PROGRAMS

Online Safety

This presentation covers general topics related to online safety, including social media accounts students are using and helpful information for parents. We cover sexting, cyber-predators, cyber-bullying, popular apps and social media platforms.

Human Trafficking

This presentation discusses the crime of human trafficking, how traffickers find their victims, and steps teens can take to protect themselves. We also provide real-life examples of human trafficking in Arizona and explain what you should do if you suspect someone may be a victim of human trafficking.

E-Cigarette Awareness

This topic focuses on educating parents about the common myths and perceptions students have surrounding vaping and the use of e-cigarettes. Coordinators will provide information on the evolution of e-cigarettes and the dangers associated with the devices and the chemicals people are inhaling when using them.

Opioid Awareness & Prevention

This presentation focuses on the opioid epidemic plaguing Arizona. We will discuss numerous topics relating to how opioids can negatively affect students with a heavy focus on prevalence, prevention, and support.
