

Arizona Attorney General's Office of Victim Services
FY 2022 Victims' Rights Program

FY 2022 VRP ANNUAL REPORT INSTRUCTIONS

The FY 2022 Annual Report is due on or before August 12, 2022 in the Grants Management (GMAN) System (www.gman.azag.gov)
For contract period July 1, 2021 through June 30, 2022

SECTION I: AGENCY IDENTIFYING INFORMATION

The GMAN system will pre-populate the agency name, address, and contract number. Manually enter the primary contact person's identifying information, including their name, title, phone number, and email address. Manually enter the name of the person preparing the report along with the person's title, phone number and email address.

SECTION II: SUMMARY OF VRP EXPENDITURES

A. VRP BUDGET:

Your AG approved budget as indicated on your FY 2022 Funding Agreement will pre-populate in column (b) by cost category. *(If a budget modification had been approved during the year, the system will update this column).* **Interest earned:** if interest was earned on these funds throughout the year, enter the amount of interest earned in column (b). If you had carry-over funds from the prior fiscal year (must total less than \$100), that amount will pre-populate in the carry-over category, located in column (b).

VRP EXPENDITURES:

Enter actual VRP expenditures in the boxes provided in column (c), according to cost category. **For VRP interest**, enter the amount of interest earned in column (b) and include the interest in the appropriate cost category the interest was spent in column (c). For prior fiscal year carry-over, the amount of carry-over will be pre-populated in column (b) (must be less than \$100). Include the carry-over amount in the appropriate cost category where it was spent in column (c). *Check your calculations!* Ensure that the amount entered in column (b) "VRP TOTAL" is the sum of the amounts entered in the column (b) expenditure boxes for each cost category.

Ensure that only VRP expenditures are reported in the (c) column. If applicable, include the expended interest earned in the appropriate cost category in the (c) column. FY 2022 VRP monies should have been fully expended by June 30, 2021; any monies, including interest earned, that were not expended by this date must be returned to the Attorney General's Office *[Note specific directions on returning funds in Section II. B of this document.]*

B. PORTION OF AWARD TO REVERT:

The system will subtract the total VRP expenses [sum of column (c)] from the total VRP fund award [sum of column (b)] and the difference will populate in the space provided. Submit the reversion, if applicable, to the Attorney General's Office of Victim Services per the instructions

on Page 18. In compliance with the VRP Guidelines, monies remaining less than \$100.00 should not be returned but shall be carried forward and accounted for in the next fiscal year.

- C. Indicate the date the warrant will be mailed to the Attorney General's Office of Victim Services. State the reason(s) why funds are being reverted in the textbox provided.

SECTION III: DETAIL OF VRP EXPENDITURES

A. PERSONNEL & ERE EXPENDITURE TABLE:

For each employee completely or partially funded with VRP monies during the award period, report the employee name in column (a), position title in column (b), hourly rate in column (c), total VRP monies expended for salary in column (d) and ERE in column (e). If this does not apply to your agency, check the *Not Applicable* box.

- B. This table should include all VRP-funded personnel shown in section A of the form and also may include non-VRP funded personnel, if they spend more than 10% of their time performing mandated duties.

C. CONSULTING EXPENDITURE TABLE:

In column (a), indicate the product(s) or professional service(s) procured during the award period; in column (b) indicate the hourly rate for the consulting service(s) provided, if applicable; and in column (c), report the total VRP monies expended. Ensure that the amount entered in the TOTAL box correctly reflects the sum of the amounts entered by line-item. Then, ensure that the amount reported in the TOTAL box matches the corresponding total Consulting figure reported on page 1 of this report. If this does not apply to your agency, check the *Not Applicable* box.

D. EQUIPMENT EXPENDITURE TABLE:

For each item of equipment purchased with VRP monies during the award period, briefly describe the item in column (a), indicate the quantity purchased in column (b), indicate the cost per item in column (c), and report the total VRP expense in column (d). *Non-expendable, tangible property items with a per-unit cost of \$500 or greater are considered equipment for the purposes of this report.* If this does not apply to your agency, check the *Not Applicable* box.

E. OPERATING EXPENDITURE TABLE:

For each type of operating expense incurred by your agency, report the total VRP monies expended in column (b). *Items with a per-unit cost of less than \$500 are considered operating for the purposes of this report.* If this does not apply to your agency, check the *Not Applicable* box.

SECTION IV: SUMMARY OF NON-VRP EXPENDITURES

NON-VRP EXPENDITURES:

Non-VRP expenditures are monies spent on *statutorily mandated* victims' rights services that were paid by sources other than the VRP (i.e.: general fund, ACJC, etc). Indicate the source(s) of all non-VRP monies expended in FY 2020, to pay for statutorily mandated victim services. **DO NOT REPORT YOUR AGENCY'S ENTIRE VICTIM SERVICES BUDGET UNLESS YOUR AGENCY ONLY PROVIDES MANDATED SERVICES TO VICTIMS.** (Examples of non-mandated services include court escorts and crisis intervention services.)

Provide the actual amounts of total non-VRP sources expended on mandated services, by cost-category.

Example: *Your agency employs a Victim Assistance Coordinator whose duties encompass mandated victims' rights services only (such as notifying victims of inmate release or scheduled court dates). VRP funding covers 50% of this employee's salary and ERE. Non-VRP salary and ERE, for reporting purposes, cover the remaining 50% of the Coordinator's salary.*

Example: *Operating costs that relate to providing victims' rights notification (such as for postage and letterhead), should be reported when those costs are not covered by VRP funds (i.e., VRP funding covers Personnel costs only and does not cover any operating. Therefore, since providing mandated duties requires some operating expense, all operating expenses relating to mandated notification should be reported in Non-VRP.) Do not report operating costs to provide non-mandated services such as domestic violence brochures or transporting victims to court.*

Ensure that the amount entered in the TOTAL box correctly reflects the sum of the amounts entered in the individual expenditure boxes for each cost category.

SECTION V: FINANCIAL REVIEW

- A. Provide the name, title, department and phone number of the person responsible for overseeing and maintaining VRP financial records.
- B. Briefly describe your agency's financial/accounting management and record keeping system. *This should describe how you ensure VRP monies are not spent on non-allowable costs.*
- C. Self-explanatory
- D. *Attach your agency's financial report which shows expenditure detail and identifies the VRP account number as a separate account.*
- E. Self-explanatory. *Please note: the answer to this question is important for supporting the need for the VRP to the State Legislature.*

SECTION VI: VICTIMS' RIGHTS SERVICES

While Section VI includes pages 5-16 of the report, each page is different according to *entity type*. VRP recipients are to complete, in entirety, only the particular page that is applicable to their agency/court (law enforcement, city prosecutor, county attorney, courts or corrections/Board of Executive Clemency).

Complete the service table by following the instructions below. The method for counting and reporting services is set forth very specifically in the instructions that follow. ***Your agency must report services according to these instructions for proper evaluation to occur.***

Instructions for Counting Services

The Brief Title of the referenced statute is provided to assist with reporting the number of services.

There are two ways an agency or court can capture the number of services being provided to victims in a fiscal year: each instance in which a victim was provided a notification letter that includes ALL the associated rights with a particular statute **OR** each instance in which a victim was given notice of one (1) service.

In general, what counts as one (1) service is each task that an agency or court is mandated by law to perform. For example, some of the tasks (*services*) that agencies are mandated to provide include: giving notice to a legal entity victim of the right to be present and heard at a restitution or sentencing proceeding (one prosecutorial service); informing a victim of an arrest (one law enforcement service); notifying a victim of a probation revocation proceeding (one court service).

However, form letters can include multiple services so if you will be counting services by the total number of mailings (notification letters) sent by your agency, it is extremely important *to ensure* your notification letter includes ALL the rights associated with a particular statute. See *Services Allowable by Statute* in the pages that follow for a more detailed discussion of services and how to count them.

Example: *Prosecutorial agencies are mandated under A.R.S. § 13-4408(A) to do six things: 1) inform victims of their rights; 2) list the charges against the defendant; 3) describe the steps involved in a criminal prosecution; 4) explain how to invoke their right to confer with the prosecution; 5) provide contact name and number for more information and, 6) the victim's right to request a preconviction restitution lien pursuant to section 13-806. A prosecutor that complied with this mandate by way of one letter that in fact did all six things, should enter the total number of A.R.S. § 13-4408 mailings in FY 2022 and the system will multiple by six (6) to arrive at the number of services applicable for reporting for that statute section. **NOTE: if this notice also includes information re: victims' right to leave work under A.R.S. § 13-4439, each letter also provides (and therefore counts as) one service under that statute.***

SECTION VII: PERFORMANCE REVIEW

- A. Insert total number of *services* (per above instructions). For FY 2022 numbers, the system will pre-populate the number reported in your FY 2021 Annual Report.
- B. Insert total number of victims served by your agency. Please do not duplicate victims (if your agency provided services to Victim A in January and again in March, Victim A is counted as 1 victim).
Example: A sheriff's office that arrests a suspect and provides all A.R.S. §13-4405 services and two months later, notifies the victim of the suspect's release from jail, will count that victim one time.
- PROSECUTOR'S OFFICES: should include legal entities, declinations, new victims as well as existing victims in this count.*
- CUSTODIAL AGENCIES (Sheriff's & Jail): should include victims served by your jail that were booked by outside agencies. The number of victims served is determined by the counting the number of R/W forms your officers distribute and the number of R/W forms your agency receives from outside agencies.*
- C. Self-explanatory
- D. Please attach a copy of your agency's tally sheet or database report that shows how your agency counts services provided and number of victims served.
- E. It is statutorily required by A.R.S §41-191.08(F) that each VRP funded agency report on the level of victim satisfaction with services. If you provide an assessment of High, Average or Low, provide data on which this is based including, for example, number of victims surveyed, number of victims who responded, average results, copy of survey or survey protocol, etc.
- F. Self-explanatory

SECTION VIII: CERTIFICATION

Print this page and upload a signed copy to the "Additional Documents" section located on the forms menu of the Annual Report. The official agency head or presiding judge must sign and date this section as indicated. Additionally, the official agency head or presiding judge's name must be printed or typed and her/his title indicated.

ANNUAL REPORT SUBMISSION

REVIEW THE FOLLOWING CHECKLIST PRIOR TO SUBMITTING YOUR ANNUAL REPORT in GMAN:

- _____ Ensure that all pages of the report are completed accurately, per the instructions.
- _____ Ensure that your submission includes all required attachments (finance report, service/victim count, and survey).
- _____ If you are reverting monies, ensure that a reversion warrant is made payable to *Office of the Attorney General*. Be sure that the check and/or envelope indicates your agency's name. Note: monies remaining less than \$100.00 do not need to be reverted and shall be carried forward and accounted for in next fiscal year's cycle.
- _____ Ensure that the certification section has been signed by your agency head or presiding judge and uploaded to the "Additional Documents" section located on the Forms Menu of the Annual Report.
- _____ Submit the completed report by changing the status to "Annual Report Complete" on or before August 12, 2022.

Mail reversion checks to the following address:
