payment affidavit in the form attached as Exhibit B to the Grant Agreement and a copy of the Form UC-018/UC-020 most recently filed by Grantee with the Department of Economic Security ("DES"). Where applicable, including for example in the context of non-recurring wage items such as bonuses and commissions, the Grantee may also be required to provide Forms UC-018/UC-020 filed by Grantee with DES in respect to other calendar quarters and will also be required to submit documentation establishing the extent of capital investment incurred by Grantee in connection with the Project.
3. Close-Out Report. Within 20 Business Days following June 1, 2021, the Grantee is required to submit a Close-Out Report that details on a cumulative basis the Project's job creation, average wage, and capital investment through June 1, 2021. As applicable, the Close-Out Report must be accompanied by the documentation specified above in the context of Milestone Reports.
4. Project Liquidation Report. Within 5 Business Days following the occurrence of a Project Liquidation, if applicable, the Grantee is required to submit a Project Liquidation Report reporting the Project Liquidation. For this purpose, a Project Liquidation is defined as the liquidation of the Project in Arizona at any time before June 1, 2021; the Project will be deemed liquidated on any date after June 1, 2016 and before June 1, 2021 on which the number of New Jobs represents at least a 75% reduction from the highest number of New Jobs following June 1, 2016.

In terms of monitoring *all* required report filings on a timely basis, the ACA maintains an aggregate Report Summary Checklist that reflects the due dates of all reports required by all grantees under all outstanding grants.

The reporting and administration process for the performance period of an AIC grant is detailed in Section 6.4.5 of the Arizona Innovation Challenge Standard Operating Procedures.

Auditor's Recommendation #10: In improving its monitoring of all Competes Fund grants, indicate how the Authority should verify submitted information, including the independent sources the Authority should use to verify the reported information.

ACA Actions Taken:

In respect to verification matters, the Auditor's 2016 Report states as follows:

The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants. Based on auditors' review of the Authority's draft policies and procedures, they will include a checklist to use for verifying grantee report data and documents.....

Further in this regard, please see Sections 10.1 and Section 10.2 of the Arizona Competes Fund Administration Guidelines which detail the procedures required to ensure proper verification of job creation, requisite wage thresholds and capital investment.

Auditor's Recommendation #11: In improving its monitoring of all Competes Fund grants, specify that grant payments will not be made until the Authority completes and documents the verification process.

ACA Actions Taken:

The Auditor's 2016 Report states as follows in terms of deferring grant payments until completion of the verification process:

The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants. Based on auditors' review of the Authority's draft policies and procedures, they will include a checklist to use for verifying grantee report data and documents and indicate that an initial payment will typically be made once all required documents are received and subsequent payments will be based on successful completion of performance milestones.

Auditor's Recommendation #12: The Authority should develop and implement policies and procedures for making changes to grant agreements to help ensure that it consistently addresses changes to the required outcomes specified in the agreements, such as changes in milestones or delays in meeting goals within the required time. These policies and procedures should include how it will document the discussions, decisions and any changes to the grant agreement in the grant files.

ACA Actions Taken:

ARS 41-1545.02(A)(1) Grants:

To date, in the context of grant agreements issued pursuant to A.R.S. § 41-1545.02(A)(1), no request has been made to extend the period of time in which to achieve the requisite job and investment performance. If requested in the future, it is the policy of the ACA to demand some form of *quid pro quo* from the grantee as a condition to granting any such extension. To illustrate, assume a grant (i) provides a 3-year performance period in which job creation and capital investment must reach stated thresholds in order for full payment of the grant to occur and (ii) requires jobs for which grant payments were made to be maintained for a total of 5 years to avoid triggering any claw-back obligation. If a grantee seeks a 1-year extension of the otherwise 3-year performance period and the ACA determines that the request was in the best interests of the State, the ACA, in granting the 1-year extension will demand, at a minimum, an extension of two years (i.e., from 5 to 7 years) in the period of time in which the jobs created over the then 4-year period would be required to be maintained to avoid a claw-back obligation. There are circumstances in which the ACA might also seek an increase in the number of jobs required for full payment of the grant; hence, in exchange for extending from 3 to 4 years the duration of the job creation and capital investment performance period (a 33% extension in terms of timing), the ACA might also seek an increase of 10% in the number of jobs required for full payment. ACA policy would limit any grantee to no more than 2 extensions the cumulative period of which would not exceed 12 months. As soon as the first extension was granted, the ACA would document all such extension decisions to ensure consistency in outcomes. Further, the ACA would amend the respective Grant Agreement to address the modifications as well as the Report Summary Checklist to reflect the modified period over which reporting would be required.

To date, in the context of grant agreements issued pursuant to A.R.S. § 41-1545.02(A)(1), no request has been made to adjust the structure of any grant's milestones. At the current time, the ACA does *not* intend to adjust the milestones in the context of any such grants, including to reduce the amount of required jobs or capital investment (i.e., any possible amendment would be confined to an extension of the performance period in which to achieve one or more milestones).

Arizona Innovation Challenge Grants:

In contrast to A-1 Grants, it is not uncommon to adjust milestones for AIC Grants. Milestones for early-stage companies are established and measured with rigor, in consultation with ACA staff, to gauge significant progress towards commercializing new technology, attracting investment capital, generating revenue and scaling companies. Milestones are not applied to assess *quid pro quo* benefit to the State. The majority of the benefit accrues not in the first 12-months of the technology commercialization phase, but later in the five-year performance period when successful companies scale and invest in employees and capital equipment, and pay taxes. Adjusting milestones is only allowed when there is a rationale based on significant demonstrated progress, but additional time is needed, or a change in company or market conditions requires a reallocation of funds to higher value activities. Without significant demonstrated progress, payments are suspended, or awards may be liquidated.

Senator Shooter, Chairman
Representative Olson, Vice-Chairman
Joint Legislative Budget Committee
August 31, 2016
Page 10

REDG Grants:

In respect to REDG Grants, if a governmental entity-grantee requests an extension of time beyond the standard 18-month period in which to complete infrastructure improvements as a result of a delay due to circumstances beyond its control and if the ACA is satisfied that the project would otherwise be completed without further grant support and continues to be in the best interests of the attendant rural community, the ACA maintains a policy of offering up to 2 extensions of time the cumulative period of which would not exceed 12 months.

Further in respect to changes in grant provisions, the Auditor's 2016 Report states as follows:

Based on auditors' review of the Authority's draft policies and procedures, they will include steps on how to manage any issues or changes related to grant agreements

Auditor's Recommendation #13: Indicate steps the ACA will take for ensuring that grant recipients report milestone or outcome results or, when such results are not reported, exceptions to the reporting requirements are noted in the Authority's file.

ACA Actions Taken:

The Auditor's 2016 Report states as follows in respect to non-reporting:

Based on auditors' review of the Authority's draft policies and procedures, they will include steps on how to manage any issues or changes related to grant agreements and a checklist that must be filled out for a variety of issues, such as a grantee failing to submit reports or exceptions to reporting requirements, and changes in grant milestones or delays in meeting goals... These policies and procedures will require the checklist to be documented in its grant files.

In respect to the consequences for non-reporting, it should also be noted that grant agreements executed in the context of grants issued pursuant to A.R.S. § 41-1545.02(A)(1) and Arizona Innovation Challenge grants issued pursuant to A.R.S. § 41-1545.02(A)(2) provide, subject to notice and cure, for the suspension of grant payments and for repayment of any amounts paid to the respective grantee. For example, the following is a common provision in a grant agreement in the context of a grant issued pursuant to A.R.S. § 41-1545.02(A)(1):

Notwithstanding the preceding sentence, if Grantee fails to submit a Progress Report or to otherwise comply with the conditions of receiving Grant Payments under this Agreement, including without limitation those set forth in Article 4, within forty-five (45) days after such condition being due, then, subject to the Notice and Cure Period, Grantee shall be required to repay all Grant proceeds received hereunder within ten (10) Business

Days following written notice thereof from the Authority, and the Authority shall be forever relieved of its obligations hereunder.

Before issuing any such notice of default, the ACA may take the following steps in respect to all programs: (i) contacting the grantee and advising the grantee of an upcoming deadline for submission of a required report, (ii) contacting the grantee reminding the grantee of an unsatisfied past reporting deadline and requesting the report within a specified number of days and (iii) elevating the issue to a manager who will contact the grantee explaining the situation and providing the grantee a further specified number of days to respond. After issuing a notice of default that fails to trigger a timely response, the Program Manager will meet with the CEO or the legal counsel to determine precisely the remedy that will be taken by the ACA as a consequence thereof.

Auditor's Recommendation #14: The Authority should strengthen its conflict-of-interest practices by ensuring that all Authority decision makers comply with its policy to review and sign conflict-of interest policy acknowledgment forms annually.

ACA Actions Taken:

In respect to the ACA's annual compliance with conflict-of-interest policies, in July 2016, ACA staff were provided with a copy of the conflict-of-interest policy and all executed new conflict-of-interest acknowledgment forms. Members of the ACA Board of Directors will execute new conflict-of-interest acknowledgment forms in conjunction with the next Board meeting in October. In addition, a procedure has been implemented to ensure that all decision makers are provided with the ACA's conflict-of-interest policy and requested to execute a conflict-of-interest acknowledgement form every year

Auditor's Recommendation #15: The Authority should strengthen its conflict-of-interest practices by requiring judges for the innovation grants to sign and submit its policy acknowledgement form and disclose conflicts as required by its policy.

ACA Actions Taken:

The ACA will maintain its Arizona Innovation Challenge policies regarding conflict-of-interest matters which the Auditor's 2016 Report characterizes as already having implemented the Auditor's recommendation on the issue.

Auditor's Recommendation #16: The Authority should continue with its efforts to adopt rules to administer research tax credits and for the Computer Data Center Program as required by statute.

Senator Shooter, Chairman
Representative Olson, Vice-Chairman
Joint Legislative Budget Committee
August 31, 2016
Page 12

ACA Actions Taken:

In respect to the Computer Data Center Program (the "CDC Program"), the ACA issued an original Notice of Rulemaking on July 13, 2015.⁴ Following the requisite comment period, the ACA issued an original Notice of Adoption on October 2, 2015. In response to significant changes made to the CDC Program by H.B. 2584 (Fifty-second Legislature, Second Regular Session 2016) that are effective August 6, 2016, the ACA issued a subsequent Notice of Rule Making on July 25, 2016. Following the attendant comment period, the ACA will proceed with any necessary revisions and formal adoption of an amended CDC Program Rule that is compliant with H.B. 2584.

In respect to the University Research Tax Credit Program, the ACA in 2015 certified "basic research" payments for a single taxpayer. In anticipation of the 2016 tax year filing season, in the summer of 2016, the ACA adopted preliminary guidance regarding procedures for obtaining such certifications in respect to the 2016 tax year. The preliminary guidance may be found at: <http://www.azcommerce.com/incentives/research-development/university-research-and-development-income-tax-credit>

Auditors Recommendation #17: The Authority should improve its compliance with the State's open meeting law by continuing to ensure its meeting minutes are available within 3 business days and including the required ADA statement related to reasonable accommodation on its meeting notices.

ACA Actions Taken:

In terms of compliance with open meetings laws, the ACA has adopted and will continue to maintain the practice of posting on its website, within 3 business days of any meeting of the ACA Board of Directors (the "ACA Board"), draft minutes of ACA Board meetings.⁵ Further, the ACA has adopted and will continue to maintain the practice of including on meeting notices the American with Disabilities Act ("ADA")-required statement relating to reasonable accommodation. The 2 occurrences referred to the Auditor's 2016 Report in which the ADA statements omitted a contact name and contact number will not transpire again.

⁴ The intent of the 2015 Notice of Rule Making was to replace interim guidance issued in 2013 governing submittal of applications for CDC certification.

⁵ ACA Board meeting minutes are not formally adopted until adoption thereof by Board members at a subsequent ACA Board meeting.

DEPUTY AUDITOR GENERAL

June 30, 2016

The Honorable John Allen, Chair
Joint Legislative Audit Committee

The Honorable Judy Burges, Vice Chair
Joint Legislative Audit Committee

Dear Representative Allen and Senator Burges:

Our Office has recently completed an initial followup of the *Arizona Commerce Authority* (Authority) regarding the implementation status of the 18 audit recommendations (including sub-parts of the recommendations) presented in the performance audit report released in September 2015 (Auditor General Report No. 15-112). As the attached grid indicates:

- 3 have been implemented;
- 14 are in the process of being implemented; and
- 1 is no longer applicable.

Our Office will conduct an 18-month followup with the Authority on the status of those recommendations that have not yet been fully implemented.

Sincerely,

Dale Chapman, Director
Performance Audit Division

DC:ka

Arizona Commerce Authority

Auditor General Report No. 15-112

Initial Follow-Up Report

Recommendation

Status/Additional Explanation

Finding 1: Authority can more clearly present its impact on Arizona's economic development

1.1 To help ensure the Legislature and the public can clearly understand the Authority's economic development efforts and results, the Authority should enhance its reporting in the following three ways:

- a. Ensure that it reports the cumulative progress it makes toward its three 5-year goals. For example, it could consider making its summary report that shows the cumulative progress made more readily available to the public by posting it on its Web site.
- b. Clarify in its annual report and other reports it produces whether the information presented on jobs created, wages, and capital investment represents actual activity or commitments.
- c. Develop a report or add information that it can legally report to its existing reports or Web site that better summarizes Arizona's total economic development investment costs and the benefits that the State received as a result of these expenditures. For example, the Authority's report could show by fiscal year the financial incentives Arizona committed to provide on a company-by-company basis along with each company's announced job creation and capital investment commitments. This report should also compare actual job creation and capital investment outcomes to those announced and update this comparison each year to show progress over time. For information that cannot be disclosed on a company-by-company basis, this comparison could be presented in aggregate by combining the information for all the companies to avoid any confidentiality issues.

Implementation in process

The Authority has included information about its three 5-year goals in two reports. Specifically, the Authority outlined its 5-year goals in a fiscal year 2015 summary report that it posted on its Web site. However, this report only shows the Authority's progress on these goals for 1 year, fiscal year 2015. This report does not show its cumulative progress toward its 5-year goals. In addition, although the Authority included cumulative progress on these goals in its fiscal year 2015 *Annual Report*, it shows the Authority's progress for 3 years, but does not compare this progress to its 5-year goals. According to the Authority, the information presented in its fiscal year 2015 *Annual Report* represents the portion of the 5-year goals it was expected to meet at 3 years. Auditors will determine whether the Authority presents additional information regarding its cumulative progress toward its 5-year goals during the 18-month followup.

Implemented at 6 months

Implementation in process

The Authority included several additional tables in its fiscal year 2015 *Annual Report* that provide more information on Arizona's economic development investment costs and the benefits the State has received. For example, the fiscal year 2015 *Annual Report* includes information on projected and actual jobs, average wages, and capital investment on a company-by-company basis, when allowed. However, the report's tables show only the actual jobs created, average wages of jobs, and capital investment made compared to incentives awarded for 1 year, and do not show progress over time. In addition, the tables showing actual results do not include the projections as well, and thus they do not illustrate how actual results compare to projections. The Authority has published one annual report since the audit was completed in September 2015, and according to the Authority, it intends to include additional information in

Recommendation

Status/Additional Explanation

its next annual report. Auditors will assess whether the Authority includes cumulative progress and comparative information in its *Annual Report* during the 18-month followup.

1.2 To ensure compliance with statutory reporting requirements, the Authority should include in its annual Competes Fund report:

- a. Required information, such as jobs committed and created, for each grant recipient for the innovation and rural grants; and
- b. The median wage of the jobs each Competes Fund grant recipient created.

Implemented at 6 months

No longer applicable

Laws 2016, Ch. 114, amended A.R.S. §41-1545.04 to remove the requirement that the Authority report the median wage of the jobs each Competes Fund grant recipient created.

Finding 2: Competes Fund grant-selection processes generally align with statutes and best practices, but should be formalized and monitoring processes can be improved

2.1 The Authority should enhance its Competes Fund grant-awarding practices by:

- a. Developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grants;
- b. Training staff on these written procedures and ensuring that staff follow them; and
- c. Developing procedures detailing what documentation should be maintained in its files and a final verification process to ensure that all required documentation is in the grant recipient's file.

Implementation in process

The Authority has drafted the comprehensive written policies and procedures for all of its Competes Fund grants. According to the Authority, it is currently using these draft policies and procedures as of June 2016 and reported that they will be completed by the end of fiscal year 2016. Auditors will review the completion and continued implementation of these policies and procedures during the 18-month followup.

Implementation in process

According to the Authority, although it has not provided any formal training, it has been training staff on an ongoing basis about the audit findings and how it should change its processes in response to the recommendations. In addition, the Authority indicated it will conduct more formal summary training once the procedures are completed (see Recommendation 2.1a for more information).

Implementation in process

Based on auditors' review of the Authority's draft policies and procedures, they include information on what documentation should be maintained in the files and a verification process for ensuring files are complete (see Recommendation 2.1a for more information).

Recommendation

Status/Additional Explanation

2.2 The Authority should improve its monitoring of all Competes Fund grants by developing and implementing written policies and procedures for verifying grant-recipient-reported milestones and/or outcomes. These policies and procedures should:

- a. Specify what milestone and/or outcome information grant recipients should report;
- b. Indicate how the Authority should verify submitted information, including the independent sources the Authority should use to verify the reported information;
- c. Identify what information the Authority should document in files; and
- d. Specify that grant payments will not be made until the Authority completes and documents the verification process.

Implementation in process

The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants. Based on auditors' review of the Authority's draft policies and procedures, they will specify the milestone and/or outcome information that grant recipients should report, include a checklist to use for verifying grantee report data and documents, identify what information should be documented in the Authority's files and a checklist to use for verifying that files have complete and accurate information, and indicate that an initial payment will typically be made once all required documents are received and subsequent payments will be based on successful completion of performance milestones.

Implementation in process

See explanation for Recommendation 2.2a.

Implementation in process

See explanation for Recommendation 2.2a.

Implementation in process

See explanation for Recommendation 2.2a.

2.3 The Authority should develop and implement policies and procedures for making changes to grant agreements to help ensure that it consistently addresses changes to the required outcomes specified in the agreements, such as changes in milestones or delays in meeting goals within the required time. These policies and procedures should include:

- a. How it will document the discussions, decisions, and any changes to the grant agreement in the grant files; and

Implementation in process

Based on auditors' review of the Authority's draft policies and procedures, they will include steps on how to manage any issues or changes related to grant agreements and a checklist that must be filled out for a variety of issues, such as a grantee failing to submit reports or exceptions to reporting requirements, and changes in grant milestones or delays in meeting goals (see Recommendation 2.2a for more information). These policies and procedures will require the checklist to be documented in its grant files.

Recommendation**Status/Additional Explanation**

- b. Steps for ensuring that grant recipients report milestone or outcome results or, when such results are not reported, exceptions to the reporting requirements are noted in the Authority's file.

Implementation in process
See explanation for Recommendation 2.3a.

Sunset factor #2: The extent to which the Authority has met its statutory objective and purpose and the efficiency with which it has operated.

- 1. The Authority should strengthen its conflict-of-interest practices by:

- a. Ensuring that all authority decision makers comply with its policy to review and sign conflict-of-interest policy acknowledgment forms annually; and

Implementation in process
Authority staff and board members signed conflict-of-interest acknowledgment forms for fiscal year 2016. Auditors will assess whether these forms are annually updated as required during the 18-month followup.

- b. Requiring judges for the innovation grants to sign and submit its policy acknowledgement form and disclose conflicts as required by its policy.

Implemented at 6 months

Sunset factor #4: The extent to which rules adopted by the Authority are consistent with the legislative mandate.

- 2. The Authority should continue with its efforts to adopt rules to administer research tax credits and for the Computer Data Center Program as required by statute.

Implementation in process
On October 2, 2015, the Authority adopted rules for the Computer Data Center Program and posted them on its Web site. The Authority also revised its application for the Research and Development tax credit program, which provides some temporary guidelines for the program. According to the Authority, it will adopt formal rules for the program in conjunction with the Arizona Department of Revenue. The Authority anticipates adopting the rules in early fiscal year 2017.

Sunset factor #5: The extent to which the Authority has encouraged input from the public before adopting its rules and the extent to which it has informed the public as to its actions and their expected impact on the public.

- 3. The Authority should improve its compliance with the State's open meeting law by continuing to ensure its meeting minutes are available within 3 business days and including the required ADA statement related to reasonable accommodation on its meeting notices.

Implementation in process
The Authority developed new policies and procedures to help ensure compliance with ADA and draft meeting minute requirements. Auditors found that the Authority included the required ADA statement on two of the four agendas auditors tested. However, on two of the agendas auditors tested, although the Authority had the required statement, the Authority did not fill in a contact name or number for an individual to request reasonable accommodations. Auditors will review the implementation status of this recommendation again during the 18-month followup to ensure the Authority consistently demonstrates its compliance with open meeting law.

SUBJECT: Arizona Department of Environmental Quality - Review of Safe Drinking Water
Expenditure Plan

Request

Pursuant to an FY 2017 General Appropriation Act footnote, the Arizona Department of Environmental Quality (ADEQ) has requested Committee review of its expenditure plan for \$1,800,000 from the Emissions Inspection Fund for the Safe Drinking Water Program in FY 2017.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

Analysis

Background

Pursuant to A.R.S. § 49-1243, ADEQ is the state agency with primary responsibility for administration of this state's public water system supervision program under the U.S. Safe Drinking Water Act of 1974 (SDWA). The SDWA sets national safety standards for over 80 contaminants that may be found in drinking water. States set additional standards based on their own laws and rules. ADEQ's Safe Drinking Water Program is designed to prevent, detect, and correct any possible contamination of drinking water systems or sources. ADEQ delegates some drinking water safety responsibilities to Maricopa and Pima Counties, though ADEQ still retains oversight of the programs.

(Continued)

As part of the Safe Drinking Water Program, ADEQ regulates 1,523 public water systems (PWS) with the help of local counties to ensure the quality of tap water meets or exceeds state and SDWA standards. A total of 1,465 of these PWS are small water systems. According to ADEQ, about 26% of PWS in Arizona have some level of non-compliance.

Prior to FY 2009, the Safe Drinking Water Program was funded primarily by appropriations from the General Fund. Between FY 2009 and FY 2010, the General Fund appropriation for the Safe Drinking Water Program was eliminated.

To offset the loss of General Fund monies, ADEQ began relying primarily on federal funding in FY 2009. These federal monies were set-aside dollars and non-program fees transferred from the Water Infrastructure Finance Authority's (WIFA) State Revolving Funds (SRF) to ADEQ. Over the last few fiscal years, WIFA has been experiencing significant losses in its allotment from the federal government. Starting in late FY 2011, WIFA began decreasing distributions of these monies to ADEQ, opting to use more of these monies internally. In FY 2017, ADEQ will receive an estimated \$524,300 in federal grants and \$3.1 million from WIFA.

ADEQ does collect some monies for the Safe Drinking Water Program from charging fees. ADEQ estimates that it will collect \$323,600 in fees in FY 2017 for engineering review of drinking water systems. In addition, Laws 2016, Chapter 192 modified statute to redirect operator certification fees from the General Fund to the Water Quality Fee Fund, which is estimated to generate \$166,700 in revenues for ADEQ in FY 2017. ADEQ does not have statutory authority to charge any other fees.

As a substitute for reductions in Federal Funds, the Safe Drinking Water Program first received a \$1.8 million Emissions Inspection Fund appropriation in the FY 2013 budget. The program did not receive an appropriation in the FY 2014 budget but again received a \$1.8 million Emissions Inspection Fund appropriation in the FY 2015, FY 2016, and FY 2017 budgets. Revenues for the Emissions Inspection Fund are generated by vehicle emissions inspection fees. (See discussion below.)

While vehicle emissions inspection fees are unrelated to Safe Drinking Water, the Arizona State Agency Fee Commission (currently inactive) recommended in 2012 that ADEQ be allowed to use revenues from the Emissions Inspection Fund as general purpose monies.

ADEQ's expenditures for the Safe Drinking Water Program in FY 2016 appear in *Table 1*. ADEQ spent \$1.6 million of its \$1.8 million appropriation. Direct personnel costs made up approximately 64% of total costs and the Indirect Cost Fund allocation made up approximately 29% of total costs.

Position or Function	FY 2016 (Actual)		FY 2017 (Expenditure Plan)	
	FTEs	Cost	FTEs	Cost
Direct Personnel	14.0	\$1,016,500	14.0	\$1,114,400
Indirect Cost Fund Allocation		454,800		498,600
Contracting		60,700		90,600
Travel		18,700		29,500
Other (e.g. software, printing)		29,000		66,900
Total		\$1,579,700		\$1,800,000

(Continued)

Request

ADEQ's expenditure plan for the Safe Drinking Water Program for FY 2017 appears in *Table 1*. In FY 2017, ADEQ is planning to expend \$1.8 million. The allocation is similar in percentage terms to the FY 2016 allocation.

Emissions Inspection Fund

Pursuant to A.R.S. § 49-544, the Director of ADEQ has the authority to specify the fees required to pay for the full cost of the Vehicle Emissions Inspection (VEI) Program.

In recent years, the fees have exceeded program expenses and the resulting balances have been utilized for other programs. Since FY 2014, a total of \$16.8 million of Emissions Inspection Fund monies have been transferred to the Automation Projects Fund to fund ADEQ's departmentwide e-licensing portal. The appropriations from the Emissions Inspection Fund for the Safe Drinking Water Program have totaled \$7.2 million since FY 2013. Additionally, the FY 2017 Environment BRB utilizes \$4.3 million from the Emissions Inspection Fund to help fund the Water Quality Assurance Revolving Fund (WQARF) Program in FY 2017. ADEQ estimates the Emissions Inspection Fund will have a \$9.8 million balance at the end of FY 2017, down from \$20.0 million in FY 2015, as shown in *Table 2*. VEI fees will be insufficient to continue subsidizing non-VEI programs after FY 2018.

Emissions Inspection Fund				
	FY 2014	FY 2015	FY 2016	FY 2017
	(Actuals)	(Actuals)	(Actuals)	(Estimate)
Balance Forward	\$12,000,800	\$20,016,500	\$17,318,000	\$16,262,000
Inspections	25,550,400	24,890,000	24,206,500	27,220,500
Automated Projects Fund	5,000,000	6,800,000	5,000,000	0
SDWP	0	1,367,700	1,579,700	1,800,000
WQARF	0	0	0	4,250,000
AFIS Adjustments	191,200	0	0	0
Total Expenditures	\$30,741,600	\$33,057,700	\$30,786,200	\$33,270,500
Total Revenue	\$38,757,400	\$30,359,300	\$29,730,200	\$26,764,000
Total Balance	\$20,016,500	\$17,318,000	\$16,262,000	\$9,755,500

The FY 2013 Environment Budget Reconciliation Bill (Laws 2012, Chapter 303) required the State Agency Fee Commission to recommend reductions to vehicle emissions inspection fees by December 31, 2012. The Fee Commission recommended that the current fee structure remain unchanged and that the Legislature set a statutory cap of 140% of Emissions Inspection contract costs. A statutory fee cap was not implemented. Statute does not currently specify a fee level, as fee levels continue to be determined by the Director of ADEQ.

In response to the report, however, ADEQ decreased the primary vehicle emissions inspection fee in Maricopa County on July 1, 2014 from \$27.75 to \$20.00. Despite this fee reduction, vehicle emissions inspection fees continued to generate a structural surplus.

(Continued)

The FY 2017 Environment BRB further reduces emissions inspection fees by \$3.00 in Area A, which refers to the Phoenix Metropolitan Area and includes Maricopa County as well as portions of Pinal and Yavapai Counties. This does not affect Area B, which refers to the Tucson Metropolitan Area. Area A's onboard diagnostic test fee is reduced from \$20.00 to \$17.00, its steady state and idle test fee is reduced from \$19.00 to \$16.00, and its heavy-duty diesel test fee is reduced from \$28.00 to \$25.00. These changes are estimated to reduce fees on over 1.2 million tests conducted annually and reduce Emissions Inspection Fund revenues by approximately \$3.7 million annually. *Table 2* shows the estimated revenues after fee reductions.

Re: Safe Drinking Water Program line item expenditure plan for review

Dear Senator Shooter,

In accordance with Laws 2016, 52nd Legislature, 2nd Regular Session, Chapter 117 (HB2695), Section 39, line 28 *"Before the expenditure of any monies from the safe drinking water program line item, the department on environmental quality shall submit an expenditure plan for review by the joint legislative budget committee,"* The Arizona Department of Environmental Quality is submitting the safe drinking water program expenditure plan for review. Monies to support the expenditure plan have already been appropriated by Vehicle Emission Inspection.

The attached document contains the Drinking Water Program Budget/Expenditure Plan. We will be happy to meet with your staff to provide explanation as appropriate. If you need further information, please contact Trevor Baggione, Director, ADEQ Water Quality Division, at 602-771-2303.

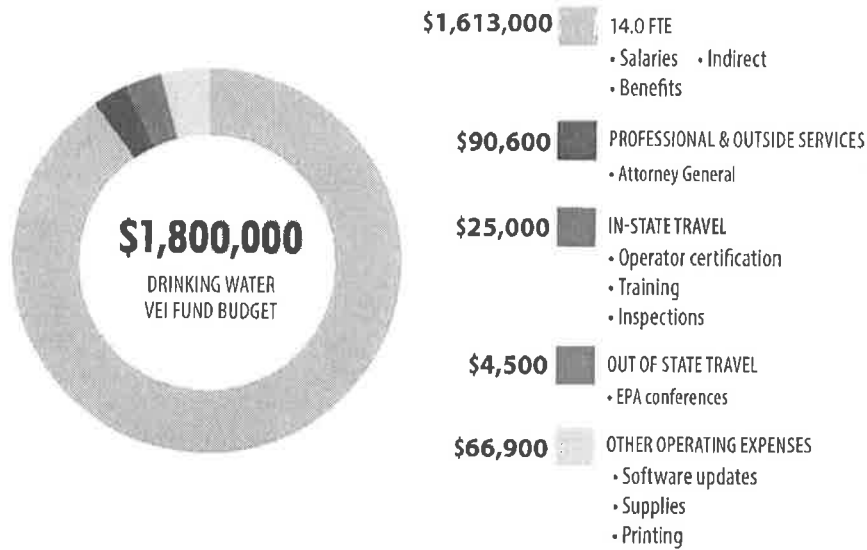

Sincerely,

Misael Cabrera, PE
Director

DRINKING WATER PROGRAM BUDGET FUNDED BY VEHICLE EMISSION INSPECTION (VEI)

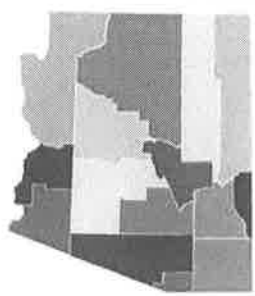

- PROGRAM SCOPE**
- Regulate 1,523 public water systems (PWS)—1,465 are small systems.
 - Ensure PWS are designed and constructed correctly.
 - Train and certify 2,700 municipal and private system personnel to operate PWS properly.
 - Continually educate and advise regulated community to help keep them in compliance
 - Provide water quality information to the public.
 - Provide guidance on source water protection and technical assistance to schools and PWS.
 - Receive and review 85,000 water quality test results each year from PWS.
 - Conduct an average of 235 water system inspections per year and assist in returning systems to compliance as rapidly as possible.

WHY IT MATTERS

- About 26% of PWS in Arizona have some level of non-compliance.
- Majority of compliance issues are small water systems, which require focused attention to achieve compliance.
- Without stable funding, Arizona runs the risk of EPA taking over compliance activities.
- Historically funded by the General Fund, the Drinking Water Program is the only ADEQ program not transitioned to the fee for service model.

COMPARISONS BY COUNTY

"Studies indicate that drinking water contaminants are linked to millions of instances of illness within the United States each year."
Charles Duhigg, New York Times, December 7, 2009

APACHE COUNTY • PWS: 47 • Population: 20,000 Non-Compliance: 27.6%	GRAHAM COUNTY • PWS: 15 • Population: 26,000 Non-Compliance: 33.3%	MOHAVE COUNTY • PWS: 109 • Population: 232,000 Non-Compliance: 32.1%	SANTA CRUZ COUNTY • PWS: 39 • Population: 51,000 Non-Compliance: 23.1%
COCONINO COUNTY • PWS: 103 • Population: 163,000 Non-Compliance: 26.2%	GREENLEE COUNTY • PWS: 12 • Population: 8,000 Non-Compliance: 50.0%	NAVAJO COUNTY • PWS: 62 • Population: 89,000 Non-Compliance: 33.9%	YAVAPAI COUNTY • PWS: 245 • Population: 204,000 Non-Compliance: 24.1%

Dr. Philip Landrigan, Dean of Global Health at Mount Sinai School of Medicine, was discussing the health effects from drinking the lead contaminated water for the children of Flint and stated "There's real danger that the injury is going to be permanent and lifelong in them. These children are going to be injured for life. They're going to need remedial education, they're going to need educational enrichment programs. They're kids who are going to be prevented from functioning at their full level."
There are no known drugs to effectively reverse the developmental damage caused by lead.

SUBJECT: Arizona Department of Administration - Review of ASET E-Procurement Project
Automation Projects Fund)

Request

Pursuant to A.R.S. § 41-714, the Arizona Department of Administration (ADOA) has requested that the Committee review \$300,000 in proposed FY 2017 expenditures from the Automation Projects Fund (APF) for the replacement of the state's e-procurement system.

ADOA has not yet selected a vendor for the project but plans to seek approval from the Information Technology Authorization Committee (ITAC) by the end of calendar year 2016.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the \$300,000 allocation.
2. An unfavorable review of the \$300,000 allocation.

Under either option, the Committee may consider the following provision:

- A. Committee review does not commit the Legislature to any additional funding above the currently allocated \$15.1 million to replace the e-procurement system.

(Continued)

Analysis

Background

The state's e-procurement system, ProcureAZ, was implemented in 2010. The system serves as an online, publicly available, official procurement record and allows state agencies to manage solicitations, requisitions, and purchase orders, and notify registered vendors of available solicitations.

ADOA reports that the current system lacks the ability to integrate with the state's accounting system, the Arizona Financial Information System (AFIS), to record purchase order and invoice transactions. In addition, the current system lacks data analytic capabilities to track data such as contract utilization of cross-agency contracts.

ADOA was appropriated \$12.0 million from the APF in FY 2017 to replace the state's e-procurement system. This amount consists of \$3.0 million transferred from the General Fund and \$9.0 million transferred from other appropriated and non-appropriated funds. In addition, the budget requires ADOA to use \$3.1 million from the AFIS replacement monies for the replacement of the e-procurement system. The total amount available for the project is approximately \$15.1 million.

Current Request

ADOA is currently requesting a review of \$300,000 from the FY 2017 appropriation. ADOA issued a Request for Proposals (RFP) in June 2016 but has since cancelled the solicitation because the responses were not sufficient to address the scope of work. ADOA is currently in the process of revising the RFP. ADOA will then finalize the Project Investment Justification (PIJ) and request approval from ITAC.

ADOA reports that allocating \$300,000 of the project funds will allow ADOA to move forward with initial expenses including project management, developing the business and technology integration requirements, and the third-party oversight. These expenses do not require a completed PIJ. ADOA will request JLBC review of the remaining funds at the next scheduled Committee meeting (typically December).

Third-Party Review

Pursuant to A.R.S. § 41-3504, any large-scale Information Technology (IT) projects with a total cost greater than \$5.0 million must receive relevant third-party analysis from an independent contracted vendor before receiving approval from ITAC. The third-party consultant is required to review and provide guidance on the technology approach, scope, estimated cost, timeline for completion and overall feasibility of the project. ADOA reports that for this e-procurement project, it plans to retain the same consultant as the AFIS replacement project. The consultant has extensive knowledge of the AFIS project including the procurement interface and assisted with the development of the e-procurement RFP.

Analyst Request

Subject: ADOA State Procurement Office Interim Spend Request

As requested from the meeting with ASET, the preliminary ask estimates for the initial expenses in support of the Electronic Procurement Replacement project are as follows:

1. Third Party Assessment expense for the review and analysis of the project viability, estimate is \$85,000.00;
2. Time and labor of a Business Analyst to develop and produce the business requirements document, identify and analyze current and future process workflow throughout the project life cycle. Initial request is \$50,000.00; and
3. Time and labor of a Project Manager, to perform project management duties, regarding scope, schedule, and budget oversight, including timely participation and advisory services regarding ASET process and procedures throughout the project life cycle. Initial request is \$50,000.00.
4. Time and labor of current AFIS Contractor regarding potential integration changes to realign the internal process flow between the two dependent systems, ProcureAZ and AFIS. One-time expense, with an initial request of \$125,000.00
