#### The Pledge

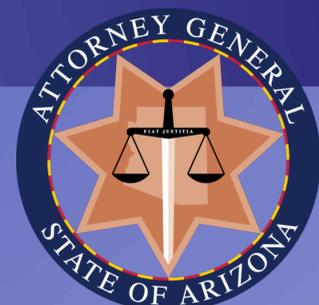

The "I Will" mission is to prevent elder abuse and exploitation. The "I Will" goal starts with challenging business, civic, community, and governmental agency leadership to take "The Pledge" and make elder abuse prevention a personal commitment. That commitment is made real with:

- a promise of trust,
- an assurance to educate others about elder abuse, and
- an assertion to know when and how to report suspected elder abuse.

The Taskforce Against Senior Abuse –TASA– and the Arizona Attorney General's office is working hard to prevent elder abuse, raise awareness of this important issue, and prosecute offenders.
